Chapter 1

THE UNIVERSITY

STATEMENT OF PURPOSE

The mission of Wingate University is to develop educated, ethical, and productive citizens at home and abroad. Following its Judeo-Christian heritage, the University seeks to cultivate the following in its students: Knowledge, Faith, and Service.

GOALS

To promote knowledge, the University seeks to:

- Provide programs of undergraduate, graduate, and professional study
- Provide a faculty committed to teaching and learning
- Require a core curriculum designed to develop:
 - aesthetic, cultural, and literary appreciation
 - analytical and problem-solving abilities
 - critical thinking
 - effective communication
 - integrated perspectives on civilization, the individual, and the social group
 - physical wellness
- Offer majors appropriate to the University's student population and resources that further develop students' knowledge and skills in focused areas
- Create opportunities for international study and travel
- Provide opportunities to explore and develop academic, career, and personal goals
- Encourage participation in co-curricular and extra-curricular educational, cultural, and recreational opportunities

To nurture faith, the University seeks to:

- Sustain a community where the bases of faith are explored and where there is a search for truth and meaning
- Articulate the ideal of integrity in all relationships
- Encourage ethical application of knowledge informed by Judeo-Christian principles
- Create and support opportunities for worship and faith development
- Attract scholars for whom Judeo-Christian values and practice are important aspects of living

To encourage service, the University seeks to:

- Emphasize the importance of service to God and humanity
- Facilitate opportunities to volunteer time, knowledge, and labor beyond the campus community
- Sponsor organizations that coordinate service opportunities and foster leadership and teamwork

HISTORY

A century of experience in education has prepared Wingate to fulfill its purpose. The history of the University exhibits commitment, determination, sacrifice, growth, and success.

Wingate was established in 1896 by the Baptist Associations of Union County in North Carolina and Chesterfield County in South Carolina. Public schools were unavailable in the rural areas of the Carolina Piedmont; therefore, in its earliest days, Wingate offered a complete literacy education from first grade through high school. The school was built on a 10-acre tract boasting fine oak trees, an all-weather spring, close proximity to the Meadow Branch Baptist Church, and access to the Seaboard Air Line Railway. The trustees named the new school for a successful president of Wake Forest University, Washington Manley Wingate, and chose an outstanding graduate of that institution and Union County native for its first principal, Marcus B. Dry. For 12 years Professor Dry directed the school, and with the assistance of Miss Polly Crowder in music, taught most of the curriculum. One hundred seventy-five students attended the first year and enrollment peaked at 292 in 1904.

As the state expanded its public schools, Wingate gradually moved toward boarding students and concentrated in the upper years of high school. It purchased additional land, built teaching and boarding facilities, and established a sound academic reputation. The 1916 report to the Association by B.C. Ashcraft praised the Wingate faculty of seven college trained men and women who knew that "when you start a young man or a young woman on the right road, when you set a light aglow in a young mind, when you touch in the right way a young life, [those] influences are not to be measured by years—they are eternal."

As the private prep school era waned and public school became increasingly available, Wingate, in 1923, expanded its educational vision, offering the first two years of baccalaureate education. In the same year, Wingate became one of several institutions supported by the Baptist State Convention of North Carolina. These years were marked by enrollment and financial strain as the College established its new character. The national crisis of the economic crash and depression drove Wingate to the edge of extinction: the Convention withdrew its support in 1930, eager students had no money for tuition, faculty salaries frequently remained unpaid, and the administration building burned to the ground in 1932.

But President Coy Muckle and a few determined teachers opened the spring session in the rooms of Wingate Baptist Church, adjacent to the campus. Within a few years a new central building arose on the ashes of the old, this time in brick, attesting the determination of Trustees and local Baptists to keep the school alive. Today that central building, memorializing President C.C. Burris, who guided the institution from 1937 to 1953, houses the liberal arts instruction of the University.

After World War II, a sequence of events solidified Wingate. Returning veterans stabilized the enrollment, North Carolina Baptists resumed their financial support of the College in 1949, and the Southern Association of Colleges and Schools granted membership and accreditation to Wingate in 1952. Dr. Burris then returned to his beloved classroom to enrich the lives of countless students through his deep understanding of English literature and William Shakespeare. Budd and Ethel Smith assumed leadership of the youthful college, immediately attacking its twin points of vulnerability: enrollment and financial support. New recruitment strategies were implemented that aimed to increase the student body from its tenuous level of about 400. In 1955, Dr. Smith interested Mr. Charles A. Cannon of Kannapolis in the school. Mr. Cannon saw Wingate as a place where the children of textile workers and others in the middle class might receive opportunities in higher education. He began to invest in the renewal of the physical plant and the expansion of the curriculum, providing first-class facilities for the growing student body which reached 1,500 in the late 1960s. Dr. Smith, a botanist by discipline, personally directed the planting of flowers and trees which complemented the stately oaks on the central campus. Through the labor of the Smiths and the generosity of Mr. Cannon and others, Wingate weathered the storms of its youth and turned to the future with new confidence.

Although Wingate was recognized in the mid-1970s as an outstanding private two-year college, the education market in North Carolina was changing substantially. The baccalaureate degree had become an attainable and necessary goal for upwardly mobile young people. Wingate needed to recruit 800 or more first-year students each year to maintain its enrollment, while it lost its juniors to senior colleges and universities. In 1977, under the leadership of Dr. Thomas E. Corts, Wingate added upper-level college courses and majors and granted its first baccalaureate degrees in 1979. Other majors and graduate degrees in education and in business were added during the 1980s, establishing Wingate's commitment to a quality educational experience for new generations of students. Also under Dr. Corts, the College launched WInternational, a program of international study and travel for sophomores. The College included much of the cost of this experience in the total tuition whereby all students could spend 10 days in London, Paris, or Amsterdam (or a comparable location) during the Christmas holidays. WInternational signaled the institution's commitment to education for a future global society and the Christian affirmation of the brotherhood of all humankind.

During its Centennial in 1995, the Board of Trustees voted to formally acknowledge Wingate's growth by changing its status to University. Under the direction of the board and thirteenth president Dr. Jerry E. McGee, Wingate University was well positioned to seek new opportunities in graduate education programs. The School of Pharmacy opened its doors on the main campus in 2003 to offer the Pharm.D., the University's first doctorate-level program. This first step into health care education provided the initial momentum that would serve as a catalyst for future programs in health care. After investigating many possibilities, the University Trustees elected to offer a Master of Physician Assistant (PA) Studies program in 2008 on the main campus. Like pharmacy, the PA program achieved full enrollment in its first year and maintained a healthy waiting list of applicants.

While programs on the main campus continued to thrive with a new Master of Accounting program and new School of Sport Sciences established, the Matthews Campus also saw extensive growth. The University recognized success there by creating a School of Graduate and Continuing Education offering new programs in educational leadership at the master's level. In fall 2008, the University introduced its second doctoral program—the Doctor of Education in Educational Leadership.

In April 2009, the University's Board of Trustees voted to establish the Levine College of Health Sciences on the main campus to house the School of Pharmacy and the Department of PA Studies as well as to make room for other needed programs in the health sciences. The Levine College of Health Sciences, opened in 2011, is the second LEED-certified (Leader in Energy and Environmental Design) building in Union County. In August 2011, Wingate University further expanded its programs when it opened a campus in downtown Hendersonville, N.C. The 11,000 square-foot building enabled the University to extend its reach to serve the state's western region with its pharmacy, MBA and physician assistant programs (opening in 2012).

ADMINISTRATION BUILDINGS

Dickson-Palmer Student Center, dedicated in April of 1977, is home to the administrative offices of Student Life (Dean of Students, Student Ministries, Residence Life, Campus Recreation, Counseling, Student Success, Greek Life, Activities, Service, Orientation, Multicultural Affairs, First Year Engagement, and Student Government). There are meeting rooms, Campus Post Office, WUflix video checkout, and the fitness center. Student clubs and organizations are encouraged to reserve meeting space well in advance.

The building honors the late Clyde C. Dickson of Charlotte and the late Fannie Drye Palmer of Albemarle.

R.W. Goodman Campus Service Center, built in 1986, serves as a multi-functional headquarters for maintenance, buildings and grounds services, as well as custodial services. It is also the University's primary stockroom. It was built in honor of R.W. Goodman, longtime Richmond County Sheriff and friend of the University.

Holbrook Building, named in honor of the late Roy L. Holbrook, dedicated friend and former University trustee, was completed in the fall of 1965. Formerly the administration building, it currently houses the Office of Resource Development and the Office of Marketing and Communications. The lobby is named after John Cox.

Stegall Administration Building, completed in 1991, is named in honor of the late Roy and Vera Stegall, friends of the University for many years. Designed as the centerpiece of a growing campus, the Stegall Administration Building is located between the Charles A. Cannon Complex and the Dickson-Palmer Student Center. It is surrounded by a landscaped plaza and a small lake. The building is the administrative center of the University, with the offices of the President, Academic Affairs, Admissions, Business Affairs, Computer Center, Financial Planning, and Registrar all under one roof.

AUDITORIUMS AND THEATRES

Austin Memorial Chapel Auditorium, completed in 1960, seats 1,100, and serves as a cultural center for both the University and the surrounding community. The building is named for the late Mr. and Mrs. John M. Austin of Wadesboro. The auditorium was remodeled in 1980 to accommodate a custom-built, 30-stop Holtkamp organ given by the late Thelma Rivers, an alumna of the Wingate School, in honor of the Rivers family: Miss Alma Rivers, L.D. Rivers, and Theodore Rivers.

Hannah Covington McGee Theatre, completed in 1999, is named in honor of President Jerry E. McGee's late wife, a life-long patron of the arts. The 554-seat auditorium, located within the George A. Batte, Jr. Fine Arts Center, provides a venue for University theatrical and musical productions, lectures, and many other University and community-wide events.

M.B. Dry Memorial Chapel, adjoining the lobby of Austin Auditorium, was presented to the University in 1964 by students of the late Professor Dry, first administrator of the school. The chapel was completely renovated in 1992 through the generous support of Mr. and Mrs. Jack C. Lail and other friends of the University.

The **Plyler-Griffin Recital Hall** within the George A. Batte, Jr. Fine Arts Center seats 176. It is equipped with state-of-the-art audiovisual equipment for student and faculty presentations. It is named for Mr. and Mrs. Aaron Plyer, former North Carolina senator, and Mr. and Mrs. Bruce Griffin of Monroe.

COMPUTING FACILITIES AND SMART CLASSROOMS

Computing Facilities

Wingate University maintains several computer labs for student use. Each computer is networked so that students can access the Internet and e-mail. Two computer labs are located in Herbert Bridges Hall. The classroom lab contains 27 computers which have Microsoft Office 2010, SPSS, and course specific software installed. The second lab is a 20-seat lab available for self and group study. The Ethel K. Smith Library contains two labs. The lab located on the first floor is an open lab with 12 computers. A variety of software including Microsoft Office 2010, Maple, Adobe Acrobat and Photoshop, an OCR program as well as a flatbed scanner are available for student use. The Writing Center is located on the second floor next to the Academic Resource Center and has 20 computers available for student use. Here students will receive assistance with a variety of writing related assignments from faculty-recommended student writing assistants.

Ames Turnout and Burris lounge are equipped with computers that students can drop in and use for Internet browsing and e-mail. Two specialized labs, both located in Burnside-Dalton Fine Arts Center, serve students enrolled in art or modern language programs. The graphic arts computer lab contains 10 computers with graphic tablets, a flatbed scanner, and a high-speed color laser printer. Software includes Adobe Creative Suite 5 and Microsoft Office. The modern language lab is equipped with 15 computers for student use, as well as headsets, a laser printer, and a scanner.

Wingate University currently provides wireless Internet access in all academic and administrative buildings, as well as all residential areas.

Smart Classrooms

Wingate University has 56 smart classrooms available for faculty use. Smart classrooms are equipped with the latest in teaching technology. Each room is equipped with a ceiling-mounted projector, networked computer with DVD, document cameras, a VCR/DVD, wireless mouse and keyboard, sound system, and laptop connectivity

CLASSROOM BUILDINGS

Alumni Hall, constructed in 1946, houses the Office of International Studies, the Office of Internships and Career Services, and Success Coaching Offices. The building is located in the Academic Quadrangle. It also houses two floors of residential students.

Budd E. Smith Science Center, named in honor of the University's 10th president and completed in 1962, provides classrooms and laboratories for life and physical sciences. Plant and animal laboratories were added to the science complex in 1982. An animal lab section is named in memory of Bernice Brewer Russell, a 1927 alumna of the Wingate School. The lab section was a gift of her husband, the late Foil O. Russell.

Burnside-Dalton Fine Arts Center, named in honor of the late Harry L. Dalton and the late J.E. Burnside, both of Charlotte, was completed in 1968. It includes the computer graphics, photography, and ceramics studios, as well as other art classrooms and studios. The building also houses foreign language classrooms and laboratories.

Burris Building, erected in 1933, contains 23 classrooms and 20 faculty offices. The building honors the late C.C. Burris, former professor, dean, and president of Wingate University. The English, History, Psychology, Religion, and Sociology departments are located in this building.

Charles A. Cannon Hall, erected in 1969-70, contains approximately 30,000 square feet of classroom space dedicated to the Porter B. Byrum School of Business and the Department of Communication. The building honors the University's most generous benefactor, the late Charles Albert Cannon.

George A. Batte Jr., Fine Arts Center, a 44,000 square-foot facility, provides classroom and rehearsal space for the University's music department, as well as providing a venue to showcase the talents of visiting musicians, actors, singers, and artists. The center features the 176-seat Griffin-Plyler Recital Hall, the 554-seat Hannah Covington McGee Theatre, gallery space for displaying the work of students, faculty, and regional artists, rehearsal halls, and studio offices.

Hayes Building, named after Miriam Cannon Hayes and completed in fall 2006, is a three-story classroom building that includes wireless or "smart" classrooms and houses the offices of the School of Education.

Herbert Bridges Hall, completed in 1963, honors a former leader of the Wingate University Board of Trustees. The building provides classrooms, offices, and lab space for the Department of Biology.

Levine College of Health Sciences, completed in 2011, houses the School of Pharmacy and the Department of Physician Assistant Studies. The 67,000-foot facility is named for Leon Levine, the founder of Family Dollar Stores, Inc. The building features teaching auditoriums, lab space, classrooms, a library, offices, and small-group study areas.

DINING FACILITIES

W.T. Harris Dining Hall, the largest residential dining facility on campus, features RFoC, or "Real Food on Campus." Many of the items on the menu are prepared fresh at the various stations, which include: Home, Grill, Pizza, Produce Market, Sandwich Shoppe, Exhibition, and Bakery.

LaVerne Banquet Hall, adjoining the W.T. Harris Dining Hall, honors the late LaVerne Childers Harris of Charlotte. With a seating capacity of up to 350, it provides an elegant meeting space for any type of catered need from receptions to formal dinners.

The Klondike Poolside, located in the clubhouse, offers a fresh bread/grill menu, fresh deli sandwiches, Freshens® smoothies and treats, grab-and-go sandwiches and salads, desserts, snacks, and beverages.

DPC Express, located in the Dickson-Palmer Student Center, features coffee, bakery items, assorted snacks, grab-and-go sandwiches and salads, and cold beverages.

Grab-N-Go, located in the Jefferson Clubhouse, is a convenience store with a variety of snacks, beverages, grocery items, frozen foods, grab-and-go sandwiches and salads, and personal care items.

Ethel K. Café, located in the Ethel K. Smith Library, features Starbucks® coffee beverages, fresh baked pastries, snacks, grab-and-go items, and cold beverages.

Subway Express is located in the Levine College of Health Sciences and features fresh sandwiches and salads.

LIBRARY AND ARCHIVES

Archives

The Efrid Memorial Library, which served as the first freestanding library on campus, houses the Wingate Archives and the Charles A. Cannon Collection of personal papers from the noted business industrialist and school benefactor. Within the Archives, the Wingate collection represents the many changes to the institution as a school, a junior college, a college, and now as a university, while other special collections contain historical documentation and memorabilia. For archives access, policies, and procedures, please visit <http://libguides.wingate.edu/archives>.

Library

The Ethel K. Smith Library, located on the main University campus, maintains a collection to support the learning experiences of the students and the teaching and research activities of the faculty and staff of Wingate University. The primary focus of the collection is on materials that serve the undergraduate curricula, but as graduate programs increase the Library will endeavor to support those programs with appropriate additions to the collection.

In order to support this mission, the Library houses more than 100,000 print volumes in the facility, as well as database subscriptions which provide students online access to a variety of scholarly journal and newspaper titles beyond the Library's print periodical collection. Additionally, the Library's InterLibrary Loan Department enables students to research supplementary materials not held in the collection. For students attending our satellite campuses, Library materials can be supplied through the Library's Bulldog Delivery system in which materials are delivered from the Library via professors or others traveling between campuses.

A variety of study options are available in the Library including individual study carrels in the Quiet Room, several group study spaces, and general areas for individual or group work. For those who bring their laptops to the Library, Wireless LAN access and wet carrels are available in several areas of the facility, including the Ethel K. Café coffee shop on the first floor. The building also includes an electronic instruction lab equipped with computers for interactive teaching.

The Ethel K. Smith Library is staffed with highly trained, professional librarians available to assist students in their research endeavors and to instruct individuals or entire classes in the most effective and efficient research applications available in today's academic library. The computer commons in the Reference Department is specifically designed for the purpose of such instruction, with the goal of cultivating a basic, inter-disciplinary, transferable skill set regarding applied research. In person, phone, and online reference help is available to all Wingate students, and library instruction sessions can be scheduled at our satellite campuses as well.

Please visit <http://library.wingate.edu> for more information on the Ethel K. Smith Library.

OTHER FACILITIES

Campus Lake and Picnic Pavillion serves as a beautiful setting for outdoor events. The cross-country team's trail surrounds the lake.

Wingate University Hendersonville Campus, located in downtown Hendersonville, NC, opened in 2011 and awards graduate degrees in Pharmacy and Business.

Wingate University Matthews Campus, located in downtown Matthews, opened in 1993 and awards graduate degrees in Business and Education, including add-on

licensure programs. It also awards the Bachelor of Liberal Studies degree for adult learners who wish to continue their undergraduate studies.

H. Fields and Ruth B. Young Guest House was built in 1913 as a private home. It has served the University in various capacities over the years. In 1994, the home was extensively refurbished and furnished as a guest house through the generosity of the late H. Fields Young, Jr. and his wife, Ruth B. Young, both of whom have served as trustees and long-time friends of the University.

RECREATIONAL FACILITIES

Charles A. Cannon Athletic Complex, opened in 1986, contains Cuddy Arena, a 2,300-seat basketball arena, an Olympic-size swimming pool, racquetball courts, a physical fitness laboratory, classrooms, and offices for the Athletic Department and the School of Sport Sciences in the **Edward L. West Center for Athletics**.

Irwin Belk Stadium, completed in the fall of 1998, is the home of Wingate's football team. The Irwin Belk Education Foundation was instrumental in building this state-of-the-art facility, which seats 4,000 fans. The stadium contains concession areas, radio broadcast areas, a press box, VIP seating, a weight room, conference rooms, and all the amenities for coaches, officials, and players. The Bulldogs play on the **John R. Martin Field**, named for a loyal and generous Wingate trustee. The

The Clubhouse, built in August 2000 as a part of the Jefferson at Wingate apartment complex, offers an outdoor pool, lighted sand volleyball court, and Klondike Poolside Dining Services. Student Health is also located in the clubhouse.

Plyler Athletic Field, built in 1956 by the children of I.F. Plyler of Monroe, includes the **Ron Christopher Baseball Stadium**, built in 1995. A member of the NAIA Hall of Fame, Christopher was 536-343 (with three ties) in 24 seasons as head baseball coach for the Bulldogs. Adjacent are six all-weather Grasstex tennis courts available for play and home to the men's and women's tennis teams.

Sanders-Sikes Physical Education Building, completed in 1959, is fully equipped for physical education. It has a regulation basketball court and contains the offices of the athletic director and coaches. The structure honors two families prominent in the early history of the University.

STUDENT RESIDENCES

Students are assigned housing through the Office of Residence Life, which attempts to accommodate student preferences concerning roommates.

Residence Halls

- **Helms Hall**, completed in 1967, honors the late L.L. Helms, prominent alumnus and trustee of the University, and his wife, Mary Smith Helms. The facility was renovated in 2005, and it houses 195 students.
- **Ruth Coltrane Cannon Hall** was named in honor of the late Mrs. Charles A. Cannon. An addition was added and the existing building was completely renovated in 2004 to house 236 students.
- **Alumni Hall**, constructed in 1946, houses the Office of International Studies, the Office of Internships and Career Services, and Success Coaching Offices. The building is located in the Academic Quadrangle. It also houses two floors of residential students.

Student Apartments

- **Faculty Drive Apartments**, an eight-unit facility at the corner of Faculty Drive and Haskins Drive, houses two students per unit.
- **Jefferson at Wingate**, completed in 2000, is comprised of **Belk, Bridges, Haskins, Rushing, Sherwood, and Tucker Halls**. The six facilities house 406 students in private bedroom apartments with a multitude of amenities. These apartments are available mainly to juniors and seniors.
- **Watson Village** includes the **North Campus apartments**, of which phase one was completed in 1987 (**Bennett and Holbert**) and phase two completed in 1997 (**Hendricks, Laney, Lowery, and McIntyre**). Watson Village also includes Beam, Byrum, and Welborn Halls, which typically house sophomores.
- **University Place Apartments**, acquired in 2001, is a townhouse-style apartment community of five buildings occupied by undergraduate and graduate students.

Residence Furnishings

Residence hall rooms are furnished with beds, dressers, chairs, and desks or tables. Students furnish a waste basket, linens (towels, sheets, pillows, blankets), study lamps, etc. Student apartments have fully furnished bedrooms, a living room, a dining room, and kitchen.

Cable hookup is accessible in both residence hall rooms and student apartments. All rooms on campus are equipped with telephone lines, although students must provide their own telephones. Internet hookups are available in each room for each occupant.

Housing Policies

The policy of the Board of Trustees of Wingate University states that students who are at least 23 years old (on or before the first day of classes), ninth-semester seniors, or living in the principal residence of their parent(s)/guardian(s) have the option of living off campus. Unless living in the principal residence of a parent/guardian, all scholarship student-athletes are required to live on campus. This housing policy applies to all students, including those who in prior years were granted an exception because of special circumstances. Age and hour standards must be met by the first day of class of the semester for which the appeal is submitted. Those living on campus must participate in a university meal plan. In addition, students living in university housing must maintain a full-time academic load (12 credit hours). Those having special needs or considerations for housing or the meal plan may appeal to the Office of Residence Life in writing.

All students wishing to reside off campus must complete a Commuter Application, which can be obtained through the Office of Residence Life. The applications will be reviewed to ensure that off-campus criteria is met and a residential status will be determined. Any questions regarding this policy should be directed to the Office of Residence Life.

Insurance (Property)

Wingate University cannot provide insurance to cover the personal belongings of a student in residence at the University nor vehicles parked on campus. The University recommends that the student and/or the student's family arrange for insurance coverage.

Chapter 2

STUDENT LIFE

CLUBS AND ORGANIZATIONS

Wingate University students are encouraged and expected to become involved in the campus culture and community. One way to do this is to join one of Wingate's 25 student organizations, or form one of your own. There are plenty of opportunities throughout the semester to explore your interests through the clubs and organizations. At the beginning of each semester, the Student Involvement Fair showcases all of the registered student organizations (RSOs). The RSO Administrators in Student Life oversee the financial support and leadership development of Wingate's student organizations.

RSOs are categorized into four areas. Academic/Co-Curricular RSOs focus on specific majors, learning goals, or community interests. Faith-based RSOs represent a variety of worship styles and faith beliefs. Their purpose is to fulfill Wingate's commitment to faith development. Sports and Recreation RSOs are committed to introducing students to healthy practices by promoting sports involvement on campus. There are eight Social Fraternity and Sorority RSOs at Wingate University. Look for recruitment events during the beginning of the fall semester.

In order to form a new organization, for a listing of current organizations, or for more information, contact the RSO Administrator, Brandy Shott, b.shott@wingate.edu. Her office is located in the Dickson-Palmer Student Center.

Fraternity and Sorority Life

The Fraternity and Sorority community at Wingate consists of four sororities and four fraternities that offer opportunities for leadership development, community service, academic achievement, and social interaction.

The four fraternities for men are:

- Delta Sigma Phi, Theta Epsilon Chapter
- Kappa Alpha Order, Zeta Zeta Chapter
- Phi Beta Sigma Fraternity, Inc., Alpha Beta Zeta Chapter
- Pi Kappa Phi, Eta Mu Chapter

The four sororities for women are:

- Alpha Xi Delta, Iota Zeta Chapter
- Chi Omega, Theta Lambda Chapter
- Sigma Sigma Sigma, Zeta Lambda Chapter
- Zeta Phi Beta, Beta Sigma Chapter

Wingate University Formal Membership Recruitment for the following Fraternity and Sorority organizations takes place during the fall semester for all students:

- Sororities: Alpha Xi Delta, Chi Omega, Sigma Sigma Sigma
- Fraternities: Delta Sigma Phi, Kappa Alpha Order, Pi Kappa Phi

In order to participate in Formal Membership Recruitment, incoming men must have a minimum high school GPA of 2.5; upperclassmen or transfer men must have a minimum college GPA of 2.5. Incoming women must have a minimum high school GPA of 3.0; upperclassmen or transfer women must have a minimum college GPA of 2.5.

Zeta Phi Beta Sorority, Inc. and Phi Beta Sigma Fraternity Inc. hold a different form of membership recruitment called Intake. Intake is held at various times throughout the academic year as determined by the chapter. All students who choose to participate must have a minimum of 12 credit hours and a 2.5 GPA. *Contact the Director of Fraternity and Sorority Life for more information.*

COMMUNITY LIVING AND RESIDENTIAL EXPECTATIONS

The University strives to maintain a clean, healthy, and safe campus environment conducive to the development of the whole person. Each student is treated as an individual and encouraged to live up to his or her highest potential. To remain in good standing, a student will be considerate of the well-being of others and will respect the traditions of the University.

For a complete listing of University Policies, please refer to the *Student Handbook*.

The *Academic Catalog* and the *Student Handbook* serve as a contract between Wingate University and its students. Students are responsible for regulations set forth in the *Student Handbook* as well as those in the *Academic Catalog*.

OPPORTUNITIES FOR INVOLVEMENT

Athletics

Athletics, whether intercollegiate or intramural, provide Wingate students with the opportunity to develop physical fitness and to enhance their understanding of sportsmanship and teamwork. To this end, the University sponsors a well-balanced program of organized intramural competitions and is actively involved in intercollegiate athletics, fielding teams for men and women.

Women regularly meet other teams at the intercollegiate level in basketball, cross country, track and field, golf, soccer, softball, swimming, tennis, and volleyball. Men compete in baseball, basketball, cross-country, track and field, football, golf, lacrosse, soccer, swimming, and tennis.

The University is a member of the South Atlantic Conference and the National Collegiate Athletic Association (NCAA Division II).

The Office of Community Service Initiatives

Wingate has an expectation that students volunteer as part of their educational experience. In order to fulfill Wingate's motto of Faith, Knowledge, Service, Wingate has established an Office of Community Service Initiatives that houses service learning initiatives and UCAN (University Community Assistance Network).

Service Learning is the engagement of students in activities designed to address or meet a community need where students learn how their service makes a difference in themselves and in the lives of the service recipients, and where learning is intentionally linked to academics. Some of the service learning projects Wingate University students have participated in are: Community Give Away Day, first year experience classes partnering with Habitat for Humanity, and classes working at Community Health Services Flu Clinics.

UCAN is the student-led service organization that is supported by the Office of Community Service Initiatives. UCAN's mission statement is "Passionately serving the needs of the community, promoting advocacy about the social concerns of our society, and empowering Wingate University to make a difference". UCAN has several programs including: Alternative Spring Break, Angelic Riders, Environmental Task Force, Habitat for Humanity, Hunger and Homelessness, Senior Citizens, Social Justice Sewing Group, and Tutoring and Mentoring. Volunteering has a meaningful, positive impact on your community. But did you know that it can have many benefits for you too? Here are some reasons to volunteer:

- Learn or develop a new skill
- Be part of your community
- Motivation and sense of achievement
- Boost your career options

- New interests and hobbies
- New experiences
- Meeting a diverse range of people

Cultural Programs

In keeping with the belief that diversity of experience is essential to a well-rounded education, Wingate University provides varied opportunities for cultural enrichment outside of the classroom. Each year, the University sponsors several cultural series that include speakers, performances, and activities designed to enlighten, enrich, and educate. In addition to engaging a wide spectrum of outside musicians, speakers, and ensembles, the University draws upon the talents of its own music and art departments. The University's proximity to Charlotte also provides students with opportunities to enjoy the Charlotte Symphony, Charlotte Repertory Theatre, North Carolina Dance Theatre, Opera Carolina, N.C. Blumenthal Performing Arts Center, and the Mint Museum.

Dickson-Palmer Student Center

The **Dickson-Palmer Student Center (DPC)** plays a central role in student life at Wingate. This building houses the administrative offices of Student Life (Dean of Students, Orientation, Service, Counseling, Student Success, Student Government, Residence Life, Student Ministries, Campus Recreation, Multicultural Affairs, Activities, and Greek Life) as well as the campus post office, Campus Bookstore and DPC Express. The building also houses the fitness area with cardio machines and free weights, as well as an aerobics room. Students can also gather in Ames Turnout, Helms Forum or the lounge areas.

Clubhouse

The **Clubhouse**, built in August 2000 as a part of the Jefferson at Wingate apartment complex, offers two dining venues – The Grab-N-Go convenience store and the Klondike Poolside grill—as well as Student Health, an outdoor pool, and a lighted sand volleyball court.

Publications/Student Media

Students, working with faculty supervisors, publish a University yearbook, *The Gate*; a campus newspaper, *The Weekly Triangle*; and a literary magazine, *Counterpoint*. The online *Student Handbook*, prepared by the Office of Student Life, outlines University policies and provides information about student life. *Wingate Trax*, a television show, is produced by students and faculty supervisors.

Religious Life

From the time of its establishment, Wingate University has recognized that Christian faith and academic excellence go hand in hand. Wingate attempts to create an atmosphere in which students may mature in their understanding and application of our motto: "Knowledge, Faith, Service". Through UCAN (University and Community Assistance Network) students can serve those in need; through small group devotions and worship, students can grow in faith; and through Wingate's cultural and religious programming students can grow in knowledge even beyond what is taught in the classroom.

Wingate University is committed to being a place where the best of Christian thought is integrated with dynamic Christian living. Its Baptist heritage ensures that freedom of conscience is respected and religious conformity is never demanded. At Wingate, Christian truth is not only present in the classroom, but also evident in the lives of faculty and students who represent the full spectrum of denominations.

STUDENT SERVICES

Academic Support Services

Academic Resource Center

At the Academic Resource Center (ARC, 2nd floor of the EK Smith Library), students will find support with academic skills, subject area peer tutoring, and academic advising. Additionally, this is the location for the Office of Academic Advising and the Office of Disability Support Services.

Disability Services

Disability support services are coordinated through the Academic Resource Center. Specific services are provided on an individual basis to allow equal access to programs and services for students with disabilities. In order to be eligible for services based on a disability, students must self-identify their need for services and provide appropriate, supporting documentation.

Writing Center

The Writing Center is located on the second floor of the Ethel K. Smith Library, adjacent to the ARC, and offers students, staff, and faculty an opportunity to improve and strengthen their writing skills. Students from all majors and classes are encouraged to visit the Writing Center. Tutors can help students work on specific writing assignments as well as helping with any of the “stages” of writing—brainstorming topic ideas, shaping a thesis, revising, learning to better edit your own work, or understanding style demands for papers in different disciplines.

The Writing Center is staffed by faculty-recommended student tutors who have been trained to help other students improve as writers. Students may schedule ongoing tutorial sessions, make appointments for specific writing assignments, or drop-in for a session with an available tutor. Students may also benefit from writing tutorial handouts and checklists available in the Writing Center and through the center’s website.

Campus Bookstore

The H.R. Johnson Bookstore is owned and operated by the University and is located in the Dickson-Palmer Student Center. The bookstore offers a wide variety of merchandise to fill student needs. In addition to supplying required textbooks, it offers a full range of reference books, general reading, and children’s books. It also offers school and art supplies, computer software, posters, greeting cards, backpacks, and a complete line of Wingate University apparel.

Students, faculty and staff will find varied customer services such as check cashing, discount magazine subscriptions, class rings, and the placing of special orders.

Payment may be made by cash, personal check, student debit card, VISA, MasterCard, or Discover Card. Shipping and handling charges as well as applicable state sales tax will be added to all merchandise.

Campus Recreation

Campus Recreation offices are located in the DPC. Campus Recreation invites all students to participate in intramural sports, group fitness classes and to work out in the fitness center. Sports and recreational equipment can be checked out at the rec. desk with a Wingate ID card. Campus Rec. employs several students throughout the year for intramural officiating, rec. desk staffing, and office work.

Counseling Services

The Office of Counseling Services is dedicated to providing a safe and confidential environment for students to discuss a variety of personal and interpersonal concerns. The goal of Counseling Services is also to provide a holistic wellness component to students' educational experiences through the promotion of ways for students to achieve and maintain a healthy mind, body, and spirit.

Dining Services

Aramark provides a variety of on-campus dining ranging from special banquets in LaVerne Banquet Hall to popular grill items in the Klondike. All students living in University-owned properties are required to have a meal plan. Aramark provides an on-campus coffee bar, Ethel K. Café, which serves Starbucks® products. The Grab-N-Go and C3 are two convenience store locations housed in the Clubhouse and DPC, respectively. Papa John's Pizza in Monroe, NC also accepts Bulldog Bucks and offers special prices for Wingate Students.

Emergencies

Students may be reached by calling directly to individual rooms or by contacting the University switchboard (704-233-8000), Monday through Friday from 8:30 a.m. until 5:00 p.m. To contact a student after hours and on weekends, please call the above number to speak with the Residence Life staff. Every effort will be made to contact the appropriate individual on campus.

Medical emergencies are handled through the emergency room of the Carolinas Medical Center - Union in Monroe. Emergency physicians are available 24 hours a day.

Health Services

Wingate University is concerned with the health and well-being of its students. To ensure all students have some form of health insurance coverage, a voluntary program of health insurance coverage is offered for purchase through the University (*contact the Business Office for complete information*).

The University maintains the Dickerson Health Center on campus which is staffed by a full-time certified nurse-practitioner. Students may be seen from 9 a.m.–3 p.m. Monday through Friday. Students are seen on a walk-in basis; no appointment is necessary. There is no charge for an appointment with the nurse-practitioner.

Medications, lab services, and state-required immunizations are available at the student health center. These services are billed through the University Business Office. Prescriptions are available if medications are not available or if a student prefers to obtain medications elsewhere. Students who are referred off campus for medical evaluation or follow up are responsible for payment to the provider (*refer to the Student Handbook for complete information*).

Internships and Career Services

The Office of Internships and Career Services provides resources to assist students in exploring majors and career options. Through an emphasis on career development as a process requiring planning, the goal is to help students identify their interests and abilities early on and actively engage in preparation for their futures. Career Services provides students with career advising, self-assessment exercises, resume and cover letter guidance, job searches, graduate school preparation, mock interviews, on-campus employer recruiting/career fairs, and various career-related events. The Parents Association Career Resource Center offers a career library, computers for resume writing and job/internship searching, career software programs, and available peer career mentors for drop-in assistance.

The office also offers students assistance in obtaining academic and co-curricular internships. As a part of preparing for career decisions following graduation, all

students have the opportunity and are encouraged to participate in an internship during their time at Wingate University. Following the first year, students may pursue an internship for the summer term, fall semester, or spring semester. Internships may be either credit-bearing or non-credit-bearing. Internships in London or Chile and the Summer Internship Institute provide special summer opportunities.

Internship and employment opportunities are showcased on CareerGate (on-line job database), a free service to students and alumni. To access CareerGate visit <http://www.wingate.edu/academics/student-information> and scroll down to the CareerGate link. Email careerhelp@wingate.edu to obtain a username and password.

Multicultural Affairs

Multicultural Affairs is operated out of the Office of Student Involvement and provides services and programs to all students. We hope to inspire and educate students while enhancing the appreciation and awareness of diversity.

Orientation

Summer Orientation - "Key to the Gate"

Summer Orientation is an opportunity for students to begin successful academic and social transitions to college life. Participants meet other students and faculty and begin the fall class registration process by taking placement tests. Students also learn about important university services to help them have a full Wingate experience.

Fall Orientation

During Fall Orientation students are welcomed onto campus, acquainted with fellow students, faculty, and staff, and introduced to educational and social programs, campus facilities, Wingate traditions, and expectations. Students are given resources to successfully transition to University life and to gain a sense of community.

Both Orientation programs are planned by the division of Student Life in conjunction with Academic Affairs.

Student Employment

A limited number of part-time work-study jobs are available on campus. Students interested in securing part-time work should consult with the Office of Financial Planning. Part-time off-campus jobs are listed in CareerGate, a free job database for students. Email careerhelp@wingate.edu to obtain a username and password.

Student Success

The Office of Student Success connects students with appropriate support systems and services to assist them in realizing their academic goals. The office facilitates communication between faculty, staff, and students that leads to collaborative educational support. The Office of Student Success is committed to assisting all students in their maturation and development.

Telephone, Mail, and Email Service

Telephones are not provided in individual rooms (students must bring their own). Residential students are assigned mailboxes in the Dickson-Palmer Student Center and are expected to check their mail daily. Students are expected to respond to all communications from members of the faculty or staff of the University. The physical address for student mailing is 211 East Wilson Street.

Most postal services are available at the campus post office. The town of Wingate's post office is near campus if students need further assistance.

All students are assigned a Wingate University email address for official communications with faculty and administrators. Students are responsible for reading their email on a daily basis.

Chapter 3

**ADMISSIONS,
COSTS, AND
FINANCIAL PLANNING**

ADMISSION

Persons seeking admission to Wingate University should contact the Office of Admissions for an application and other pertinent information necessary for enrollment. The University operates on a rolling admission plan. Candidates for admission are notified of the enrollment decision within two weeks of application completion. Admission is based on high school record and SAT or ACT scores. For transfer students, work from all previous colleges attended is also considered. Personal interviews and recommendations, while not required, are encouraged and often prove beneficial to both the University and the student.

Dual Enrollment

Highly qualified high school students with a letter of recommendation from their high school guidance counselors who would like to take college courses prior to or during their senior year may do so through the Wingate Dual Enrollment Program. Interested students should contact the Office of Admissions and request a joint enrollment application two weeks before the beginning of the semester and return it to the Office of Admissions at least a week before classes begin. Dual Enrollment credit is generally transferable to other colleges and universities. Students enrolled through this program will be allowed to take classes on a space-available basis. Charges for Dual Enrollment classes are \$860 for one course, \$1,375 for two courses, and \$1,700 for three courses.

First-Year Admission

For an application to be considered complete, the following items are recommended:

- Completed application form
- \$30 non-refundable processing fee
- Official high school transcript or GED certification (*if applicable*)
- SAT or ACT scores*

*SAT or ACT scores not required if the applicant has been out of high school for five or more years

Although some flexibility may be allowed, the following high school course distribution is recommended:

<u>Course</u>	<u>Number of Units</u>
English	4
Math (<i>Algebra and above</i>)	3
Social Science	2
Natural Science (1 lab)	2
Foreign Language	2

International Student Admission

Wingate University considers any student who is a non-U.S. citizen an international student. For an application for admission from an international student to be considered complete, the following must be received:

- Completed application form
- \$50 processing fee (*non-refundable*)
- Copy of prospective student's passport (*or other photo identification*)
- Secondary school transcripts (*Original and certified English translations of transcripts are required*)
- Secondary school diploma (*if already earned*)

- Test scores – submit one: SAT (1350 with minimum scores on the critical reading and writing sections of 450 each); ACT (19); TOEFL (550/paper, 80/Internet); or IELTS (6 academic module)
- Financial Responsibility Form (required for issuance of I-20)

After acceptance, international students must submit a \$300 enrollment deposit and a Financial Responsibility Form showing adequate financial resources to attend the University before an I-20 form will be issued. The deadline for processing an international student application is May 1 for fall semester enrollment and October 1 for spring semester enrollment. Wingate University should receive \$300 enrollment deposits by June 1 for fall semester entrance and by October 15 for spring semester entrance to allow adequate time for issuance of the I-20 form and for securing the student visa. Enrolling students must submit final transcripts, all *official* or *certified* documents required for application, and medical/immunization requirements no later than the final day to register for classes.

Readmit Student Admission

Any student who wishes to enroll at Wingate University as an undergraduate student who has previously been enrolled at Wingate will need to apply as a re-admit student. To be readmitted the student must complete a Readmission Application which is available from the Office of Admissions and on the University's website. If the student has attended other colleges after leaving Wingate University, official transcripts and a completed Confidential Inquiry Form from the Dean of Students from the last college attended must be forwarded to the Office of Admissions to complete the application. A student who has been absent for two consecutive semesters (including the semester of withdrawal, if applicable) must meet the catalog requirements for graduation in effect at the time of readmission. Students who have been suspended by the Office of Student Life and wish to apply for reinstatement should submit a written appeal to the Office of the Dean of Students. Students who have been academically suspended and wish to apply for reinstatement should submit a written appeal to the Academic Appeals Committee, in care of the Student Success Office.

Transfer Student Admission

Students who complete course work at another accredited college or university may apply for admission to Wingate. A completed application for admission must be submitted and must be accompanied by official transcripts from all institutions previously attended along with an official high school transcript or GED certification. SAT or ACT scores may also be required for transfer applicants with less than 24 transferable credits unless the student has been out of high school for five or more years. Transfer applicants should be eligible, both academically and socially, to return to the institution from which they are transferring. A completed Confidential Inquiry Form must be received from the Dean of Students at the last college the student attended (unless the student earned a degree at the previous institution). All application documents can be found on the University's website, or students may contact the transfer counselor for more information. Transfer applicants from accredited institutions are generally admitted if they present a cumulative grade point average of 2.5 or higher on a 4.0 scale.

Transfer Credit

Academic work completed at accredited colleges and universities will be accepted at full value for courses passed with a grade of "C" or better provided they are comparable to Wingate University's curriculum. The Registrar, in consultation with the appropriate department chair(s), evaluates coursework to determine equivalency. The maximum number of course hours that may transfer from a two-year institution

is 64 semester hours. A maximum of 90 semester hours will be accepted from four-year institutions. Wingate University participates in the North Carolina Community College Articulation Agreement.

Foreign language requirements: Students may receive credits for foreign language courses that the student took at another college or university, even if the language is not taught at Wingate University, under the following conditions:

- The courses were completed with a grade of “C” or better.
- The courses were not correspondence or web-based courses
- The courses were offered by an accredited higher education program, college, or university

Independent Comprehensive Articulation Agreement (ICAA)

Wingate University, a member institution of North Carolina Independent Colleges and Universities (NCICU), has agreed to the terms of the Independent Comprehensive Articulation Agreement (ICAA) between NCICU members and the North Carolina Community College System (NCCCS). The following terms apply:

- Students with an A.A. or A.S. degree from a North Carolina community college, or students who have fulfilled the 44-hour core curriculum as defined by the NCCC system with no grade lower than a “C” will automatically fulfill all 100- and 200-level institution-wide core curriculum requirements at Wingate University, *with the exception* of physical education and/or foreign language, if the student did not take these as part of the associate’s degree.
- Courses will be evaluated on a course-by-course basis for students who did not earn an A.A. or A.S. degree, or for students with one or more grades of “D” in ICAA courses
- Transfer courses which did not originate at an NC community college, at a UNC institution, or at a signatory institution of NCICU may be used under this articulation agreement if they were used in the awarding of a two-year degree from an NC community college. These courses must meet core curriculum requirements, must be from a regionally-accredited institution, and must total no more than 25 percent (four courses) of the core curriculum.
- Students may file a grievance if they think the terms of the ICAA have not been followed. See the Office of the Registrar for more details.

Credit by Examination

Students may earn a maximum of 30 semester hours of credit toward a baccalaureate degree by examination prior to enrollment (*see also Chapter 4, credit by examination*).

Advanced Placement (AP)

Students who score three, four, or five on the Advanced Placement Test of the College Entrance Examination Board may receive credit as determined by the appropriate academic department. Students should send official scores to the Office of the Registrar.

College Level Examination Program (CLEP)

Students who score 50 points or higher on CLEP subject examinations may earn credit toward a baccalaureate degree. Students should send official scores to the Office of the Registrar.

International Baccalaureate Program Credit

Students who score five, six, or seven on the Higher Level Examinations of the International Baccalaureate Program may receive credit toward a baccalaureate degree. Students should send official scores to the Office of the Registrar.

Enrollment Deposit

To confirm enrollment, a prospective first-year student, readmit, or transfer student should submit an enrollment deposit of \$300 for residential students and \$200 for commuting students. Enrollment deposits are refundable upon written requests until May 1st for fall semester enrollment and November 1st for spring semester enrollment. An enrollment deposit which has been transferred from an earlier term is non-refundable.

Medical/Immunization Requirements

After a student has been accepted by Wingate University, he/she is required to submit to the Student Health Center a completed Student Health Services Health Information Summary which includes health history, insurance, physical examination, and immunization information. Students who do not provide Student Health Services with the required medical/immunization information within 30 days after classes begin are subject to expulsion from classes and the University until such information is received.

The physical examination needs to have been performed within one year prior to the date of admission to the university. Students who have not had a physical examination within 30 days from the beginning of classes will be referred to a medical office within the community. Noncompliance with medical requirements may result in expulsion from classes and the University.

The following immunizations are required:

- **Students 17 years of age and older:** 3 DTP (Diphtheria, Tetanus, Pertussis) or 3 Td (Tetanus-diphtheria) doses; one dose must be within the last 10 years; 3 Polio (oral) doses; *2 Measles (Rubeola) doses, on or after the first birthday; 2 Mumps** doses; 1 Rubella dose
- **Students 18 years of age through a birth date of Jan. 1, 1957:** 3 DTP or Td doses, one dose must be within the last 10 years; *2 Measles (Rubeola) dose on or after the first birthday; 2 Mumps** doses ; 1 Rubella dose
- **Students born prior to Jan. 1, 1957 through age 49:** Primary series of 3 DTP or 3 Td doses; one dose must be within the last 10 years; (A documented Td BOOSTER within the past ten years will be accepted as evidence of the initial series.); **1 Rubella dose.
- Wingate University is strongly recommending that students get vaccinated against meningococcal disease. Meningitis is a rare disease that often causes flu-like symptoms. If not treated early, meningitis can lead to swelling around the brain and other permanent disabilities such as hearing loss, brain damage, seizures, limb amputation, and even death. Incoming first-year students may qualify for this vaccine. Contact Student Health for more information.
- **Students in the School of Pharmacy, the Physician Assistant Program, or Athletic Training majors** are required to have additional immunizations. Check with those programs to identify what is required.

**History of physician diagnosed measles disease OR laboratory proof of immunity is acceptable. Must repeat measles vaccine if received even one day prior to first birthday.*

***Only laboratory proof of immunity to rubella is acceptable, physician diagnosed rubella disease is not acceptable.*

North Carolina high school immunizations will satisfy this requirement if they are up to date and a copy is attached to the Medical History/Examination Form. Students are responsible for their high school records.

Students who do not have a complete immunization record on file when beginning classes will have 30 days to obtain the required immunizations. State-required immunizations are available in Student Health. Students who are not in compliance within 30 days of the first day of class will be required to withdraw from classes.

Evening students are exempt. Medical and religious exemptions can be requested through Health Services. Questions and forms should be directed to the Director of Health Services, Campus Box 3037, Wingate University, Wingate, NC 28174.

International Students

- Must meet North Carolina guidelines concerning immunizations.
- Must provide documentation of insurance. A student accident and sickness insurance program is available for purchase by students of Wingate University in the Business Office.
- All students with a positive tuberculin skin test will be referred to the Health Department for evaluation and follow-up. If it is the recommendation of the Health Department that they receive prophylactic treatment for tuberculosis, students will be required to comply.

Reasonable Accommodation

Wingate University does not discriminate against qualified individuals with disabilities. Moreover, as required by law, the University will provide reasonable accommodations to the known disabilities of otherwise qualified applicants for admission or students with disabilities in all education programs, activities, services and practices, including application procedures, admissions, student assignment, course assignment, the awarding of degrees, discipline, withdrawal, and dismissal. Educational opportunities generally will not be denied to an otherwise qualified applicant or student because of his or her disability or because of the need to make reasonable accommodations to the physical or mental impairments of such individuals.

Disabled applicants or students who feel they need such assistance should contact the Office of Residence Life. A copy of the University's policy concerning Provision of Reasonable Accommodation for Education Programs, Activities and Other Services is available upon request.

FINANCIAL INFORMATION

The University operates on a semester basis. Statements are sent approximately one month prior to the beginning of each term. Charges for the semester must be paid before registration may be completed. Students must notify the University, prior to registration, of any financial aid, trust funds, etc., accruing to the student from sources other than Wingate University. If the student expects to receive aid of any type from Wingate University, it must be cleared with the Office of Student Financial Planning prior to the student's arrival on campus.

The student may deduct one-half of the aid for the year, excluding work scholarships, from the first semester's payment.

Books and Supplies

Textbooks and necessary class materials are on sale in the H.R. Johnson Bookstore. A complete line of University supplies is available.

Check Acceptance

The Business Office will accept checks only for payment of accounts. The University suggests that an account be established with a local bank. The H. R. Johnson Bookstore cashes checks up to \$50 with a valid student ID card.

Deposit (Enrollment)

A first-time full-time residential student must pay a \$300 deposit prior to enrollment; \$100 of this amount is a room deposit applicable to the first semester of enrollment. A full-time commuting student must pay a \$200 deposit. All part-time students must pay a \$25 deposit prior to enrollment. Wingate will hold the deposit throughout the student's educational career at the University. University fees, fines,

returned checks, facilities damage charges, and other miscellaneous charges, if not paid in the usual manner, may be deducted from the deposit. After a student has been enrolled for at least one semester, the deposit, less appropriate deductions, will be refunded within 60 days after any of the following:

- graduation with a baccalaureate degree
- failure to re-enroll for the fall semester
- receipt of a written request from a student who is no longer enrolled

To secure a residence hall room, returning students, including those on scholarship, must pay a deposit of \$200 (each year). This deposit is applicable toward the semester's residential fee for which it is made.

Expenses

Charges are based on a maximum student load of 18 semester contact hours. After the tenth day of classes, a student will be charged for extra hours at a rate of \$700 per semester hour. Failing to drop a class by the last day of drop/add means financial responsibility for any hours over 18. Students taking less than 12 semester hours are classified as part-time students and are charged tuition at the rate of \$700 per semester hour. There is a \$200 general fee for students taking seven to 11 hours per semester.

ID, Meal, and Debit Card

A student must submit the Wingate I.D. card to the Office of Student Life upon withdrawal from the University. Withdrawal may require refunds to some student financial aid programs. This policy applies to students who officially withdraw during any regular session of the University.

Students may also deposit money on a debit account through the Business Office. The student's I.D. card serves as the debit card that can be used in the H.R. Johnson Bookstore, W.T. Harris Dining Hall, Klondike Poolside, Ethel K. Cafe, Grab-N-Go, DPC Express, and towards University fines and fees. This is not a bank debit card. No refunds are given from the debit card until the student graduates or withdraws from the University. At that time any remaining money will be refunded to the student.

Insurance (Medical)

Medical insurance is available to each full-time student. Students who wish to participate in this program may request a brochure from the Business Office.

Refund/Repayment Policy

A refund refers to the University charges returned to the student and/or to the financial source that covered those charges. Refunds are made within 30 days of the student's withdrawal.

Students who withdraw from Wingate University on or before the first class day of a semester will receive a full refund of any payment made toward tuition, fees, and room and board.

For students who withdraw after the first day of class during a semester, the following institutional refund policy for tuition, fees, and room and board will be in effect:

- 90% refund when withdrawal is after the first day of class during a semester and before the end of the first week of class
- 80% refund when withdrawal is during the second week of class
- 60% refund when withdrawal is during the third week of class
- 40% refund when withdrawal is during the fourth week of class
- 20% refund when withdrawal is during the fifth week of class

The date of withdrawal is the date that the official withdrawal form is received by the Office of the Registrar or the date of withdrawal specified by the student, whichever is earlier. The semester begins with the first day of class. The first week of the semester is the seven-day period that begins on the first day of class. The point of withdrawal is measured in weeks, and the student is considered to have withdrawn within a given week, as defined above, if the withdrawal date is prior to the end of that week.

Return of Title IV Funds

Students receiving federal financial aid: The Higher Education Amendments of 1998 established a new formula for calculating the amount of aid a student and school can retain when the student totally withdraws from all classes. Students who withdraw from all classes prior to completing more than 60% of an enrollment term will have their eligibility for aid recalculated based on the percent of the term completed. For example, a student who withdraws completing only 30% of the term will have “earned” only 30% of any Title IV aid received. The remaining 70% must be returned by the school and/or the student. The Office of Student Financial Planning encourages you to read this policy carefully. If you are thinking about withdrawing from all classes PRIOR to completing 60% of the semester, you should contact the Office of Financial Planning to discuss how your withdrawal will affect your financial aid.

This policy shall apply to all students who withdraw, take a temporary leave of absence, or are expelled from Wingate University, and receive financial aid from Title IV funds (Federal financial aid programs authorized under the Higher Education Act of 1965, as amended). Title IV funds include the following programs: Federal Pell Grants, Federal SEOG, Academic Competitiveness Grant, National SMART Grant, Federal Direct Student and PLUS Loans, and Leveraging Educational Assistance Partnership Grants

A student’s withdrawal date is:

- the date the student begins the institution’s withdrawal process or officially notifies the institution of intent to withdraw; or
- the midpoint of the period for a student who leaves without notifying the institution; or
- the student’s last date of attendance at a documented academically-related activity.

Title IV aid is earned in a prorated manner on a per diem basis up to and including the 60% point in the semester. Title IV aid and all other aid is viewed as 100% earned after that point in time.

The percentage of Title IV aid earned shall be calculated as follows:

$$\text{Percent of term completed} = \frac{\text{Number of days completed by student}}{\text{Total number of days in term}}$$

The percent of term completed shall be the percentage of Title IV aid earned by the student.

The total number of calendar days in a term of enrollment shall exclude any scheduled breaks of more than five days.

The percentage of Title IV aid unearned (i.e., to be returned to the appropriate program) shall be 100% minus the percent earned. Unearned aid shall be returned first by Wingate University from the student’s account calculated as follows:

$$\text{Total institutional charges X percent of unearned aid} = \text{amount returned to program(s)}$$

Unearned Title IV aid shall be returned to the following programs in the following order:

- 1) Unsubsidized Federal Direct Loan
- 2) Subsidized Federal Direct Loan
- 3) Federal Direct Graduate PLUS (Graduate Student)
- 4) Federal Direct PLUS (Parent)
- 5) Federal Pell Grant
- 6) Federal Supplemental Educational Opportunity Grant
- 7) Other Title IV Grant

Exception: No program can receive a refund if the student did not receive aid from that program.

When the total amount of unearned aid is greater than the amount returned by Wingate University from the student's account, the student is responsible for returning unearned aid to the appropriate program(s) as follows:

- 1) Federal Pell Grant
- 2) Federal Supplemental Educational Opportunity Grant
- 3) Other Title IV Grants

Loan amounts are returned according to the terms of the promissory note.

Amounts to be returned by the student to federal grant programs will receive a 50% discount.

Refunds and adjusted bills will be sent to the student's home address on file in the Registrar's Office following withdrawal. Students are responsible for any portion of their institutional charges that are left outstanding after Title IV funds are returned.

Institutional and Student Responsibility: Return of Title IV Funds

Wingate University's responsibilities in regard to the return of Title IV funds include:

- 1) Providing each student with the information given in this policy;
- 2) Identifying students who are affected by this policy and completing the Return of Title IV Funds calculation for those students;
- 3) Returning any Title IV funds that are due the Title IV programs.

The student's responsibilities in regard to the return of Title IV funds include:

- 1) Becoming familiar with the Return of Title IV policy and how complete withdrawal affects eligibility for Title IV aid;
- 2) Returning to the Title IV programs any funds that were disbursed directly to the student and which the student was determined to be ineligible for via the Return of Title IV Funds calculation.

The procedures and policies listed above supersede those published previously and are subject to change at any time.

STUDENT FINANCIAL PLANNING

The Wingate University Office of Student Financial Planning welcomes the opportunity to help students and their families who seek information on scholarships, grants, student loans, and on-campus employment. All students who plan to apply for financial aid must complete the Free Application for Federal Student Aid (FAFSA).

Many financial aid programs are awarded based on need as determined by information submitted on the FAFSA. To receive maximum consideration for all available financial aid programs, the FAFSA should be filed by May 1 prior to each academic year for which a student wishes to be considered for financial aid.

Financial aid programs vary, as do the needs of students. Grant assistance is gift or entitlement aid and carries no repayment obligation. Student loans are long-term, low interest loans, which may be repaid after the student completes his or her education. Many students obtain jobs on the campus and are paid monthly for hours worked.

Financial assistance is awarded in a package which may include one or more of the financial aid programs. All financial aid awards, including athletic, academic, and outside scholarships are coordinated through the Office of Student Financial Planning. The total financial assistance awarded will never exceed the costs related to attending Wingate University.

Scholarships, grants, and student loan proceeds may be applied to the cost of attending Wingate University and are generally credited directly to the student's account. Earnings from campus jobs are paid directly to the student; therefore, they are not used as a credit toward the student's account.

State and Federal Aid Programs

North Carolina Legislative Tuition Grant: The State of North Carolina provides a grant to each N.C. resident enrolled as an undergraduate student at a N.C. independent university for nine or more credit hours. The maximum grant is determined annually by the N.C. legislature. Students who indicate a North Carolina address will be sent the appropriate forms to verify residency.

North Carolina State Contractual Scholarship Fund: Funds for this grant program are made available by the State of North Carolina to aid residents of North Carolina. Award amounts vary. Eligibility for this program is based on state residency and financial need as explained by the Free Application for Federal Student Aid (FAFSA) filed by the student.

North Carolina Education Lottery Scholarship (ELS) was created to provide financial assistance to North Carolina resident students. Eligibility for this program includes North Carolina residency, enrollment of at least six (6) credit hours per semester in a curriculum program, and meeting institutional Satisfactory Academic Progress requirements. Eligibility is also determined based on the student being eligible for the Federal Pell grant, and having an estimated family contribution range from 2201 to 5000. Students who have earned baccalaureate (four-year) college degrees are ineligible. Applicants must complete the FAFSA.

Federal Pell Grant: Awards from this federal grant program range from \$555 to \$5,550 during the 2010-11 year. The U.S. Department of Education determines eligibility using the FAFSA.

Federal Supplemental Grant: Awards from this federal grant program are made to students who receive the Federal Pell Grant based on the availability of funds.

Academic Competitiveness Grant Program (ACG) awards grants to eligible students who complete a rigorous secondary school program of study. An ACG is available during a student's first and second academic years of undergraduate education in an eligible undergraduate program. Applicants must be a U.S. citizen, be enrolled full-time, be Pell eligible and have successfully completed a rigorous high school program. Second year students must maintain a cumulative GPA of at least 3.0 for the award to be renewed. First year awards are valued at \$750, and second year awards are valued at \$1,300. Students apply for the ACG by filing the FAFSA.

Loan Programs: As a result of recently passed legislation, Wingate University will begin using the William D. Ford Direct Lending program effective Fall 2010.

Students and parents can use the Direct Loan program for all federal student and parent loans. The Direct Loan program is funded by the Federal Government, and students and parents can borrow directly from the federal government instead of lending agencies (banks).

Federal Direct Loan Program (subsidized/unsubsidized): This federal program provides long-term, low-interest loans to students. Per academic year, first-year students are eligible for \$5,500; sophomores, \$6,500; and juniors and seniors, \$7,500. Payments may be deferred if the student is enrolled at least half-time (six hours). Information is available through the Office of Student Financial Planning or at www.studentloans.gov. Students whose parents are denied a Federal Direct PLUS loan may receive up to an additional \$5,000 in unsubsidized Stafford.

Federal law requires colleges to certify private education loans using the borrower's choice of lender and the guarantee agency used by that lender. Based upon this law, you can choose any lender, including one that may not appear on the list provided. This list includes lenders that students at Wingate have historically used in obtaining private educational loans. **Note: Wingate University does not accept any form of gift or payment from any lender as an inducement to be on the lender list.**

Federal Work-Study: In this joint federal-university program, part-time work-study employment is made available to students. Students work an average of 10 hours per week and receive payroll checks monthly. Students are paid the minimum wage.

Note: All of the above programs with the exception of the North Carolina Tuition Grant require filing of the FAFSA.

Financial Assistance Alternatives

For families who do not qualify for federal or state financial assistance or whose financial assistance does not cover the entire cost of university attendance, there are several alternatives. Some of these are listed below (*contact the Office of Student Financial Planning for more information*).

Equal Payment Plan: Families may divide the cost of tuition, fees, room and board into eight (8) equal payments. There is a \$60 participation fee; however, Wingate charges no interest throughout the year. The first payment is due 10 days before the beginning of class. Subsequent payments are due the first day of each month, October-April. Payments may be made using check, cash, VISA, MasterCard or Discover.

Federal Direct (PLUS) Loan: The Department of Education makes available the Federal Direct PLUS Loan for parents of undergraduate students. Interest rates are fixed at 7.9%. Repayment begins after the loan has been fully disbursed.

Academic Scholarships

Academic Scholarships are awarded to qualified undergraduate applicants who have been admitted to Wingate University's Main Campus. After admission to the University, the academic credentials of each student are reviewed to determine scholarship eligibility. Students are notified of their scholarship award by the Office of Admissions immediately, with the exception of the Irwin Belk Scholarship. Belk recipients are notified in January. A separate scholarship application is not required.

Academic Scholarships are renewable for a maximum of eight semesters of undergraduate study. Recipients must maintain satisfactory progress standards as outlined by the individual scholarship criteria. Students are considered for the highest level scholarship based upon their qualifications; thus only one of the following academic scholarships will be awarded at the time of entry into Wingate University. Annual Academic Scholarship awards range from \$5,000 to \$15,000.

Irwin Belk Scholarships, our most competitive scholarships, are available to exemplary entering first-year students. Recipients are typically in the top 10% of their high school graduating class, have above a 4.20 weighted high school GPA and have an SAT score above 1950 (or an ACT score above 30). Irwin Belk Scholarships are limited and meeting minimum requirements for consideration does not guarantee receipt of an Irwin Belk Scholarship. Recipients must enroll full-time and achieve a minimum cumulative GPA of at least 3.00.

Trustee Scholarships are available to outstanding entering first-year students. These scholarships are awarded to students who have above a 4.2 weighted GPA. Scholarship recipients must enroll full-time and achieve a minimum cumulative GPA of at least 2.50.

Presidential Scholarships are available to exceptional entering first-year students. These scholarships are awarded to students who have above a 3.60 weighted GPA. Scholarship recipients must enroll full-time and achieve a minimum cumulative GPA of at least 2.50.

Academic Merit Scholarships are available to entering first-year students based on academic achievement and leadership. Merit Scholarships are awarded to students who have above a 3.00 weighted GPA. Scholarship recipients must enroll full-time and maintain satisfactory progress requirements as outlined in the University catalog.

Gateway Scholarships are available to entering first-year students based on demonstrated achievement and involvement. Scholarship recipients must enroll full-time and maintain satisfactory progress requirements as outlined in the University catalog.

Transfer Scholarships are awarded to transferring students entering one of Wingate University's undergraduate programs. Recipients must have demonstrated academic success at other colleges and universities and have a minimum of 24 college credit hours of acceptable transfer work. Scholarship recipients must enroll full-time and maintain satisfactory progress requirements as outlined in the University catalog.

Church-related Scholarships

North Carolina Baptist Scholarships are available from the Baptist State Convention of N.C. to undergraduate N.C. students who are members of cooperating churches of the Baptist State Convention of N.C. Applications and deadline dates may be found at www.scholarships.ncbaptist.org. This scholarship is administered annually through the Office of Student Financial Planning to students attending Wingate University's main campus programs. More information is available from that office

Ministerial Dependent's Grant

This grant (*valued at \$1,500*) is awarded to the spouse, child, or legal dependent of an ordained, full-time employee of a cooperating Baptist Church in North Carolina. It is renewable each year, contingent upon maintenance of satisfactory academic progress standards.

The grant is subject to the following guidelines:

- The recipient must be accepted for admission to Wingate University, must be a full-time student, and must maintain satisfactory academic progress.
- Students requesting additional financial assistance must complete the Free Application for Federal Student Aid (FAFSA) and the Wingate University Application for Financial Aid.
- The grant may be used by a qualified recipient for a total of eight semesters, or until he/she attains their bachelor's degree, whichever occurs first.
- The grant does not apply toward summer sessions.
- A limited number of grants may be available, and they will be awarded on a "first-come, first-served" basis.
- Dependents with exceptional need, as determined by a need analysis, may be offered additional funds.
- The Ministerial Dependent's Grant is not available to dependents of foreign missionaries in addition to the Foreign Missionary's Dependent Grant.

Foreign Missionary Dependent's Grant

This grant (*valued at \$1,500*) is awarded to the spouse, child, or legal dependent of a Baptist foreign missionary who is a full-time missionary.

The grant is subject to the following guidelines:

- The recipient must be accepted for admission to Wingate University, must be a full-time student, and must maintain satisfactory academic progress.
- Students requesting additional financial assistance must complete the Free Application for Federal Student Aid (FAFSA) and the Wingate University Application for Financial Aid.
- The grant may be used by a qualified recipient for a total of eight semesters, or until he/she attains their bachelor's degree, whichever occurs first.
- The grant does not apply toward summer sessions.
- A limited number of grants may be available, and they will be awarded on a "first-come, first-served" basis.
- Dependents with exceptional need, as determined by a need analysis, may be offered additional funds.

Legacy Awards

The Legacy Award is an annual award available to entering first-year students or new transfer students. To qualify, the student must be a son, daughter, grandson, granddaughter, niece, nephew, or sibling of a Wingate alumnus. Eligible students will receive a \$500 grant during each academic year.

Music Scholarships

Music scholarships, based on a performance audition and academic achievement, are awarded upon admission. The student must perform two contrasting selections representing an advanced level of study. For more information about the scholarships and the audition dates, contact the Department of Music.

Veterans Benefits

Veterans may qualify for financial assistance according to their length of military service. Widows and children of veterans who died or were disabled as a result of service-related injury or disease may also be eligible for educational benefits. In order for the Office of the Registrar to complete an enrollment certification, the

student must have received a letter of certificate of eligibility from the Veterans Administration. Wingate participates in the Yellow Ribbon Program. Information may be obtained from the Veterans Administration or from a veterans service officer.

WINGATE UNIVERSITY SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY FOR FINANCIAL AID RECIPIENTS

Effective July 1, 2011 (Fall Semester 2011)

Beginning July 1, 2011, Wingate University's Satisfactory Academic Progress (SAP) standards will change in accordance with new federal regulations. These new SAP standards will be monitored beginning with the Fall 2011 term (payment period).

As mandated by the Higher Education Act, institutions of higher education must establish minimum standards of "Satisfactory Academic Progress". Wingate University makes these standards applicable to all federal, state of North Carolina and institutional financial aid programs.

Programs administered by outside agencies, or states other than North Carolina, may have their own academic standards for students. Check the requirements with the agency granting your funding.

Note: The Belk and Trustee academic scholarships have academic requirements that are higher than those in this policy. The GPA requirement (cumulative) for the Belk Scholarship is 3.00 and for the Trustee Scholarship is 2.50 .

Student athletes must satisfy the eligibility requirements established by Wingate and by the NCAA to be eligible for athletically related financial aid.

General Satisfactory Academic Progress Principles

These principles apply to all degree programs at Wingate University. Specific guidelines for each academic program are outlined after these general principles.

- Federal Regulations require the university to establish SAP standards in the following areas: (1) Cumulative GPA; (2) Cumulative Hours Earned; and (3) Maximum Time Frame. In addition, the SAP policy must include a student's total academic history.
- SAP will be determined at the end of each semester (Fall, Spring and Summer) for which you are enrolled
- To earn hours at Wingate University, a student must receive a grade of A, B, C, or D. Any other grade does not earn hours.
- Classes in which a student receives a grade of Withdrawal (W) will be counted as hours attempted but not hours earned, therefore, will negatively impact a student's ability to satisfy SAP.
- Classes in which a student receives a grade of Incomplete (I) count as hours attempted but not as hours earned, therefore, will negatively impact a student's ability to satisfy SAP.
- When a student repeats a course, the total attempted hours will increase with each repeat, but the student will only earn hours for a completed course once. Therefore, repeating classes will negatively impact a student's ability to satisfy the 70% passage rate, but may significantly increase a student's cumulative GPA.
- Included in attempted and earned hours are all transfer credits from any previous school(s). Attempted / earned hours also includes credits earned through Advanced Placement (AP), College Level Examination Program (CLEP), or other similar testing programs.

Undergraduate Students SAP

Cumulative GPA

The cumulative number of credits attempted in the undergraduate schools of the university include those credits attempted as of the census date (5 calendar days after the last day to drop a course (Drop/Add). Multiple attempts of the same course will be counted (each attempt) for financial aid purposes.

Credits Attempted (includes transfer hours)	Minimum Cumulative GPA
1 – 23	1.6
24 -56	1.8
57 or more	2.0

Cumulative Hours Earned

A student must pass (earn) at least 67% of their credits attempted (excluding non-credit courses and pass/fail courses).

Maximum Time Frame

Undergraduate students must complete their degree requirements within 150% of the published length of their academic program to remain eligible for federal financial aid. This is the maximum allowable time for receipt of financial aid regardless of whether the student did or did not receive financial aid during any period of his/her enrollment. In addition, students will be allowed to receive **institutional financial aid** for a maximum of 150 % of their published program length.

Graduate/Professional/Pharmacy Students SAP

To receive eligible financial aid under the Federal Title IV programs, a graduate/professional/pharmacy student must be making “Satisfactory Academic Progress” (SAP) toward graduation. SAP as defined at Wingate University is as follows:

Doctor of Pharmacy (PharmD) SAP

Maintain a Cumulative Grade Point Average of 2.0

A student must achieve and maintain a Cumulative Grade Point Average of 2.0.

Cumulative Hours Earned

A student must pass (earn) at least 67% of their credits attempted (excluding non-credit courses and pass/fail courses).

Maximum Time Frame

PharmD students must complete their degree requirements within 150% of the published length of their academic program, regardless of whether the student did or did not receive financial aid during any prior period of his/her enrollment.

Master of Physician Assistant Studies (MPAS) SAP

Maintain a Cumulative Grade Point Average of 3.0

A student must achieve and maintain a Cumulative Grade Point Average of 3.0.

Cumulative Hours Earned

A student must pass (earn) at least 67% of their credits attempted (excluding non-credit courses and pass/fail courses).

Maximum Time Frame

MPAS students must complete their degree requirements within 150% of the published length of their academic program, regardless of whether the student did or did not receive financial aid during any prior period of his/her enrollment.

Master of Business Administration (MBA) SAP**Maintain a Cumulative Grade Point Average of 3.0**

A student must achieve and maintain a Cumulative Grade Point Average of 3.0.

Cumulative Hours Earned

A student must pass (earn) at least 67% of their credits attempted (excluding non-credit courses and pass/fail courses).

Maximum Time Frame

MBA students must complete their degree requirements within 150% of the published length of their academic program, regardless of whether the student did or did not receive financial aid during any prior period of his/her enrollment.

Graduate Education Programs SAP

Doctor of Education in Educational Leadership (EDD), Master of Arts in Education (MAED), Master of Arts in Teaching (MAT), Master of Arts in Education in Educational Leadership (EDLD), Master of Arts in Education in Physical Education (MEPE), Master of Arts in Education in Sport Administration (MASA)

Maintain a Cumulative Grade Point Average of 3.0 (B)

A student must achieve and maintain a Cumulative Grade Point Average of 3.0.

Cumulative Hours Earned

A student must pass (earn) at least 67% of their credits attempted (excluding non-credit courses and pass/fail courses).

Maximum Time Frame

Graduate Education students must complete their degree requirements within 150% of the published length of their academic program, regardless of whether the student did or did not receive financial aid during any prior period of his/her enrollment.

Failure to Meet Satisfactory Academic Progress

Students who fail to meet the Satisfactory Academic Progress standards will be placed on Financial Aid Warning (FAW) for the following semester (payment period). During the FAW period, a student will be eligible to receive financial aid. If you meet the minimum standards at the end of the FAW, you will be placed back in good standing.

At the end of the FAW period, students who still do not meet the SAP standards will be ineligible for financial aid and placed on Financial Aid Cancellation (FAC). You will receive written notification of the loss of your financial aid.

Students who are re-admitted to Wingate University following a period of non-enrollment must meet Wingate's SAP policy in order to regain eligibility for financial aid.

Regaining Financial Aid

To regain your financial aid eligibility, you can enroll for (and attend) subsequent semesters without financial aid. Your progress will be re-evaluated at the end of each semester to determine your progress.

OR

Students who become ineligible to receive financial aid due to SAP and feel they have extenuating circumstances may make a written appeal to the Financial Aid Committee. Extenuating circumstances may include, but are not limited to, a death of an immediate family member or extreme medical emergencies/illness. The Financial Aid Committee is comprised of the Director and Counselors of Financial Aid. If necessary, the Vice-President of Enrollment Management and Student Life may be included.

The appeal must include

- Why the student failed to make SAP
- What has changed that will allow the student to make SAP at the next evaluation (end of the next semester)

Financial aid may be reinstated by the committee upon demonstration of mitigating circumstances, which must be documented in writing to the satisfaction of the committee. Examples of mitigating circumstances and appropriate documentation include, but are not necessarily limited to:

- 1) Serious illness of student--statement from physician that illness interfered with student's ability to meet SAP along with written letter of appeal from student.
- 2) Serious illness of immediate family member--statement from a physician along with written letter of appeal from student.
- 3) Death of an immediate/close family member--statement from a minister, nearest relative, or an unbiased concerned adult along with written letter of appeal from student.
- 4) Disruptive internal family problems--statement from parents, minister, or an unbiased concerned adult along with written letter of appeal from student.

Students who appeal and have their eligibility for Title IV aid reinstated will be placed on Financial Aid Probation (FAP). They may receive aid for one payment period. Failure to regain SAP during this payment period will result in the loss of Title IV aid.

Academic Scholarship Satisfactory Progress Guidelines

Academic scholarship progress for Belk and Trustee scholarship recipients is checked at the end of each semester. At the conclusion of the semester, the Office of Financial Planning will notify the student by mail if the cumulative grade point average is below the minimum. At that point, the student is placed on academic scholarship probation for the next semester. Students will continue to receive their academic scholarship during the probationary semester.

If the minimum cumulative GPA is achieved at the end of the probationary semester, the Office of Financial Planning will renew the academic scholarship for the next semester.

If the minimum cumulative GPA is not achieved at the end of the probationary semester, the Office of Financial Planning may reduce or remove the academic scholarship based on the following:

BELK SCHOLARSHIP: If the GPA is less than 3.000, the award will be reduced by 50%

TRUSTEE SCHOLARSHIP: If the GPA is less than 2.500, the award will be reduced by 50%.

If the academic scholarship is reduced or removed from the student's financial aid package, the student will be eligible to reinstate the original scholarship if his/her cumulative GPA improves to the required minimum cumulative GPA for that scholarship. However, academic scholarships may only be increased back to the original award once. The next time the cumulative GPA falls below the required minimum, the academic scholarship may remain at the lower award until the eligibility expires. **Students who have had their scholarships reduced or removed are responsible for notifying the Financial Planning Office when they have achieved the required GPA for their original scholarship.**

Consumer Information Disclosures

The Higher Education Opportunity Act (HEOA) requires that colleges and universities provide specific disclosures to prospective and current students. These disclosures may be found at <http://www.wingate.edu/FinancialAid/default.asp> or by contacting the Office of the Registrar.

UNDERGRADUATE

DEGREES

UNDERGRADUATE CURRICULUM

University education at its best transforms students through daily participation in active learning under the supervision of highly qualified professors. A bachelor's degree is composed of classes from three areas—the core curriculum, the major, and electives.

The Core

The University Core Curriculum is built around the skills needed to thrive in the 21st century, and it provides the unifying thread that runs through the varied academic pursuits on the campus.

- The Global Perspectives courses are foundations for facing cultural differences in the diverse settings where university graduates will live and work.
- Refined writing skills are nurtured in the courses that focus on the best writing in multiple fields of study, in tandem with Wingate's Writing Center, which provides daily assistance in integrating writing skills at every level of a student's training.
- Other courses provide opportunities for developing basic skills and cultural perspectives required by the challenges the contemporary world sets before us.

The Major

Each student chooses a Major area of studies, which provides breadth and depth of skills in a distinct area of focus. Some students choose a major as the gateway to a particular career. For others the major is the foundation for further study in a graduate school. Some students choose a major to pursue their deepest interests and enhanced self-understanding. Within each major students will actively

- develop writing skills appropriate to the area of study,
- learn to use current technology within that field, and
- acquire skills in public speaking through oral presentations and defenses.

Note: When a requirement in the core may be met by one of several courses, certain majors may specify which courses will meet their requirements.

Electives

Students may choose a second major, or one or two minors, or just design a set of elective courses that will allow them to explore diverse avenues of active learning.

Bachelor's Degrees

Wingate University offers four bachelor's degrees to meet the varied needs of students on the main campus in Wingate. Though similar, they have distinct differences. Some majors allow students to choose one of these degrees based on personal interests and career plans. The Bachelor of Arts includes training in speaking a foreign language, while the Bachelor of Science stresses mathematical and empirical studies. The Bachelor of Fine Arts stresses art production and exhibition, while the Bachelor of Music Education prepares students to be licensed for teaching in public schools.

This core curriculum, featuring "Global Perspectives," contains significant revisions and is intended for students entering the University in Fall 2009 or later. For exceptions and other considerations, see the section entitled "Catalog Year" in Chapter Six.

BACCALAUREATE MAJORS

Wingate University offers 32 majors at the baccalaureate level. Students choose at least one major. Requirements for majors are explained within their respective academic departments (see *Academic Programs, Departments, and Schools*). The courses for a major may include introductory or basic prerequisite courses and higher level courses in the major discipline and/or related disciplines. Some majors permit or require a student to select an area of concentration that allows for more focus on a subdiscipline within the major subject area.

A student may earn more than one major. Should a student pursue a second major, no more than two courses from the primary major can be counted toward the second major(s). A second major does not necessarily entail a second degree. The additional major(s) must be under the same degree program unless permission has been granted to earn more than one degree (see ***Additional Bachelor's Degree*** on page 104).

In some cases, a student may return to earn another major after having previously graduated (see ***Additional Major*** on page 106).

LYCEUM SERIES

In keeping with the belief that diversity of experience is essential to a well-rounded education, Wingate University provides varied opportunities for cultural enrichment outside of the classroom. The Lyceum Series includes programs in the four categories listed below, and students are required to attend at least 40 events over the course of their studies as a requirement for graduation, distributed according to the following plan:

Faith and Character Development	8 events
Fine Arts Presentations and Performances	8 events
Academic Lectures	8 events
Personal and Professional Growth	8 events
Electives from any category	8 events
<i>TOTAL</i>	<i>40 EVENTS</i>

ELECTIVES

The student and advisor should carefully plan for electives that complement the desired major. Electives may be chosen from any course offered by the University provided prerequisites are met. A student should consult with his or her advisor in choosing electives that will meet degree and career objectives. Students may wish to use elective hours to fulfill the specific requirements of a minor. Classes at the 100/200 level are classified as general electives; classes at the 300/400 level are classified as advanced electives.

MINORS

To complement a major, students may choose a minor (minimum of 18 semester hours) in one of the below areas. Wingate does not require minors. Minors should be in a different academic discipline than the baccalaureate major. Each department defines minors in each discipline in which a minor may be earned (see *Programs of Study*). The following policies apply:

- No more than two courses counted for a major may also be counted for a minor (except a biology and chemistry combination).
- No more than two courses counted for a minor can count toward another minor.
- Students who wish to pursue a minor should notify the Office of Academic Advising of this intent. The minor will not appear on the student’s transcript unless this declaration is made.
- A student who is following the requirements for a major outlined in an earlier catalog may choose a minor from a later catalog. The reverse does not apply. This policy is only applicable in choosing a minor; not a second major.

Possible minors include:

Accounting	Exercise Science	Media Arts
Art	Family Studies	Music
Art History	Finance	Philosophy
Biology	History	Prof. and Technical Writing
Broadcast Journalism	Human Services	Psychology
Chemistry	International Studies	Public Safety Admin.
Communication	Journalism	Religious Studies
Community Youth Development.	Legal Studies	Sociology
Creative Writing	Management	Spanish
Economics	Marketing	Sport Management
English	Mathematics	French
Environmental Biology		Women’s Studies

Chapter 5

ACADEMIC PROGRAMS, DEPARTMENTS, AND SCHOOLS

STUDY ABROAD PROGRAMS

Study Abroad at Wingate offers a wide range of options for academic and personal growth through short-term, summer, and semester programs. Most offer transfer credit that can be used to satisfy major and minor requirements. Listed below are a few examples of programs available. Students should contact the Director of International Studies for detailed information about study abroad programs, the application process, requirements, and deadlines.

Council on International Educational Exchange (CIEE)

Through an affiliate agreement with the Council on International Educational Exchange, Wingate University students can choose from semester or summer programs at CIEE study centers located in 35 countries worldwide. CIEE offers a wide range of study areas, from major-specific concentrations to language studies to the liberal arts in general. Students apply to the program by submitting two reference letters, a personal statement, and an analysis of the relevance of CIEE courses to the applicant's degree program. Students must have a minimum 2.75 GPA to apply.

Danish Institute for Study Abroad (DIS)

Wingate University has a partner relationship with the Danish Institute for Study Abroad (DIS) that allows select students to study in Copenhagen for a semester or summer. Students apply to the program by submitting two reference letters, a personal statement, and an analysis of the relevance of DIS courses to the applicant's degree program. Students must have a minimum 3.0 GPA to apply. DIS offers a general curriculum as well as specialty courses in marine biology, international business, and communications.

Hong Kong Baptist University

Wingate University has a direct enrollment agreement with Hong Kong Baptist University (HKBU) that enables several students a year to study in Hong Kong. Students apply to the program by submitting two reference letters, a personal statement, and an analysis of the relevance of HKBU courses to the applicant's degree program. Students are required to have a minimum 2.75 GPA. HKBU offers a full range of courses in English suitable for almost any major.

Internships in Chile

Internships and service learning opportunities in Chile are available for up to eight weeks in the summer. Wingate has partnered with an organization in Chile that assists students in finding a placement related to a student's interests and skills. In addition, the organization helps to arrange interviews, supervises interns, reviews intern paperwork, and coordinates accommodations. To complement the experience, students may take an immersion Spanish course concurrently with the internship.

Internships in London

Full-time internships and service learning opportunities in London are available during the semester and for up to eight weeks in the summer. Wingate has partnered with an organization in London that assists students in finding a placement related to a student's interests and skills. In addition, the organization helps to arrange interviews, supervises interns, reviews intern paperwork, and coordinates accommodations. To complement the experience, students will take a British Life & Culture course concurrently with the internship.

Students may choose from a variety of internship areas, including: Art and Design, Advertising and PR, Business and Finance, Communications/Media, Education,

Fashion, Government & Politics, Health Care/Sciences, History, IT/Computing, Law Psychology & Social Services, Sports and Events Management, and Theatre.

Spanish Immersion Program

Spanish 103 combines beginning Spanish I and II into one semester. Students take intensive Spanish classes at Wingate during the course of the semester, learning communication skills, aural comprehension, pronunciation, structure of the language, and essential vocabulary for practical communication. The class culminates in May with a three week immersion experience in a Spanish-speaking country, where students live with Spanish-speaking host families while taking intensive classes that combine classroom time with field experiences.

W'International Program

Wingate University offers a unique study-tour program called "W'International" that makes an international experience available at minimum expense to all eligible juniors. (See eligibility requirements below.) The program includes a weekly seminar during the fall or spring semester followed by 10 days of travel. The weekly W'International classes include a general orientation to international travel and an in-depth study of the culture and history of the appropriate destination. Students are required to attend all class meetings and a general session. The travel part of the program occurs after Christmas (fall) or after Commencement (spring). The University covers the costs of transportation and lodging, so that a student can participate in W'International at a low personal cost. Most seminars have a moderate, non-refundable surcharge due at the beginning of the semester of participation. During the course and on the trip, the student is obligated to follow the professor's instructions and demonstrate a high standard of character and maturity.

Requirements:

- Junior class standing. A student who does not participate during his/her junior year forfeits eligibility. Those students with junior class standing have earned no fewer than 57 credit hours at the beginning of the semester of participation. Transfer students who have junior status must have completed one semester as a full-time student.
- A cumulative GPA of 2.3 by the beginning of the semester of participation.
- Students must reconcile any debts to the University before commencement of the tour.
- Students must successfully complete the seminar with a "D" or higher to participate in the travel portion of the course and cannot be on social probation at any time during the course. Refunds are not given in these cases.

Students who pass the seminar and who satisfactorily complete the W'International tour receive two credit hours. Sign-up begins on the first day of junior registration and is on a first-come first-served basis. The University does not guarantee a student's first choice.

Wingate International Grant for Students (WINGS)

The Wingate International Grant for Students program provides funds for semester or shorter term study abroad to qualified students. Grants are competitive and will be based upon a variety of factors, including financial need, academic merit, the strength of an individual's application, and the number of applicants. Qualified students will have a minimum 2.75 cumulative GPA. Please note that some programs will require a minimum 3.0 GPA. WINGS is awarded to undergraduate students. Students must fill out the Free Application for Federal Student Aid (FAFSA) to be considered.

Questions about WINGS, qualified study abroad programs, and study abroad in general should be directed to the Office of International Studies in Alumni Hall.

HONORS PROGRAMS

University Honors

The University Honors Program is designed to inspire, engage, and challenge the most motivated and intellectually curious students who attend Wingate University. Students will either be nominated for the program by a professor or will self-nominate by February 1 of the year they enter. Interviews will be held with those who accept the nomination, and a special program will launch the new honors group in March. In the first semester of their sophomore year, honors students will choose courses from three different tracks, one a more traditional honors curriculum and the other two more science-based. Cohesion in University Honors will be achieved by students in either track taking a one-hour interdisciplinary honors seminar, doing an honors thesis or project of significant research in their junior and/or senior year, and taking at least three additional Core-linked, in-course, or regular honors courses.

In addition to completing an honors curriculum, students in University Honors will also be encouraged to participate in at least one summer research grant project with a faculty mentor, be invited to become a member of one general and one discipline-specific honors society (e.g. Alpha Chi), and present their research at both Wingate's undergraduate research symposium and at at least one regional or national conference.

Students will work closely with a professor in their majors to design and complete the University Honors project (Honors 451), a substantive study culminating in a thesis paper or major-specific project of appropriate scope and length (this project's requirements are fulfilled through the research components in the biology and chemistry tracks; students in these tracks do not register for Honors 451). Graded projects are submitted for approval to other faculty in the chosen discipline and then forwarded to the Director of Honors who verifies the student's eligibility to graduate with University Honors and sends the official recommendation to the Registrar. A student's thesis must receive an average grade no lower than "B" (3.0 quality points) from its three faculty readers in order to qualify a student for the University Honors designation. Occasionally, students in other majors (history, psychology) may fulfill the requirements for Honors 451 through a mandated research project in their major. In these cases, students may appeal to the Director of Honors to have their research certified as meeting the stipulations of Honors 451. Students will still register for Honors 451 and get one hour's credit by meeting periodically with honors and mentoring faculty and other students doing such research and by preparing to present their research at conferences.

Traditional Track

To graduate with University Honors (traditional track), students must take the following 17 credit hours:

- Honors 220 (Interdisciplinary Honors Seminary)—one credit hour
- Honors 451 (Final Research Thesis or project in student's major)—one credit hour
- Five three-credit-hour courses selected from the following (one possible course is four credit hours):
 - Global Perspectives in Literature (sophomore year)
 - Global Perspectives in Economics and Political Science (sophomore year)
 - Perspectives in Global Histories (junior or senior year)
 - Global Perspectives in Ethics (senior year)
 - Honors 210: Mathematical Masterpieces (sophomore or junior year)
 - Honors 205: Ideas in Fine Arts (sophomore or junior year)
 - Honors 215: Special Topics (sophomore or junior year)
 - Genetics (100 level) with lab or another science course with lab as science faculty decide (sophomore year)
 - Honors 300: The Making of the Modern Mind or Honors 315: Special Topics

- (junior or senior year)
- In-class honors in upper-level major requirement or elective course (junior or senior year)
- Occasionally, honors sections of courses like psychology or sociology might be offered.

Chemistry Track

To graduate with honors as a chemistry major a student must fulfill the following requirements (16 hours total):

- Maintain a 3.5 GPA in all chemistry classes
- Take chemistry 491 & 492 (Senior Research I and II)
- Take three upper level honors classes such as Honors 315, Honors 300, and a Core-linked honors class
- Take one 1 hr honors seminar (P/F)
- Present their research at a national or regional meeting such as SERMACS or NCUR
- Participate in the Wingate University Undergraduate Research Symposium
- Write a publication style paper on their research that is reviewed by two Chemistry faculty

Biology Track

To graduate with honors as a biology major a student must fulfill the following requirements (16 hours total):

- Honors Electives (3 courses/9 credit hours — may include Core or In-Course Honors in Biology) Note: Some ideas for in-course honors include, but are not limited to:
 - Lead class discussion on a topic of particular interest
 - Complete an extra or extended paper or project
 - Complete readings for tutorial sessions
 - Complete a literature review or annotated bibliography
 - Keep an academic journal
 - Interview appropriate professionals
 - Do a challenging lab experiment or observation
 - Create a computer program related to course content
 - Apply the principles of the course through volunteer service
- Honors Seminar (1 course/1 credit hour — taken as Pass/Fail)
- Senior Honors Project (6 credit hours)
 - Biology 443 (3 credit hours)
 - Biology 443 (3 credit hours)
 - Note: Senior project consists of year-long research project with faculty member. Project to be written in manuscript form and presented at the WU research symposium. Professional meeting presentation up to professor's discretion.

Honors Recognition

Students who successfully complete the University Honors program will receive the designation "University Honors" on their transcripts and diplomas, will be recognized at Commencement, and will wear a white cord. In addition, each honors course will carry the designation "H" on transcripts and grade reports no matter whether or not a student completes the entire program.

Departmental Honors

Any student may elect to do departmental honors work in the following fashion. Departmental honors is independent of University Honors.

In-Course Honors

Students with a minimum GPA of 3.00 with no grade below "C" may request permission from professors to earn honors credit in a regular class by submitting proposals for extra work and projects in return for special attention and conferences. Proposals must be approved by the department in which honors work will be done by three weeks after the beginning of a semester and must meet all guidelines of the department. Students who earn honors credit will have it so designated beside the course number on their transcripts and grade reports (*example: GPS 120H*). Professors may have not more than four students doing in-course honors during a semester without permission from the Vice President for Academic Affairs and the Honors Committee.

Departmental Honors Research

The academically superior student at Wingate University has an opportunity to engage in intensive study in a major field through advanced independent research, experimentation, or creative activity. Listed in the catalog and on student transcripts as Honors Research 449, 450, this study is a two consecutive semester project for which the student earns credit of 2 or 3 hours each semester for a total of 4 or 6 hours credit.

To qualify for admission to Honors Research, a student must have a minimum GPA of 3.00 on all course work and a 3.50 in the major field. An eligible student may register for Honors Research during any regular registration. After the Honors Committee verifies that the student is eligible, the student selects a tentative subject of research and a supervisory professor who is knowledgeable in the chosen field.

In consultation with the supervisory professor, the student designs a proposal in acceptable form outlining the research project and the research tools to be used. This proposal is submitted to the department for preliminary approval. The Honors Committee grants final approval of the proposal.

The student, with direction from the supervisory professor, must complete the project during two semesters. Upon completion of the independent research, the department will evaluate and endorse the project. The approved final draft will then be presented to the Honors Committee for its review.

If the Honors Committee, in consultation with the supervisory professor and department, judges the work to be of superior quality and the student has met all requirements for an honors designation, a recommendation will be made to the Vice President for Academic Affairs that the student receives honors designation in the major and during Commencement. Honors Research judged not to be of superior quality by either the professor, department, or Honors Committee but is judged to be passing will be granted 4 or 6 semester hours of independent study credit in research, but not honors credit.

Departmental Honors Designations

A student may earn honors designations in an academic major by completing one of the following options:

- A minimum of 12 semester hours of honors courses in a specific major, with at least six of the 12 hours in 300-400 level courses.
- A minimum of 12 semester hours of honors courses in a specific major, including five semester hours of Honors Research.

To earn an honors designation, a student must have a minimum GPA of 3.00 on all work and a minimum GPA of 3.50 in all honors work within the major. Honors designations are shown on transcripts, and students who complete an honors program are awarded special recognition during commencement exercises.

PRE-PROFESSIONAL PROGRAMS

A variety of undergraduate programs prepare students for further study and professional careers. Recommended majors for each program are listed below:

Pre-Professional Programs	
Pre-Dentistry	Any major (<i>science recommended</i>) (BA/BS)
Pre-Engineering	Pre-requisites to transfer to Engineering School (BS)
Pre-Law	Liberal Arts major/Legal Studies minor (BA/BS)
Pre-Medical	Any major (<i>science recommended</i>) (BA/BS)
Pre-Ministerial	Major in Religious Studies (BA)
Pre-Pharmacy	Major in Sciences (BA/BS)
Pre-Physician Assistant Studies	Major in Sciences (BA/BS)
Pre-Veterinary medicine	Any major (<i>science recommended</i>) (BA/BS)

Pre-Engineering

Wingate provides a path for students planning to pursue a bachelor's degree in engineering. This program includes the necessary science, mathematics, economics, humanities, and social science courses. Pre-Engineering students will work closely with their advisor in selecting the appropriate courses for their field of interest and to fulfill the requirements of the engineering school. Including the core curriculums, students should complete the following courses for transfer to an accredited engineering program:

Chemistry 101, 102	Principles of Chemistry I, II
Physics 201, 202	Principles of Physics I, II
Math 120, 220, 305	Calculus and Analytic Geometry I, II, III
Math 310	Differential Equations
Economics 221, 222	Microeconomics, Macroeconomics

Pre-Health Professions (Medical, Veterinary, Dental)

Medical, dental, and veterinary schools specify courses, not specific majors, that are prerequisites for admission to their programs. For example, Pre-Med students may select any major as long as they take the courses required by the medical school they wish to attend. Regardless of which major you select at Wingate University, most medical and dental schools in the U.S. require one year each of biology, general chemistry, organic chemistry, and physics. Some specify calculus. Vet schools may require more: biochemistry, genetics, and microbiology. You should select a major which matches your interests and abilities and one which allows you to complete the necessary biology, chemistry, math, and physics courses. If you choose a major which does not require the essential science and math courses as part of its curriculum, you will need to take them as electives in addition to your major's required courses.

Admission to professional schools is highly competitive and selective. Excellent study skills, self-discipline and motivation, a strong background in math and science, the ability to think, reason, and express ideas clearly are skills essential to successful academic performance. In order to be competitive for admission to professional school, students must attain a very high GPA, 3.7 or better (especially in science courses), and must earn high scores on the MCAT/DAT/VCAT entry test. In addition, students must have: appropriate volunteer or job experience in their area of career interest; effective communication and interview skills; and strong letters of recommendation

from their professors, based upon outstanding academic performance, reputation for excellence and personal integrity, and demonstrated potential to succeed in the professional school curriculum.

Most of the science courses have prerequisites and some courses are not offered every semester. The courses you take (biology, chemistry, and math), the sequence in which you take them, and your performance in them are critical -- failure to complete specific courses at the right time or with satisfactory grades will interfere with your progress towards completing the sequence of science courses needed for professional school. **Each student is responsible for selecting the courses that are needed to meet all entrance requirements specified in the bulletin from the school they wish to attend.**

Pre-Health Professions students should consult the information for the major they plan to pursue for suggested first-semester classes.

Pre-Law

The Pre-Law program at Wingate University is designed to prepare the student for success as a lawyer. No law school requires a particular major as a pre-requisite for admission. Rather, law schools look for evidence of reading and analytical abilities which serve as the primary bases of admissions decisions. For that reason, the Pre-Law program has two emphases, both focused on skill development. First, the Pre-Law student should choose a major based on personal interest. Experience indicates that reading and analytical skills can be developed only if a student is willing to work hard and that a student is willing to work hard only if he or she studies a subject that is interesting. Any major will provide ample opportunity to develop the required skills for law school. Second, the Pre-Law student should complete the Legal Studies minor. This minor includes the specific courses in the Wingate University curriculum that will be the most valuable in preparing for law school.

Admission to law school demands that preparation begin far before formal application for admission. The student planning to become a lawyer is urged to meet with the Pre-Law advisor no later than his or her sophomore year.

Suggested sequence of courses for the Legal Studies minor:

<u>First Year:</u> <ul style="list-style-type: none"> • Fall: Philosophy 101 (This course is not part of the Legal Studies Minor, but provides an excellent introduction into the type of reading and analytical skills needed for success in law school.) 	<u>Sophomore Year</u> <ul style="list-style-type: none"> • Fall: Economics 221 or Legal Studies elective • Spring: Philosophy 351 or Legal Studies elective
<u>Junior Year</u> <ul style="list-style-type: none"> • Fall: English 360 or Legal Studies elective • Spring English 360 or Legal Studies elective 	<u>Senior Year</u> <ul style="list-style-type: none"> • Fall: Legal Studies elective • Spring Legal Studies elective

Pre-Ministerial Education

Students attending Wingate University who are intending to pursue seminary education and a life of ordained ministry in the church or on behalf of the church in other settings are provided a variety of opportunities, within and beyond the classroom. The University's Pre-Ministerial program is jointly administered by the Department of Religion and Philosophy and the Office of the Campus Minister, who serves as an advisor to such students. The undergraduate years can provide a solid foundation for seminary and ministry; they can neither duplicate nor replace seminary education. However, because a sense of call to ministry often flourishes during the college years, we provide opportunities for education and formation in that call. Pre-Ministerial students are encouraged to major in religion in order to receive a solid foundation in the core theological disciplines of Bible, Church History, Theology, and Philosophy. Advanced course-work in the broader liberal arts, including English, History, Sociology, and Psychology can also be helpful, and depending upon the students' particular commitment, a minor or double major in one of these areas may be advised.

Beyond the classroom, Pre-Ministerial students have opportunities to pursue ministry internships, including one for academic credit. Students are also encouraged to take leadership roles in student religious organizations, including the many mission opportunities they provide, and in the University's weekly worship services. The Office of the Campus Minister helps interested students find placements in local congregations for part-time ministry opportunities. Counseling and small group opportunities are also provided to interested students seeking to develop and refine their understanding of their call to ministry.

Pre-Nursing

Students will apply to the upper division Nursing Program in the spring semester of their sophomore year for admission into the following fall cohort. Admission will be based on GPA, successful completion of all prerequisites, and a personal interview.

Before starting their junior year, all students must have passed a Certified Nursing Assistant (CNA) course that contains some hands-on clinical experience and that qualifies a student to take the CNA Certification exam. Students are not required to actually obtain this certification, although it is recommended that they do and that they get some CNA work experience.

Curriculum requirements have not yet been finalized. See <http://www.wingate.edu/academics/nursing> for more information.

It is suggested that Wingate University students intending to pursue the Bachelor of Science in Nursing take the following pre-requisites in order to be admitted to the program in the junior year:

Year One: Fall (16 credit hours) <ul style="list-style-type: none"> • Global Perspectives 110/120 (3) • Gateway 101 (1) • English 110 (3) • Foreign Language 101 (3) • Chemistry 101 (4) • Fine Arts (2) 	Year One: Spring (16 credit hours) <ul style="list-style-type: none"> • Global Perspectives 110/120 (3) • Psychology 101 (3) • Foreign Language 102 (3) • Biology 150 (4) • Math 116 or higher (3)
Year Two: Fall (15 credit hours) <ul style="list-style-type: none"> • Global Perspectives 210/220 (3) • Math 209 (3) • Physical Education 101 (2) • Psychology 250 (3) • Anatomy and Physiology I (4) 	Year Two: Spring (16 credit hours) <ul style="list-style-type: none"> • Global Perspectives 210/220 (3) • Anatomy and Physiology II (4) • Biology 320 (4) • Nursing Concepts (2) • Literature and Writing (3)

Pre-Pharmacy

Wingate University School of Pharmacy's mission is to prepare pharmacists who are ready to practice on the day of graduation. Practice experiences are begun in Year-1, with additional experiences included in EACH year of the curriculum. Practice sites for full-time rotations are located in the Carolinas, throughout the greater Charlotte metropolitan area and beyond.

The fully-integrated curriculum is punctuated with small group case studies held weekly during each semester. All class notes are posted on the school's webpage prior to class, and each smart classroom allows for wireless student connectivity. Additionally, instant response software is provided to each student, enabling the student to register opinions, take self-assessment tests and receive instant feedback on themselves as well as the class as a whole. The Pharmacy Practice Laboratory is designed like a community pharmacy, not a chemistry lab. Patient counseling rooms allow for recording practice sessions with simulated and real patients.

Applicants to the School of Pharmacy who have been designated as Wingate University Pre-Pharmacy majors for a minimum of two academic years and who have attained a minimum pre-pharmacy required grade point average of 3.0 and a minimum composite percentile score on the PCAT of 50 will be granted a School of Pharmacy admission interview. The granting of the interview does not guarantee admission to the School of Pharmacy. Students may apply to the School of Pharmacy during the fall of their sophomore year.

Students who wish to be considered for admission to the Wingate University School of Pharmacy will take a specific sequence of pre-requisite courses and should work closely with a Pre-Pharmacy advisor.

Sequence of courses for the Pre-Pharmacy program:

Fall Semester First Year (18 hours)

- Chemistry 101
- Math 120
- English 110
- Global Perspectives 110 or 120
- Non-science pre-requisite (3 hours)
- Gateway 101

Fall Semester Sophomore Year (17-18 hours)

- Chemistry 201
- Physics 201
- Biology 315
- Global Perspectives 210 or 220
- Non-science pre-requisite (2-3 hours)

Spring Semester First Year (17 hours)

- Chemistry 102
- Biology 150
- Global Perspectives 110 or 120
- Non-science pre-requisite (6 hours)

Spring Semester Sophomore Year (16-17 hours)

- Chemistry 202
- Biology 320
- Global Perspectives 210 or 220
- Non-science pre-requisite (5-6 hours)

Non Science pre-requisites

- Psychology or Sociology
- Math 209
- Communication 101
- Physical Education 101
- Humanities (6 hours) -- Foreign Language, Philosophy, Global Perspectives

Pre-Physician Assistant Studies

The mission of the William and Loretta Harris Department of Physician Assistant Studies is to educate physician assistants to become competent, compassionate and comprehensive health care providers. Graduates will become leaders in the health care community, continuously striving for excellence in their professional endeavors while compassionately providing for the health care needs of those they serve.

Students who wished to apply to the MPAS program must meet the following requirements to be considered for admission into the program:

*Biology 315	Human Anatomy and Physiology
*Biology 414	Animal Physiology
*Biology 320	Microbiology
*Biology 424 or Biology 425	Principles of Biochemistry; Biochemistry
*Chemistry 201	Organic Chemistry I
*Biology 140 or Biology 305	Human Genetics; Genetics
Math 209 or Math 330	Inferential Statistics; Statistics I
Psychology 101	General Psychology (AP credit will be accepted)
Medical Terminology	This course can be taken at other institutions or online. Transcript will be required when submitting application through CASPA

*Students must achieve a cumulative GPA of 3.2 or higher on the above courses to be considered for admission to the PA Program

Results for the Graduate Record Exam (GRE) are to be submitted directly to the PA Program. For further requirements, please see the PA website at www.pa.wingate.edu

CHARLES A. CANNON

COLLEGE OF ARTS AND SCIENCES

Dean: H. Donald Merrill

The Charles A. Cannon College of Arts and Sciences represents the Wingate conviction that truth has a unitary character and that our knowledge and understanding of truth can be enhanced through the exploration of ideas in academic disciplines. These basic disciplines are so intertwined both in content and methodology that they frequently overlap in the experience of the learner. The interrelation of arts and sciences has deep roots in the Western intellectual tradition, from the classic formulation between the Greeks and Romans to the modern foundations of learning which emerged in the Enlightenment. One or more of these disciplines have been involved in most of the discoveries of truth about our world and ourselves since the beginning of human civilization.

In the Charles A. Cannon College of Arts and Sciences, Wingate University unites Art, Biology, Chemistry and Physics, Communication, English, History and Political Science, Mathematics, Modern Languages, Music, Nursing, Psychology, Religion and Philosophy, and Sociology into an administrative unit—an undergraduate college—to clarify and strengthen our awareness of educational mission and purpose. While we recognize and value the unique contribution of our individual fields, we have the same quest for truth that we believe will flourish in a collegial community.

The arts and sciences provide rich resources to strengthen our solitary lives as individuals and to solidify our relationships with others in society. In a university environment, these disciplines provide many combinations for individual specialization in academic majors. Advanced study in many of these can become the foundation for professional careers and for lifelong learning.

We urge students to discern the unity and the diversity of truth that this university organization represents. We invite all learners, those with high school diplomas and those with doctorates, to join in a quest for knowledge and meaning which will expand our understanding of truth and will open yet new vistas for future generations.

DEPARTMENT OF ART

Professors: Louise S. Napier (Chair), E. Alexander Youngman
 Assistant Professors: Marilyn Hartness

Goals and Objectives

The Department of Art exists to provide art instruction of high quality to students enrolled in art degree programs and to general University students. The specific objectives of the department are to offer:

- baccalaureate degrees in art that are appropriate to students served
- art appreciation and art history courses as options for the Fine Arts component of the University's core curriculums and elective courses in art for the general student population
- exhibition opportunities for art majors and art students overall
- exhibits, lectures, workshops, and master classes for art students, the campus community, public school art teachers, and the public overall

Degree Program Goals

The Bachelor of Arts in Art curriculum is designed to bring the student to a high level of achievement in art production and exhibition.

The Bachelor of Fine Arts degree is designed to prepare a student for entrance into an art career or for entrance into a Master of Arts or Master of Fine Arts degree program. The BFA is a preprofessional degree with emphasis on studio production in a selected area of concentration. Concentrations offered are Fine Arts: 2D media, Fine Arts: 3D media & Graphic Arts

The Bachelor of Arts in Art and Education curriculum is designed to prepare the student for certification to teach art in public schools, grades K-12.

Art and Education

Bachelor of Arts

Program Coordinator: Louise S. Napier

The Art and Education Program is a double major designed to prepare one to teach art to all students in grades K-12. For a listing of program requirements, please see page 93.

Minors

Art History

(For non-art majors only)

Art (18) choose from: Art 110 and any Art History courses.

Art

At least one studio course (4) chosen from: Art 105, 111, or Art 112, 4 credit hours at 300 level or above and 10 hours of other Art courses.

DEPARTMENT OF BIOLOGY

Professors:	E. Lee Hadden, Edward D. Mills, Patricia W. Plant
Associate Professors:	J. Alison Brown (Chair), C. Brian Odom
Assistant Professors:	Acchia Albury, Erika Scocco

Biology

Bachelor of Arts/Bachelor of Science

The biology curriculum includes the science and mathematics courses typically required for medical, dental, veterinary medicine, and biology graduate programs. Students should choose electives to meet career and educational goals as well as to meet the 34 hours of 300/400-level courses.

	BS/BA
Core Curriculum	42/48
Must include Math 120	
<u>Cell/ Molecular Biology:</u> Biology 150; Biology 305,420,or 424	7-8

NOTES:

- BIO 150 and 405 are required courses
- One course cannot count in more than one category
- Students may earn a maximum of 5 hours of Independent Study (BIO 442-444) as part of their advanced Biology restrictive electives

Biology (3+1 Program)

Bachelor of Arts/Bachelor of Science

The 3+1 program is designed for students who wish to get both a baccalaureate degree in Biology and a Doctor of Pharmacy. To do so will require taking a structured program entailing a specific sequence of courses each semester. The first three years will require taking courses within the undergraduate curriculum. The final year's requirements will be fulfilled within the School of Pharmacy. For a specific outline of the program, please see an advisor in the Biology Department.

Biology and Education

Bachelor of Science

(Includes Biology Licensure with Chemistry Licensure optional)

Program Coordinator: Eddie Case

The Biology and Education Program is a double major designed to prepare one to teach biology (and chemistry if a student selects this option) at the secondary level to students in grades 9-12. For a listing of program requirements, please see page 93.

Environmental Biology

Bachelor of Arts/Bachelor of Science

The Environmental Biology curriculum is designed to provide opportunities for careers in federal and state government agencies, non-profit groups, corporations, consulting firms, environmental education, and for entry into various graduate programs.

Core Curriculum	41
Must include Math 209, Psychology 101	
Environmental Biology Required Courses	12
Environmental Biology 115, 330, 402, 430	
Biology/Chemistry elective (300 level or above)	3-4

Restricted electives	6
Economics 221 or 222; Communication 101	
Advanced electives	10
General electives (CS 104).....	15
Exit Exam.....	0
	Total minimum hours 125

Students will choose electives that add skills to help them meet their career goals: communications, sociology, business, chemistry, mathematics, psychology, etc...

Minors

Biology

Eighteen (18) hours of Biology courses (to include Biology 150). At least six (6) hours must be at the 200 level or above.

Environmental Biology

Environmental Biology 115, 330, 430, Biology 200, 401

Reminder - no more than 2 courses counted for a major may also be counted for a minor.

DEPARTMENT OF CHEMISTRY AND PHYSICS

Professors:	James W. Hall (Chair), J. Michael Gibson
Associate Professor:	Christopher E. Dahm
Assistant Professors:	Kenneth Kroeger , Heather Voegtle, Krista Wilson

The Department of Chemistry and Physics offers the following programs:

- B.S. or B.A. degree with a major in Chemistry
- B.S. degree with a major in Chemistry-Business
- Minor in Chemistry

The courses that are offered by the Department are designed to meet the requirements of these four programs as well as provide students with introductory courses to meet the University's Core science requirement. The courses also support a variety of pre-professional studies such as pre-medicine, pre-pharmacy, and pre-engineering.

Chemistry

Bachelor of Arts/Bachelor of Science

The Chemistry major was begun in 1984 for students who wish to pursue graduate work in chemistry, to continue in a professional program, or to obtain employment in industry. The Chemistry major is designed along a traditional approach to chemical education and is modeled from the guidelines of the Committee on Professional Training (CPT) of the American Chemical Society (ACS). Requirements listed below are for BS degree. The BA degree requires an additional six hours of foreign language:

Core Curriculum	57
Must include Communication 101; Math 120, 220; Physics 201, 202	
Chemistry required courses	41
Chemistry 101, 102, 201, 202, 291, 292, 311, 312, 331, 332, 413, 450	
Chemistry electives.....	3-4
Choose one from: Chemistry 420, 424, 425, 470	
General/Advanced Electives (40 hours of degree total must be 300/400 level)	24
Recommended: Math 305	
Exit Exam.....	0
Total minimum hours 125	

Chemistry-Business

Bachelor of Science

The Chemistry-Business major was begun in 1993 to provide additional preparation in business for students who plan to go directly upon graduation into an industrial chemistry position, into a chemistry laboratory, or into a sales position. The major provides a strong background in business, management, and marketing that will assist the upward mobility of the student in the corporate structure. The Chemistry-Business major is an interdisciplinary program that is offered through the Department of Chemistry and Physics and is not accredited by the Association of Collegiate Business Schools and Programs.

Core Curriculum	57
Must include Communication 101; Math 120, 220; Physics 201, 202	
Chemistry Required Courses	27
Chemistry 101, 102, 201, 202, 331, 332, 450	
Chemistry Elective Course.....	3-4
Chemistry 413/424/425	
Business Required Courses.....	18
Accounting 253, 254; Business 305; Economics 221, 222; Finance 318	
Management Component.....	6
Management 302; Management 315/416	
Marketing Component.....	6
Marketing 301; Marketing 422	
General/Advanced Electives (40 hours of degree total must be 300/400 level)	7-8
Exit Exam.....	0
Total minimum hours 125	

Minor

Chemistry

The Chemistry Minor is designed for students in other majors (such as Biology) who may wish to begin their career upon graduation in an industrial chemistry laboratory as a chemical technician or analyst. The following classes are required: Chemistry 101, 102, 201, 202, 331

DEPARTMENT OF COMMUNICATION

Associate Professors: Keith L. Cannon (Chair), James T. Coon
Assistant Professors: John Coleman, Larry W. Coleman, Barbara W. Pann

Mission

Our primary goal is to enable students to become knowledgeable and effective communicators in a variety of contexts from interpersonal to mass mediated. Our aim is to develop educated and productive citizens who will lead lives of significance in the global community. Our courses challenge students to critically examine the processes, strategies and results of diverse forms of communication. We provide a blend of conceptual and theoretical knowledge about how communication occurs, or fails to occur, with practical application of communication principles in speaking and writing. In addition to regular courses, this is accomplished through selective placement in internships in public relations, journalism and mass media which supplement classroom experiences.

Goals and Objectives

- To demonstrate effective writing skills for mediated communication
- To create and utilize effective visual messages
- To effectively deliver oral presentations in a variety of contexts from interpersonal relationships to mass mediated situations
- To critically analyze and evaluate messages from diverse sources
- To utilize global perspectives of communication in the creation of messages for an international audience
- To understand and evaluate ethical issues in the communication process

Required Courses

DEPARTMENT OF MUSIC

Professors:	John T. Blizzard, Ronald D. Bostic (Chair)
Associate Professors:	Jessie Wright Martin, Kenney Potter
Assistant Professors:	Melinda Lein, Dawn Perry
Instructor:	Polly T. Bostic

The Department of Music is an accredited institutional member of the National Association of Schools of Music.

Goals and Objectives

The Department of Music exists to provide music instruction of high quality to students enrolled in music degree programs and to general university students. The specific objectives of the department are to offer:

- baccalaureate degrees in music which are appropriate to the students served;
- music survey course and ensembles to satisfy the fine arts component of the core curriculum;
- elective courses in music for the general student population;
- performance opportunities in instrumental and vocal ensembles for all students;
- concerts, recitals, and master classes for music students, the campus community, and the public.

Degree Program Goals

The Bachelor of Music Education curriculum is designed to prepare the student for licensure to teach in the areas of choral, instrumental, and/or general music in the public schools, grades K-12.

The Bachelor of Arts in Music is designed for the study of music within a liberal arts curriculum. Students may pursue an emphasis in performance. When course sequences are structured carefully, students in this degree program can fulfill requirements in music and may attain either a double major, a minor, or two minors in another discipline(s).

Requirements for Music Majors

Admittance Procedure for Music Majors

- Admittance to the University.
- Audition to gain approval to proceed with a degree program in the Department of Music. The audition process has three components:
 - 1) Performance of two selections;
 - 2) Interview with music faculty; and
 - 3) Theory Assessment Exam—written and aural theory (the Theory Assessment Exam includes the fundamentals of notation [pitch and rhythm], tonality, scales, intervals, and triad structures.)

Performance Study Examinations Each music student enrolled in principal applied study will have a performance study examination at the end of each semester. Guidelines are available in the music student department handbook.

Recital Performance Requirements All students in Principal Performance Study perform in student recitals each semester. All students pursuing the BA in Music must complete a sophomore recital (Music 220). Performance Emphasis students give a sophomore, a junior, and a senior recital (Music 220, 320, 420). Students in the Bachelor of Music Education program give a junior recital (Music 320).

Recital Attendance Requirement Students pursuing music degrees at Wingate University are expected to attend recitals and concerts presented on campus. For specific attendance requirements for each program of study, see the description of the course, Recital and Concert Lab, Music 125. . . 426.

Elective Music Courses For students studying other academic fields, electives in music are offered. Chamber Choir, Chamber Ensemble, Men’s Choir, Pep Band, Percussion Ensemble, University Singers, Wind Ensemble, and Women’s Choir give all students the opportunity to participate in performance ensembles. Other elective courses in music for the general student population include individual performance study in voice and various instruments.

DEPARTMENT OF NURSING

Professor:

Dorothy G. Herron (Director)

Nursing

Bachelor of Science in Nursing

Students will apply to the upper division Nursing Program in the spring semester of their sophomore year for admission into the following fall cohort. Admission will be based on GPA, successful completion of all prerequisites, and a personal interview.

Before starting their junior year, all students must have passed a Certified Nursing Assistant (CNA) course that contains some hands-on clinical experience and that qualifies a student to take the CNA Certification exam. Students are not required to actually obtain this certification, although it is recommended that they do and that they get some CNA work experience.

Curriculum requirements have not yet been finalized. See <http://www.wingate.edu/academics/nursing> for more information.

Mission Statement of the School of Business

The mission of the Wingate University School of Business is to deliver nationally accredited bachelors and masters degree programs in business. Accordingly, the School of Business has the following objectives:

- To develop and deliver a curriculum and to set educational standards consistent with those of a national accrediting body in business administration;
- To attract and retain faculty able to foster the mission of the University and the School and who will value teaching, applied scholarship, and professional experience;
- To encourage students to pursue academic and professional excellence;
- To provide opportunities for engagement with ethical issues, involvement with cultural events,
- and encountering of a global perspective.

Bachelor of Arts or Bachelor of Science degrees are offered in Accounting, Finance, Management, and Marketing. Bachelor of Science degree candidates will meet their requirements through additional intermediate level core curriculum requirements in mathematics and/or laboratory science. Bachelor of Arts degree candidates will meet their requirements through additional intermediate level core curriculum requirements in foreign language.

Graduate degrees offered are a Master of Business Administration (MBA) and a Master of Accounting (MAC). The MBA is designed to offer working professionals the advanced training necessary to prepare them for top management positions. The MAC is designed to prepare students for the Uniform Certified Public Accountant examination (CPA exam) and to satisfy the 150 hour requirement for licensing as a CPA. Qualified students may apply to be admitted to the MAC program immediately after receiving a bachelor's degree. For further details about either program, consult the Graduate Business Catalog or turn to the Graduate Studies chapter in this catalog.

All business school undergraduate majors are required to pass an exit examination in their major in the last academic semester before graduation.

All majors in the School of Business must complete a minimum of 125 credit hours to graduate, including the following requirements:

- Health and Physical Education

The Ethics Component courses:

- Religion and ethical studies
- Professional ethics in foundation courses and methods courses and student teaching

The Professional Knowledge courses:

- Psychology
- Foundations of Education
- Curriculum and Instruction
- Pedagogy

Applied Teaching opportunities are gained through:

- Required field experiences
- An intense semester of student teaching

Teaching experiences enable teacher to make Creative and Informed Decisions as they:

- Design lesson plans
- Implement lesson plans
- Assess well-defined lesson plans while developing the flexibility to meet diverse classroom challenges

The Service component joins knowledge with action through outreach opportunities such as:

- those provided by the first-year course, Gateway 101, and professional, social, academic, and service organizations and activities

The Teacher Education Program components provide the framework for the student to become an **Effective Facilitator of Learning**.

An Effective Facilitator of Learning is one who applies content and skills to design curriculum and create an effective learning environment guided by research and reflection. The goals of the conceptual framework are for the student to develop:

- A broad knowledge and understanding of the liberal arts, including language, literature, religion, fine arts, history and the social/behavioral sciences, world awareness, mathematics and the natural sciences, and physical fitness
- Moral, spiritual and ethical concerns of life and culture in America and internationally and demonstrate the abilities to practice these values and ethics through thoughtful decision-making
- A broad and in-depth knowledge and understanding of the subject area(s) to be taught
- A knowledge and understanding of the historic and philosophical foundations of education, curriculum and instruction, theories of learning and child/adolescent growth and development, characteristics and needs of the special child, effective teacher behaviors and adaptive planning, instruction, and evaluation through a supervised fifteen-week student teaching experience appropriate to the level of licensure.

Three areas of study comprise each program: Core Curriculum, Professional Studies, and Specialty Studies. These components allow the student to develop an understanding and appreciation of the liberal arts, the specific field of education, and the area of specialization.

Note: In the event that provisions of the Teacher Education Program are modified as a result of mandated changes by the North Carolina Department of Public Instruction, students will be required to meet the revised requirements even if not stated in this catalog.

Entrance Requirements for the Teacher Education Program

Degree-Seeking Students

Students may be admitted to the Teacher Education Program upon satisfying the following requirements and being approved by the Teacher Education Committee.

The student must:

- Submit a formal application to the Teacher Education Committee the semester that he or she is scheduled to complete 45 semester hours. A brief autobiography is required. A photograph is optional.
- Have a cumulative and specialty GPA of at least 2.50 at the time of application. A minimum 2.50 is required each semester until graduation to maintain an active status in the program.
- Have passed at least one course in education at Wingate University and must have a minimum of 10 – 12 clock hours of successful field experience in an elementary, middle, or secondary public school setting.
- Successfully meet the minimum score requirements of the PRAXIS I, SAT or ACT tests. Candidates must have passed the PRAXIS I or be exempt before being formally accepted into the program. Please see an education professor for further information regarding minimum scores.
- Have a minimum grade of “C” in English 110.
- Elementary Education applicants must have a minimum grade of “C” in Math 118 and 119.
- Provide three (3) references from Wingate University professors. One recommendation must come from a core professor in education.
- Be interviewed by at least one education professor.

The Teacher Education Committee reserves the right to deny admission or continuance in the program to any student who has displayed deficiencies in the following areas:

- academic performance
- sense of responsibility
- interpersonal and communication skills
- moral standards

Exceptions to the above policies may be recommended by the Dean of the Thayer School of Education and approved by the Teacher Education Committee.

The deadline for Student Teaching applications for the spring semester is October 1. The deadline for Teacher Education Program applications for the spring semester is October 15.

The deadline for Student Teaching applications for the fall semester is February 15. The deadline for Teacher Education Program applications for the fall semester is March 1.

Licensure-Only Students

Students holding baccalaureate degrees who wish to seek initial licensure must be admitted to the Teacher Education Program before being allowed to student teach and before being recommended for licensure. A student may be admitted to the Teacher Education Program upon satisfying the following requirements and being approved by the Teacher Education Committee.

The student must:

- Submit a formal application to the Teacher Education Committee after completion of 12 semester hours at Wingate University. A brief autobiography is required.
- Have a cumulative GPA of at least 2.50 on post-baccalaureate coursework taken at Wingate University at the time of application and the student must maintain a 2.50 through student teaching.
- Have passed at least one course in education at Wingate University and must have a minimum of 10-12 clock hours of successful field experience in an elementary, middle, or secondary public school setting. The field experiences must be an evaluated part of an education course taken at Wingate University.
- Successfully meet the minimum score requirements of the PRAXIS I series tests.
- Have a minimum of “C” in English 110 or equivalent.
- Elementary Education applicants must have a minimum grade of “C” in Math 118 and 119.
- Provide three references.
- Be interviewed by at least one education professor.

The Teacher Education Committee reserves the right to deny admission or continuance in the program to any student who has displayed deficiencies in the following areas:

- academic performance
- sense of responsibility
- interpersonal and communication skills
- moral standards

Exceptions to the above policies may be recommended by the Dean of the Thayer School of Education and approved by the Teacher Education Committee. Program requirements for the student seeking only initial licensure will be determined by review of the student's transcript(s) by the Dean of the Thayer School of Education.

One or two letters of recommendation from any source other than University professors may be included in the student's file at the student's request. These are in addition to the three recommendations that are required from university professors.

All requirements in Professional Studies, the Specialty Studies, Human Communication and Health must be met. In addition, the student may be required to take certain Core Curriculum as preparation for the Praxis Series tests. The Dean of the Thayer School of Education reserves the right to require a student to retake an education course at Wingate University.

Note: Lateral entry students must meet the same admission criteria as initial licensure students.

Adding an Area of Licensure

A student wishing to add another area of licensure to a current or expired license will be required to meet:

- All requirements for the Specialty Studies.
- All requirements for the Professional Studies. Student Teaching will be required if the additional area of licensure is significantly different from the initial area of licensure as determined by the Dean of the Thayer School of Education.
- The minimum score on the Praxis Area Test(s).

Progression in the Teacher Education Program

The 50% Rule

The North Carolina Quality Assurance Program limits the progression of undergraduate candidates in teacher education programs to introductory courses only. The Thayer School of Education limits this to no more than one-half of the total professional studies core courses, exclusive of student teaching, until formal admission requirements have been satisfied. The State Department of Public Instruction prohibits any student's continuation in a program beyond the junior year, regardless of the 50% rule.

A student must satisfy all conditions for full admission no later than the end of the first semester following that in which initial application was made. This must be done no later than the junior year.

Student Teaching

Typically, a student must have completed all program requirements in a satisfactory manner before student teaching begins. Under certain conditions, a student may complete one semester in his or her program following student teaching. See your advisor for specific information.

A student must have a cumulative GPA of at least 2.50 and at least a 2.50 in the specialty area(s) to student teach. The specialty area consists of the Professional Studies Core and the Specialty Studies Core. Other courses required for teacher education include health, psychology, and human communication. A minimum grade of "C" is required in each course.

An application for permission to student teach is made to the Office of the Dean of the Thayer School of Education during the semester before the anticipated student teaching. Students who meet the requirements outlined in the Teacher Education Handbook will be allowed to student teach. A health form is required.

Working/Activities During Student Teaching Semester

Student teaching is a full-time commitment; therefore, a student should have no other major obligations during this period. Students may not participate in university athletics or cheerleading during the student teaching period.

Because of the nature of and responsibilities related to student teaching, a student is expected not to work full-time or part-time during student teaching. Any appeal to this policy regarding work must be made in writing to the Dean of the Thayer School of Education and submitted with the application for student teaching. Requests received after the date cited in the University calendar for the particular semester will not be considered. A student who makes such an appeal must be able to demonstrate in writing that failure to work during student teaching will create financial and/or other hardships and must be willing to appear before the Teacher Education Committee, if necessary, to answer any questions. The Dean of the Thayer School of Education will present the appeal to the Teacher Education Committee for consideration and action. The prospective student teacher will be notified accordingly.

The Wingate University's Teacher Education Program does require a practicum experience for lateral entry candidates to supply adequate documentation of effective teaching skills and experiences. There are required on-site supervision and visits by teacher education faculty.

Praxis II

Students in Elementary Education (K-6) must pass the Praxis II exam(s) for licensure in order for North Carolina to award an official license at the Standard Professional I level. Students in all licensure areas must provide evidence prior to graduation that Praxis II exam(s) have been taken in order to complete program requirements. Registration information is available in the Thayer School of Education Offices. Students are responsible for registering and paying all associated fees.

Add-On Licensure

Academically-Gifted

Program Coordinator: Sarah Harrison-Burns

The Academically-Gifted Add-On Licensure Program is a 12-hour program designed to prepare one to teach academically gifted students in grades K-12. The licensure area may be added to any undergraduate education program.

Chemistry

Program Coordinator: Eddie Case

The Chemistry Add-On Licensure is a 27-28 hour program designed to prepare one to teach chemistry to students in grades 9-12. The licensure may only be added to the Biology and Education major.

Reading

Program Coordinator: Carolyn Nave

The Reading Add-On Licensure is a 12-hour program designed to prepare one to teach reading to students in grades K-12. The licensure may only be added to the Elementary Education major.

SCHOOL OF SPORT SCIENCES

Dean: Michael R. Judd
 Associate Professors: John C. Acquaviva, Traci Gearhart,
 Dennis A. Johnson, Michael R. Judd
 Assistant Professors: Christi DeWaele, Abbey Dondanville, Dan McLaughlin

Athletic Training

Bachelor of Science

Program Coordinator: Traci Gearhart

Entrance Requirements

Students may be admitted to the Athletic Training Major upon satisfying the following requirements:

- Completed application form, 1-2 page essay, and 2 faculty recommendations;
- Minimum cumulative grade point average of 2.50 at the end of fall semester;
- A grade of "C" or better AT 150;
- Completion of a minimum of 25 observation hours;
- Read, understand, and sign the Wingate University Athletic Training Technical Standards;
- Completed Informed Consent form;
- Submission of a current physical examination from a licensed physician;
- Evidence of Hepatitis B vaccination or completed waiver;
- Completion of a Background Check;
- Successful interview and/or clinical experience evaluation with the Athletic Training Education faculty and staff.

Please note that a limited number of students can be admitted each year although the exact number is to be determined annually based upon graduation and attrition rates. Once admitted to the athletic training education program all students must provide annual documentation of proof of \$1,000,000 per incident/\$3,000,000 aggregate student malpractice insurance.

Once admitted into the program, students will be required to maintain an overall minimum cumulative GPA of 2.50 and satisfactory performance during the practical experience to remain active in the athletic training education program. Failure to maintain a 2.50 cumulative GPA for one semester will result in a one-semester suspension from the clinical portion of the academic program and will add one additional semester to the academic program beyond the traditional six. If the student has two consecutive semesters achieving a cumulative GPA below 2.50, they will be dropped from the program and advised into a suitable major.

Any student receiving a grade lower than a "C" in an athletic training required course must repeat the course. If the particular course is a prerequisite for another course, the other course may not be taken until a "C" has been achieved.

In addition to the Wingate University graduation requirements, Athletic Training majors must complete 900 hours of practical experience and the Master Skills log prior to graduation.

Health and Physical Education

Bachelor of Science

Program Coordinator: Dan McLaughlin

The Health and Physical Education Program is a double major designed to prepare students to teach health and physical education to students in Grades K-12. In addition to requirements for entrance to the School of Education, students must pass Biology 120 with a minimum of a C.

Core Curriculum	51-52
Global Perspectives 110, 120, 210, 220, 310, 320 (18); Lyceum; English 110 (3); English Literature (3), Foreign Language (6); Math 209 (3); Biology 120 (4); Math/Science (3-4); Psychology 101/202 (3); Fine Arts (2); History 201/202//312/PSCI 201 (3); Physical Education 101 (2); Gateway 101 (1)

Education 497.....	0
Education 498.....	0
Total minimum hours 127	

Note: The Health and Physical Education Program is a four-year sequence. In order to complete the degree in four years, Biology 120 needs to be taken during the first or sophomore year, AT 312 needs to be taken fall of the junior year, and HPE 310 and 315 need to be taken spring of the junior year.

Sport Management**Bachelor of Science**

Program Coordinator: Christa DeWaele

Entrance Requirements: Sport Management Major

Students may be admitted to the Sport Management Major upon satisfying the following requirements:

- Submission of written application to the Sport Management Coordinator;
- A grade of "C" or better in Computer Science 110, Management 302, and Sport Management 111.

Core Curriculum	51-53
Sport Management courses	39
Sport Management 111, 200, 242, 300, 301, 305, 330, 402, 404, 430, 478, 479, 495

Minors**Community Youth Development**

Required courses (9): Community and Commercial Recreation 212, 460; Sport Management 305

Choose six (6) hours from: Sociology 305/330/335

Choose three (3) hours from: Physical Education 350/Community and Commercial Recreation 410

Exercise Science

Required courses: Health 101; Health and Physical Education 201, 203; Athletic Training 255, 310*, 315*

*These courses require Athletic Training 312 and Biology 315 as prerequisites, which can also satisfy the core curriculum in math/science.

Sport Management

Eighteen (18) hours to include Sport Management 111, Sport Management 495, and twelve (12) hours chosen from the following courses: Sport Management 242, 300, 330, 402, 404, 479, 490

Chapter 6

ACADEMIC POLICIES AND PROCEDURES

STATEMENT OF STUDENT RESPONSIBILITY

It is the responsibility of each student to fulfill his or her degree program and graduation requirements as described in the programs of study and academic policies sections in the catalog. While advisors and administrative staff may assist students who ask for help with curricular decisions, *ultimately it is the student who is responsible for his or her choices*. Degrees cannot be awarded until all requirements and obligations to the University have been met by the student.

ACADEMIC ADVISING

Wingate University is committed to providing individual academic advising and guidance for all undergraduate students. Each student is assigned to a faculty advisor within his/her major who assists the student in planning his/her academic program and meets with the student periodically throughout the year regarding academic and co-curricular issues.

Faculty advisors assist students in the development of their individual academic plan that includes all degree requirements and reflects the student's career objectives. While faculty advisors are primary resources to assist students in academic degree planning, students are ultimately responsible for planning and achieving the requirements of a specific degree.

Staff advisors in the Office of Internships and Career Services are available to advise students about careers, internships and related experiential opportunities.

ACADEMIC HONORS

Commencement

At Commencement, students with a cumulative GPA of 3.50 or higher are graduated with honors as follows:

Summa cum laude.....	3.90 and above
Magna cum laude.....	3.65 to 3.899
Cum laude	3.50 to 3.649

Graduation with honors is determined by the overall GPA on *all undergraduate work* attempted at any accredited school and on all credit attempted at Wingate University, although transfer credit cannot be used to raise the Wingate average.

Semester

Each semester a President's List includes those students who have earned a term GPA of 3.80 on at least 12 quality point academic hours and have no grade below a "C".

Each semester a Dean's List includes those students who have earned a term GPA of 3.30 on at least 12 quality point academic hours and have no grade below a "C"

ACADEMIC STANDARDS: PROBATION AND SUSPENSION

Academic Probation

To assist students in maintaining satisfactory progress, Wingate University has adopted standards to identify students who are experiencing academic difficulty so that they can take advantage of timely interventions through academic support services. Academic probation is an indication of serious academic difficulty and is determined by the cumulative GPA that a student earns on credit courses. At the conclusion of a semester, the Vice President for Academic Affairs will notify the student by mail if the cumulative GPA is below the minimum. In such a case, the student will be placed on academic probation for the next regular semester and may be enrolled in Applied Learning Strategies 101. Probation is determined only from grades at the conclusion of a regular semester; mid-semester progress reports are not included in GPA calculations. **Note: A student must have a 2.00 cumulative GPA to qualify for the baccalaureate degree.**

Minimum cumulative GPAs:

<i>Hours Attempted (includes transfer credit)</i>	<i>Minimum GPA</i>
1-23	1.600
24-56	1.800
57 or more	2.000

Academic Suspension

A student who is on academic probation at the end of two successive regular semesters will be academically ineligible for the next semester. A student who makes less than a 1.0 GPA in any given semester will be ineligible to enroll for the next semester.

An academically ineligible student who wishes to apply for reinstatement should send a written appeal to the Academic Appeals Committee, in care of the Student Success Office, to request further review of his or her academic records and academic eligibility.

A student must be in good academic standing to be eligible to take courses at another school on a transient basis, therefore, any courses taken at another college or university while the student is on academic suspension will not transfer until the student attains a cumulative 2.0 at Wingate University.

ADDITIONAL BACHELOR'S DEGREE

A student may only apply for a second (or subsequent) bachelor's degree if it differs from any degree previously awarded by Wingate University. For example, if a student has already earned a Bachelor of Science (B.S.) degree, the University will not award a second B.S. degree; it will, however, award a Bachelor of Arts (B.A.) degree. To receive an additional bachelor's degree, a student must:

- Receive written permission to pursue a second degree from the Vice President of Academic Affairs and the chairperson of the appropriate department
- Earn a minimum of 30 additional semester hours in residence after the awarding of the first degree
- Complete all requirements for the second degree. *Note: Two degrees may not be awarded at the same commencement exercise*

ADDITIONAL MAJOR

A student should notify the Office of Academic Advising of the intent to pursue a second major. A student may only apply six hours from the first major toward the second major.

A student who has already graduated from Wingate University may return to complete a second major under the undergraduate degree previously awarded. The following policies apply:

- A student must fill out a readmission application with Admissions
- The Registrar's Office must be notified in writing of the intention to complete an additional major.
- At least 30 additional credit hours, including all discipline-specific requirements for the second major, must be taken at Wingate University.
- The student must earn a minimum 2.0 in the second major. NOTE: The GPA for the additional major will not be calculated into the GPA of the original degree.
- The second major will be recorded on the transcript, but there will be no additional diploma and no participation in an additional graduation ceremony.

ARMY RESERVE OFFICERS' TRAINING CORPS (ROTC)

Wingate University has a cooperative program with the University of North Carolina at Charlotte under which Wingate students may enroll in the U.S. Army Reserve Officers' Training Corps (ROTC). Both men and women are eligible for this program and must travel to either the UNC-Charlotte campus or the Charlotte Reserve Center to take instruction and training. Wingate University also offers the voluntary Air Force Reserve Officer Training Corps (AFROTC) Program in cooperation with UNC-Charlotte within the terms of the existing agreements between member schools of the Charlotte Area Educational Consortium. The program is available to all students with at least two years of education remaining. Detailed information on these programs is available in the Office of the Registrar and from the Department of Military Science, UNC-Charlotte, Charlotte, N.C. 28225.

ATTENDANCE

Regular class attendance is a student's obligation and a student is responsible for all the work, including tests and written work, of all class meetings.

Each faculty member defines his or her own absence policy and so informs students on the first day of classes. Students who represent the University at officially recognized activities are responsible for making necessary plans for class absence with each professor before the absence.

The University maintains the regular schedule of classes throughout the semester. Classes are not usually canceled due to inclement weather and students are responsible for all the work of class meetings missed due to inclement weather.

If a faculty member reports that a student is failing academically because of poor attendance, the student may be required to move out of campus housing.

AUDITING

Students may audit courses with the permission of the professor and the Registrar. If it causes an overload, or if the student is part-time, the audit fee of \$275 is charged. This fee is not refundable if the student withdraws from the course for any reason. Students may change audit status to credit status only within the first four weeks of the semester and upon additional payment of tuition required for part-time credit

or overload credit, if either applies. A for-credit course may not be changed to audit status once the mid-semester date has passed. This change requires approval of the professor and the Registrar.

BANKRUPTCY (ACADEMIC)

A student who has earned poor grades that may prevent him or her from graduating may petition the Academic Appeals Committee for academic bankruptcy for one complete term or for consecutive terms including all work before a given date. The bankrupt term(s) is noted on the student's transcript and the student forfeits credit for all courses during that term(s). Grades from the bankrupt period are not calculated in the student's GPA, although they remain on the transcript. All grades are included in the calculation of the GPA for honors at graduation. To be considered for bankruptcy, a student must demonstrate that:

- Poor performance for the term(s) for which bankruptcy is requested is not typical;
- Poor performance was due to extenuating circumstances;
- The cause of the poor performance has been alleviated, and the student has displayed responsible scholarship.

Once bankruptcy status has been granted, the action is irreversible. A student may request bankruptcy once only.

Students granted bankruptcy may request a letter of explanation to accompany the transcript when sent to a prospective employer or to other institutions.

Certain colleges, universities, and professional schools do not honor a bankruptcy policy.

CATALOG YEAR

A student's catalog year is normally that of his entering academic year or year of readmission. A student who has been absent for two consecutive semesters (including the semester of withdrawal, if applicable) must meet the catalog requirements for graduation in effect at the time of readmission. A student may request graduation under any catalog published following his enrollment, if the catalog is no more than six years old at the time of graduation. Students entering a certification program should check with the division head of their program; specific requirements in a new catalog may need to be met for certification purposes.

CHARLOTTE AREA EDUCATIONAL CONSORTIUM (CAEC)

Wingate participates in an educational consortium with 25 other institutions in the greater Charlotte area. Students can take a class or classes at one of these member institutions. The following policies apply:

- Wingate students enrolled as full-time undergraduates on the main campus during a fall or spring semester can take courses offered on-campus at a cooperating institution. Consortium classes are not available during the summer.
- Cross-registration is done on a space-available basis on the campus to be visited. Students are not required to pay additional fees unless the student registers for more than 18 hours total.
- Wingate students provide their own transportation.

Further details are available from the Office of the Registrar.

CLASS LEVEL

A student's class level is determined by the total number of credits earned from Wingate University, accepted transfer credit from other colleges/universities, and from credit-by-exam sources approved by Wingate University (such as Advanced Placement Exams -- see *Credit by Examination* for minimum scores and approved exams). Students are classified as follows:

<i>First-Year</i>	<i>1-23 hours earned</i>
<i>Sophomore</i>	<i>24-56 hours earned</i>
<i>Junior</i>	<i>57-86 hours earned</i>
<i>Senior</i>	<i>87 or more hours earned</i>

COURSE NUMBERS

Course numbers have the following meanings:

100-199	Primarily for first-year students, but may be taken by all students
200-299	Primarily for sophomores, but may be taken by all students
300-499	Primarily for juniors and seniors
500-799	Graduate and professional courses

Note: Courses numbered below 100 do not count toward meeting degree requirements.

COMMENCEMENT

A student must complete a Commencement Application for the Office of the Registrar the semester prior to intended graduation. A student will have one opportunity to walk in Commencement. December and May completers are expected to be present at the May ceremony to receive a diploma. If a student cannot participate, he/she should inform the Office of the Registrar at least 30 days before Commencement.

A student who will complete all required classes in August can participate in the May ceremony only if he/she:

- Has a minimum cumulative GPA of 2.0
- Has a 2.0 GPA in the major
- Can meet all requirements for the degree by the August graduation date
- Can complete all classes at Wingate University (not off-campus)
- Has registered and paid for all required classes prior to Commencement
- Has a clear financial account with the Business Office

CREDIT BY EXAMINATION

Students may earn a maximum of 30 hours toward the baccalaureate degree through an approved credit-by-examination source prior to enrollment. Upon receipt of official scores, the Registrar will award credit based upon guidelines established by the appropriate academic department depending upon the subject of the exam. In general, acceptable scores will fall in the following ranges:

- scores of 3, 4, or 5 on the Advanced Placement of the College Entrance Examination Board (AP) achievement tests
- scores of 5, 6, or 7 on the Higher Level Examinations of the International

Baccalaureate (IB)

- scores of 50 or higher on subject exams of the College Level Examination Programs (CLEP)
- scores that rank the student at the minimum of the fiftieth percentile of the testing group on DANTES Subject Standardized Tests (DSST).

Departmental Examination

A student may challenge a Wingate University course for credit under the following guidelines:

- The student must be enrolled in the course before challenging for credit.
- A student may earn no more than six hours of credit by departmental examination in any given semester.
- A full-time student may request the opportunity to demonstrate proficiency anytime before midterm. The student must secure permission from the professor who will administer the examination, from the department chair, from the Vice President for Academic Affairs, and from the Registrar. The necessary form may be secured from the Office of the Registrar. Before an exam is given, the student must pay a \$275 non-refundable fee to the Business Office. If proficiency is demonstrated in the first week of classes in any semester, the student will be permitted to enroll in another course.
- Students enrolling in another course in a given semester will pay a fee of \$700 for each credit hour more than 18 if the total credits attempted in that semester exceed 18.
- In any course involving laboratory experience, credit by examination must be earned by separate examinations in the lecture and laboratory portions of the course.
- Courses requiring proficiency in specific methods and/or techniques (*performance groups, supervision, and/or observations in the field*) are excluded from credit by examination.
- Credit will not be given for a prerequisite to a course for which the student has already received credit.
- The examination and its evaluation will be a collective decision of the departmental faculty.
- When proficiency is demonstrated, credit by examination (CE) will be shown on the transcript, but no grade points will be awarded.
- The acceptability for transfer to other colleges or universities of credit so earned is not guaranteed.
- Part-time students must pay a \$275 non-refundable fee to the Business Office before an examination is given. Additionally, if the student passes the examination, the student must pay to the Business Office one-half of the current per-semester-hour charge for the credit earned. Payment of all fees must be made to the Business Office before the recording of the grade on the student's transcript.

DIRECTED STUDY

In rare instances, it may be necessary for a student to take a catalog course on an individual basis. The dean and the faculty member must approve such a request. Approval is granted only under certain conditions:

- The student must have a cumulative GPA of 2.00
- A student will not be allowed to take a directed study course to repeat a course in which a grade of "D" or "F" was previously earned.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act of 1974, commonly known as the Buckley Amendment or FERPA, was passed and put into effect in January 1975. The law regulates the use and disclosure of personal information in educational records and permits a student to inspect what material is maintained in those records. A copy of the Family Educational Rights and Privacy Act of 1974 is on file in the Office of the Dean of Students in the Dickson-Palmer Student Center.

A full statement pertaining to the University's compliance with the Buckley Amendment is printed each year in the *Student Handbook* and is also available on the University website under the Registrar's Office.

GRADE POINT AVERAGE (GPA)

The student's GPA is calculated by dividing the quality points received by the number of hours attempted. The grade of "A" carries four quality points per credit hour, a "B" three, a "C" two, and a "D" one quality point.

A course in which credit is given on a pass/fail basis is not used in the calculation of the GPA if a grade of "P" is earned. The grade of "F" on a P/F course is used in the GPA calculation. An average grade of "C" on all hours attempted is required for graduation.

GRADE KEY

Students are evaluated continually during the semester and grades are assigned at the conclusion of the course. Final examinations are given on work covered during the entire semester. The following grading symbols are recorded:

A	Excellent
B	Above average
C	Average
D	Passing
F	Failure
P	Pass (<i>for courses offered on P/F basis</i>)
I	Incomplete
CE	Credit by Examination
NG	No Grade (Science lab grade is factored into lecture grade.)
W	Withdrawal
R	Indicates the course has been repeated; the letter grade to the right of the "R" is the new grade that replaces the previous grade (<i>see repeat course policy</i>)
NOTE: Minus (-) or plus (+) signs may be attached to each grade of "A", "B", "C", and "D", but this does not affect the quality points assigned for those grades.	

GRADE REPORTS

Reports of progress are kept by the University on all students. Updated grade reports are available online via WINLink one week after exams have ended.

Mid-Semester Grade Reports

Progress reports indicating courses on which the student is earning less than a "C" will be issued at the middle of the semester to first-year and sophomore students. These do not become a part of the permanent transcript.

GRADUATION REQUIREMENTS

To receive a Bachelor's degree from Wingate University, a student must:

- Complete 125 semester hours of course work
- Complete the requirements of the core curriculum
- Complete a major course of studies
- Complete at least 40 semester hours numbered 300 or above*
- Maintain a 2.00 cumulative GPA (grade point average) on all university-level work and a 2.00 cumulative GPA in each major
- Complete the last 30 hours of course work before graduation at Wingate University
- File a graduation application with the Registrar

**(except in the biology major, which requires a minimum of 37 semester hours in courses numbered 300 or above)*

HONOR CODE

Membership in the Wingate University community is a privilege conferred by reason of demonstrated merit and sustained by a continuing commitment to high standards of performance and conduct. The University expects that all members of the community will voluntarily conduct themselves in a manner reflecting respect for all other members of the community. It is the responsibility of all Wingate University faculty, staff, and students to report any suspected violators of the Honor Code.

The **Honor Code** states that:

- Wingate University students do not lie, cheat, steal, or plagiarize, nor do they tolerate in their company the presence of one who does.
- Wingate University students conduct themselves at all times in a manner that is conducive to the maintenance of a strong, positive environment for study and learning.
- Wingate University students obey the rules and regulations of the University as outlined in the online *Student Handbook*.

INCOMPLETES (GRADES OF "I")

A student may petition a faculty member for an extended amount of time to complete a course in which the student is regularly enrolled. The following circumstances apply:

- The student must demonstrate that extenuating circumstances exist that prevent completion of the course(s) according to the University calendar. In this case, the faculty member may assign a grade of "I" showing that some requirement of the course is not yet complete.

- It is the student's responsibility to initiate steps with the professor to change this grade.
- Until the grade of "I" is removed it will be averaged as an "F" on the student transcript.
- A grade of "I" which has not been completed within 30 calendar days of the next regular semester will automatically become an "F."
- A faculty member may submit a written request on behalf of the student to the Office of the Vice President for Academic Affairs to extend the deadline. When doing so, the faculty member will impose a new deadline.

INDEPENDENT STUDY

Independent study involves an arrangement between a student and a professor approved by the student's advisor for exploration of a particular subject or topic. The arrangement is normally initiated by the student who has in mind specific goals.

Candidates for the baccalaureate degree are encouraged to complete one course of independent study; some programs require at least one course of this nature. Each department offering a baccalaureate program has a course numbered and identified as independent study. The course may count toward the requirements for the major or as an elective if a student wishes to pursue independent study in a non-major area.

Each independent study arrangement must be approved both by the chairperson of the division in which the student is doing the study and the dean at least 30 days before the onset of the study itself. Ordinarily, a student may enroll in only one three-hour independent study each semester. **A 2.00 cumulative GPA is required for all students engaging in independent studies.**

Students whose preparation and experience offer the opportunity for a highly individualized baccalaureate program may, in consultation with the advisor, present for approval a program with a large component of independent study. Students whose baccalaureate plan includes more than nine hours of independent study and more than 12 hours in an internship, practicum, etc., must submit an outline of their baccalaureate program to the Academic Affairs Committee for approval.

Independent studies should be completed by the end of the semester of enrollment. Incompletes are to be given only for medical and extenuating circumstances. Completion deadlines must be rigidly maintained.

INTERNSHIPS AND PRACTICUMS

Baccalaureate programs at Wingate University may include practical experience as a major constituent. Plans for internships and practicums should be made with both academic competency and career plans in mind. The experience should integrate various elements of the student's academic program. This determination will be made by the student, the advisor, the appropriate department, and the Vice President for Academic Affairs. To receive credit for an internship or practicum, the student must:

- Submit a completed Internship Learning Contract to the Office of the Registrar at least 30 days before the beginning of the experience
- Have a minimum cumulative 2.00 GPA

Internships may be non-credit-bearing. To register for a non-credit-bearing internship a student must submit a completed Internship Learning Contract for a Non-Credit-Bearing Internship to The Office of Internships and Career Services.

MAJOR DECLARATIONS AND CHANGES

Students interested in declaring or changing majors can do so in the Academic Resource Center (2nd floor of the EK Smith Library). Students are required to complete a change of major form and will be reassigned to a faculty advisor in the new major. Students should be aware that changing their major could result in extending the time to degree completion beyond 4 years.

OVERLOAD

Five courses (15-16 hours) are considered a customary course load. A student may choose to take up to 18 hours. Permission to take more than 18 must be obtained from the Office of the Vice President for Academic Affairs. This permission is not given to students with less than a 2.00 cumulative GPA.

After the drop/add period, a charge of \$700 is assessed for each hour over 18. There is no refund of this fee, regardless of whether or not a student withdrew from a class or classes (*see Chapter 3, refund/overpayment policy*).

REGISTRATION AND SCHEDULE CHANGES

A student registers for courses in consultation with his/her academic advisor. Each student should make an appointment with the advisor during the registration period, the dates of which are published in the academic calendar (*see page 4*).

Drop/Add

During the first four days of a regular semester, a student may drop and/or add courses to his or her schedule in consultation with the academic advisor. A course that is dropped during the drop/add period is entirely deleted from the student's record. It is the student's responsibility to make up all assignments missed prior to adding a course.

Withdrawal from a Course

After the drop/add period, a student can no longer add a course to his/her schedule. A student can, however, withdraw from a course (until the deadline) and receive a grade of "W", which carries no academic penalty. The student must initiate this process with the academic advisor. After obtaining both the advisor's signature and the signature of the appropriate professor, the student must take the withdrawal form to the Office of the Registrar. A student will not be considered withdrawn from a course and given a grade of "W" until the Registrar has processed the withdrawal form. A student may withdraw from a course up to the deadline stated in the University calendar to receive a "W" on the academic record. Refunds will not be given for classes once the drop/add period closes. This includes dropping below 12 semester hours or decreasing an overload of semester hours.

REPEAT COURSE POLICY

A student may repeat a course that was previously completed. Only the last grade earned is used in the calculation of the GPA. All grades are shown on the transcript. A course may be repeated twice under this policy. This applies only to courses taken and repeated at Wingate University. All grades are included in the calculation of the GPA for honors at graduation. The student is responsible for informing the Office of the Registrar any time a Wingate University course is repeated.

A student may not repeat a course that is a prerequisite for a course for which

credit has already been earned.

A student may repeat a course under the repeat policy a maximum of two times. Retaking a course more than twice will not remove the last grade from the GPA.

A student may not transfer in a course from another institution to count as a repeat of credit already taken at Wingate University.

STUDENT STATUS (FULL/PART-TIME)

A student who is enrolled in 12 semester hours or more is considered a full-time student. A student who is enrolled for less than 12 semester hours is considered a part-time student.

SUMMER SESSIONS

Wingate University offers two month-long summer sessions in June and July. During the June and July summer sessions, a student may complete up to seven credit hours per term. **No tuition refunds are made during summer enrollment once classes have begun.**

Students may withdraw from summer school up to the announced deadline without an academic penalty.

The same high standards of the University are maintained, with regular faculty members serving as professors. Living accommodations and dining and recreation facilities are available (*contact the Office of Student Life for more information*).

The Summer Internship Institute is available for students interested in participating in an internship locally over the summer. Internships begin in June and finish the first week of August and must be credit-bearing. As a part of this program, on-campus housing is provided with a modest fee in addition to the cost of credit hours. In addition, students share internship experiences during several professional development seminars over the course of the summer. To participate in this program students must submit a completed Summer Internship Institute Application to the Office of Internships and Career Services by the May deadline.

TRANSIENT STUDY

(Permission to take courses at another institution)

Summer

Wingate students who wish to take a course or courses at another institution during the summer and transfer that credit to Wingate must obtain permission from the Office of the Registrar *before* taking the course. Likewise, permission must be obtained *before* enrolling for credit-by-exam. A student must have a cumulative 2.00 GPA to obtain permission to transfer non-Wingate credit back to Wingate University. According to degree requirements, the last 30 hours must be taken in residence at Wingate University. Community colleges and other two-year schools courses are 100/200 level and may not be considered equivalent to Wingate's 300/400 level courses.

While transfer credits of grade "C" or higher are accepted from other institutions, course work taken at other institutions does not raise a Wingate student's cumulative GPA. Coursework from other institutions will be considered in determining graduation honors designations, although cannot raise the Wingate average.

Foreign Language requirements: Students may receive credits for foreign language courses which the student has approved at another college or university, even if the language is not taught at Wingate University, under the following conditions:

- The courses are completed with a grade of “C” or better.
- The courses are not correspondence or web based courses
- The courses are offered by an accredited higher education program, college, or university

Regular Semester (Co-Registration)

During pre-registration and registration for the fall and spring semesters, full-time undergraduate students will be allowed to co-register at area institutions provided that Wingate University does not offer the selected courses during the same semester. This registration process is initiated in the Office of the Registrar and requires the approval of the department chair or program coordinator. All students who are approved for transient study during the semester must be enrolled for a minimum of 12 credit hours at Wingate and will not be allowed to co-register elsewhere for more than six credit hours. An overload analysis will be made on the total number of semester credit hours taken at Wingate University added to the total number of semester credit hours taken simultaneously as transient study.

TRANSCRIPTS

The official academic record for each student is maintained in the Office of the Registrar. A student has access to the official record during normal office hours.

A student may receive copies of the official transcript by making a written request or by signing a release form in the Office of the Registrar. Unofficial transcripts can be printed by the student using the web-based student information system.

Transcripts will not be released if the student's account with the University is delinquent.

WITHDRAWAL FROM THE UNIVERSITY

Temporary Leave of Absence

To be granted a temporary leave of absence, a student must submit documentation from an appropriate individual or qualified professional to the Office of Student Success. The Dean of Students will recommend to the Vice President for Academic Affairs whether a leave of absence or withdrawal is appropriate. For students who are granted a leave of absence, the Office of Student Life will require documentation from a qualified professional indicating the student is prepared to return to Wingate.

A temporary leave of absence provides the student with the right to return to the University (in the semester following the leave of absence) without re-application. The student will be allowed to register for University courses at the time designated for his or her class (i.e., junior, senior, etc.) once approved for re-entry to the University. Students who are granted a temporary leave of absence are subject to all University refund/payment policies (see chapter three). Questions about Title IV student loan deferment while on a temporary leave of absence should be addressed to the Office of Financial Planning.

Medical Leave and/or Leave due to Mental Health Crisis

Medical leave is an option available to students who, for physical or psychological reasons, are unable to continue at the university. Appropriate medical and/or mental health evaluation is a required part of this process. Although medical leave may be initiated by a student, in certain cases, the university may initiate a medical leave, where medical or mental health practitioners or physicians recommend that it is not in the student's or the community's best interest for the student to continue at the university.

A student who wishes to apply for return to campus after a medical leave of absence, including following a mental health crisis, must provide documentation pertaining to evaluation and/or treatment from a qualified healthcare professional and demonstrate successful engagement in productive activities while on medical leave. The Wingate University Behavioral Intervention Team will convene to evaluate the documentation and any other additional information provided by the student to substantiate their return to campus. The team will then determine whether the student may return to Wingate University, with or without any accommodations, or whether the medical leave should be extended.

Involuntary

A student may forfeit academic responsibility during a semester by:

- persistent failure to complete classroom assignments;
- habitual class absence; and/or
- disruption and disturbance of fellow students.

In such cases, the student may be required to withdraw from the University. The Office of Student Success will investigate cases of forfeiture of academic responsibility in consultation with the Student Success Team (representatives from Academic Affairs, Business Affairs, Student Life, Athletics, and Enrollment Management).

The Student Success Team may recommend involuntary withdrawal of the student to the Office of Student Life. A determination will be made as to whether withdrawal is appropriate after meeting with the student. Appeals of involuntary withdrawals may be made to the Dean of Students within 48 hours of notification of the withdrawal action. The decision of the Dean of Students will be final.

Voluntary

Any student voluntarily leaving the University before the close of the term must withdraw officially. The student initiates the withdrawal procedure with the Office of Student Success. The withdrawal form must be signed by representatives from Residence Life, the Business Office, the Registrar's Office, and Financial Planning.. The withdrawal process is completed at the Business Office.

The deadline for withdrawal is stated in the University calendar. A student who withdraws by the deadline and has settled all accounts with the University will receive grades of "W" for the semester. A student who withdraws after the deadline will receive grades of "F" for the semester.

In cases where extenuating circumstances warrant it, a student may receive grades of "W" from the University after the deadline has passed. The student who wishes to make this appeal should submit a letter and any other supporting documentation to the Office of the Vice President for Academic Affairs detailing the reason(s) for the request. If the appeal is accepted, the Registrar will change the semester grades from "F"s to "W"s. Appeals will only be considered for those students who complete the appeal process before the first day of the final exam period of the semester of voluntary withdrawal. Students who have questions about withdrawing or would like to begin the withdrawal process should contact the Office of Student Success.

Chapter 7

DESCRIPTION OF UNDERGRADUATE COURSES

ACCOUNTING (ACCT)

Accounting 253. Principles of Financial Accounting

Accounting as an information development and communication function that supports business decision making. Overview of the accounting cycle; impact of decisions on the financial statements, and introduction to financial reporting including preparation and analysis of financial statements.

Credit: 0 hours

Accounting 498. Independent Study

Requires consent by the Dean of the School of Business. Must be approved and supervised by a faculty member.

Credit: 3 hours

Accounting 499. Internship

Internship in accounting. Requires consent of the Dean of the School of Business. Must be approved and supervised by a faculty member.

Credit: 3/6 hours

ARABIC (ARAB)

Arabic 101. Elementary Arabic I

The course objective of Arabic 101 is to communicate and understand Modern Standard Arabic as a beginner and to gain exposure to Egyptian and colloquial Arabic. The first part of this course will be focused on mastering the Arabic alphabet and pronouncing sounds correctly (*Alif Baa* textbook and DVDs). During this time the student will also be exposed to commonly-used Arabic phrases. Attention will then be turned to conversations, grammar development, and vocabulary building (*Al-Kitaab* textbook).

Credit: 3 hours

Arabic 102. Elementary Arabic II

Arabic 102 builds on the skills and competencies acquired in Arabic 101. The course objective is to communicate and understand Modern Standard Arabic at second semester level and to expand Egyptian colloquial Arabic skills. The class will continue with the story of Maha and Kalid as found in the *Al-Kitaab* textbook and will focus on vocabulary and grammar development to aid sentence building, reading and oral comprehension, and speaking using appropriate code-switching between Modern Standard Arabic and Egyptian colloquial.

Credit: 3 hours

Arabic 104. Intensive Elementary Arabic

This is an intensive course which combines Arabic 101 and 102 into a single course given in one semester rather than two semesters. Students will gain six credit hours with only one final grade at the end of the course. Only serious students who have the time and dedication to complete such an intensive course should enroll.

Credit: 6 hours

ART (ART)

Art 105. Drawing Fundamentals

Introduction to drawing media and techniques with an emphasis on drawing as a process of intense visual observation. Elements of line, value, scale, proportion and composition studied and practiced.

Requirement for Art majors; recommended for non-majors

Credit: 4 hours

Art 108. Studio Art for Non-Majors-2D

Introduction to elements and principles of two-dimensional design. Projects will explore the elements of line, shape, value, texture, color and methods of organizing elements into a unified composition. A variety of media will be used. Lab fee. *Recommended for non-Art majors*

Credit: 2 hours

Art 109. Studio Art for Non-Majors- Clay

Introduction to basic hand building techniques with clay. Students practice and become familiar with the ceramic techniques of Native Americans as well as the ancient civilizations of Europe and Asia. Projects encourage thinking individually and creatively about pottery making. Lab fee. *Recommended for non-Art majors*

Credit: 2 hours

Art 110. Focus on Visual Arts

Introduction to the visual arts, including creative processes in both two and three dimensional media. Students will also gain an appreciation of the role art plays in their lives, and its importance to societies past and present. Lecture format.

Recommended for non-Art majors

Credit: 2 hours

Art 111. Studio Foundations-2D

Fundamentals of 2D design for art majors. Introduction of fundamental elements and principles of two-dimensional design. Experimentation with variety of media including graphite, ink, pastel, tempera paint colored pencils. Emphasis on problem-solving, craftsmanship, and personal expression. Portfolio of two-dimensional compositions required. Lab fee.

Requirement for Art majors

Credit: 4 hours (Fall)

Art 112. Studio Foundations-3D

Fundamentals of 3D design for art majors. This course is built around the basic elements and design principles of three-dimensional art. Projects are designed to explore these elements in a theoretical and practical context. Coursework will involve theories in all aspects of 3D design as found in sculpture, ceramics, architecture, jewelry and installation or performance pieces. Lab fee.

Requirement for Art majors.

Credit: 4 hours (Spring)

Art 115. Basic Photographic Techniques

Fundamentals of making better photographs. Practical experience includes photographic principles, camera operation, camera handling techniques, and composition. Students will explore creative approaches to their own personal photography through a series of projects under the professor's guidance. A digital point-and-shoot camera is required. More advanced cameras also qualify. No darkroom work. Lab fee.

Recommended for non-Art majors

Credit: 2 hours

Art 202. Painting

Exploration of materials, techniques, and problems of painting using either oil or acrylic media. Emphasis on representational subject matter including still life and landscape.

Prerequisite: Art 111 or Art 105

Credit: 4 hours (Fall)

Art 203. Ceramics

Exploration of hand building with clay. This class explores the creative possibilities of using stoneware clay and working at the studio table, to design a number of interesting projects. A variety of techniques such as slab work, pinch pot and coil pot methods are part of the syllabus. Wheel throwing concepts introduced. Glaze experimentation make final projects unique. Lab fee.

Prerequisite: Art 112

Credit: 4 hours

Art 206. Watercolor

Exploration of uses and techniques of watercolor painting. Exercises using wash, wet-in-wet, color overlay, and special effects. Painting projects will range from figurative to abstract compositions. Portfolio of watercolor compositions required.

Prerequisite: Art 111 or Art 105

Credit: 2 hours (Spring) Course is repeatable for credit up to 6 hours

Art 207. Surface Design: Dyes & Pigments

Fundamentals of surface design through the use of direct and immersion dyes, batik, stamping and stenciling tools, marbling, and shibori. Experimentation with dyes and pigments on natural fibers. Lab fee.

Prerequisite: Art 108 or Art 111

Credit: 2 hours (Fall) Course is repeatable for credit up to 6 hours

Art 208. History of Art I: Caves to Cathedrals

History of art from the Paleolithic era through Gothic art. Emphasis on the origins and development of styles of painting, sculpture and architecture.

Credit: 2 hours (Fall)

Art 209. History of Art II: Pre-Renaissance to Rococo

History of Western art from the proto-Renaissance through the Renaissance, Mannerism, Baroque and Rococo eras. Emphasis on relationships of artistic innovation to changing political, social and economic concerns.

Credit: 2 hours (Spring)

History of Western art of the 18th and 19th centuries. Study of Neo-Classicism, Romanticism, Realism, Impressionism and Post Impressionism.

Credit: 2 hours (Fall)

Art 214. Jewelry

Introduction to basic jewelry design and fabrication. Students learn to use silver and stone in a variety of designs and processes. A study of jewelry making techniques will be covered. Lab fee.

Prerequisite: Art 108 or Art 112

Credit: 4 hours (Spring)

Art 215. Sculpture

Exploration of sculptural processes, emphasizing integration of ideas, materials and techniques. Projects include additive and subtractive methods as well as assembling using clay, stone, metal and wood. Lab fee.

Prerequisite: Art 112

Credit: 4 hours (Fall)

Art 225. Photography: Process and Practice

Exploration of photographic theory, techniques and equipment. Emphasizes the use of the 35 millimeter camera as a creative and expressive tool. Studio work includes darkroom experience in developing and printing black and white film. Student must have 35mm manually adjustable camera. Some cameras are available for loan via application to professor. Lab fee.

Requirement for Art majors

Credit: 4 hours

Art 230. Graphics/ Digital Design

Introduction to the use of the computer as a tool for fine and graphic arts applications. Computer design concepts, terminology and processes explored. Foundations of Adobe Photoshop practiced to compose, edit and retouch images. Visual problem solving in combining image and type. Lab fee.

Prerequisite: Art 108 or Art 111

Credit: 4 hours

Art 302. Advanced Painting

Advanced study of painting techniques in oils or acrylics. Emphasis on individual and creative approaches to medium, composition, subject matter and personal expression. Thematic painting series required.

Prerequisite: Art 202

Credit: 2 hours, (Spring, odd years) Course is repeatable for credit up to 6 hours.

Art 303. Ceramics: Wheel

Exploration of potter's wheel techniques. Wheel throwing fundamentals such as: centering, making handles, making lids, and plates are practiced. Glaze application and the mixing of glaze ingredients learned. Firing kilns give students the opportunity to know the total process of making pottery from start to finish. Lab fee.

Prerequisite: Art 203

Credit: 2 hours Course is repeatable for credit up to 6 hours.

Art 304. Women in History of Art (Women's Studies 304)

Introduction to the accomplishments of women in art. Key women artists and their contributions from Renaissance to the present will be covered.

Prerequisite: Art 209 or Art 210

Credit: 2 hours (Fall, odd years)

Art 305. Advanced Drawing

Advanced study of drawing techniques using pastels, oil pastels, charcoal, conte crayon and graphite. Emphasis on individual expression, large scale drawing and experimental approaches to subject matter.

Prerequisite: Art 105

Credit: 2 hours (Spring, even years) Course is repeatable for credit up to 6 hours.

Art 307. Surface Design: Silkscreen

Fundamentals of silkscreen techniques. Continuation of surface design techniques with projects using multiple-layer dye processes, color discharge, combined techniques for complex surfaces. Construction of pieced fabrics and wall-hangings. Lab fee.

Prerequisite: Art 108 or Art 111

Credit: 2 hours (Spring) Course is repeatable for credit up to 6 hours.

Art 308. Figure Drawing

Drawing from a figure model, focusing on both anatomy and facial structures. Work in dry media in a variety of techniques including gesture and contour drawing.

Prerequisite: Art 105

Credit: 2 hours (Fall) Course is repeatable for credit up to 6 hours.

Art 309. Mixed Media

Exploration of mixed media techniques with an emphasis on development of individual creative process and expression. Students work with a combination of papermaking, drawing, painting, and collage. Both representational and non-objective subject matter encouraged. Lab fee.

Prerequisite: Art 105 & Art 202 or Art 215

Credit: 2 hours, (Fall, odd years) Course is repeatable for credit up to 6 hours

Art 314. Advanced Jewelry

Advanced exploration of jewelry making techniques. Emphasis on development of personal expression and integrated design concepts. Lab fee.

Prerequisite: Art 214

Credit: 2 hours (Spring) Course is repeatable for credit up to 6 hours.

Art 315. Advanced Sculpture

Advanced explorations of sculpture technique focusing on one major sculptural method. Emphasis on craftsmanship and development of personal expression. Lab fee.

Prerequisite: Art 215

Credit: 2 hours (Fall, odd years) Course is repeatable for credit up to 6 hours.

Art 320. Fabrication

Metalworking fabrication techniques. Students will use arc & mig welding and plasma cutting to fabricate large scale sculptural works. Lab fee.

Prerequisite: Art 215

Credit: 2 hours (Fall, even years) Course is repeatable for credit up to 6 hours.

Art 326. Digital Photography

Advanced photographic work emphasizing the use of digital technologies in the photographic process. Includes aspects of digital capture, editing, and output, using Photoshop techniques in the production of finished images for creative and commercial purposes. Studio course. Students provide 6 MP digital camera. For exceptions to prerequisites, consult with professor.

Prerequisite: Art 225 and Art 230.

Credit: 4 hours (Spring)

Art 331. Logos & Letterforms

A digital studio course in the study of logos, letterforms and typographic concepts as elements of graphic communication. Design processes practiced to develop vector graphic logos and symbols using Adobe Illustrator. Lab fee.

Prerequisite: Art 230

Credit 2 hours (Fall, even years) Course is repeatable for credit up to 6 hours.

Art 332. Page Design

Page design concepts explored for the creation of single and multiple page graphic documents. Integration of type, images and other design elements practiced. Computer skills in industry standard Adobe InDesign will be developed. Professional file preparation procedures for print and web practiced. Lab fee.

Prerequisite: Art 230

Credit: 2 hours (Fall, odd years) Course is repeatable for credit up to 6 hours.

Art 333. Digital Painting

Use of digital painting tools available in *Photoshop* and/or *Painter* to create images that simulate traditional artist's media. Focus on fine arts applications of computer graphics. Lab fee.

Prerequisite: Art 230

Credit: 2 hours

Art 340. Intaglio Printmaking

Exploration of intaglio printmaking processes including etching, aquatint and engraving on zinc plates. Image development and printing of small editions required. Lab fee.

Prerequisite: Art 105 & Art 111

Credit: 2 hours (Fall) Course is repeatable for credit up to 6 hours.

Art 341. Relief Printmaking

Exploration of relief printmaking processes including linoleum cuts, wood cuts and monoprints. Image development and printing of small editions required. Lab fee.

Prerequisite: Art 105 & Art 111

Credit: 2 hours (Fall) Course is repeatable for credit up to 6 hours.

Art 365. Art Methods for Elementary Education (K-6) (Education 365)

Comprehensive program of arts/crafts. Variety of drawing and painting techniques and craft processes including printmaking, paper mache, fabric projects, and collage. Portfolio of projects required upon completion of the course. Lab fee.

Prerequisite: Education 301, 330

Credit: 2 hours

Art 366. Teaching Methods for Art Majors (K-6) (Education 366)

Theories and practices influential in contemporary art education for grades K-6. Curriculum planning, practical experiences, and laboratory projects identify problems and explore concepts in elementary and secondary school art. Lab fee.

Prerequisite: Education 301, 330

Credit: 2 hours

Art 367. Teaching Methods for Art Majors (6-12) (Education 367)

Art teaching methods and materials for grades 6-8 and 9-12. Topics include philosophy, curriculum, evaluation, and procedures for art classroom arrangements and management, studio art techniques for specific age levels, mounting and presenting exhibitions, safety factors with art media and tools, methods for research in art history, and portfolio preparation. Lab fee.

Credit: 2 hours

Art 370. Art Internship

A program of work/study, academic and/or studio, off campus at an established art facility or professional artist's studio. Choices will include area museums, galleries, photography studios, graphic design establishments, fashion design, interior design business, etc. The internship will be tailored to area of specialization of each individual student.

Credit: Variable Course is repeatable for credit up to 12 hours.

Art 404. The Creative Process-Research Methods for Artists

Research methods appropriate to the development of individual visual expression explored. Topics include idea generation, sketchbook explorations, media research, and practice with collecting, processing & filtering content.

Prerequisite: Junior level art major

Credit: 2 hours (Spring)

Art 405. Ceramics in History

3 Selected countries in specific centuries in world history chosen for the study of historical ceramics, Countries for consideration: Mexico, China, India, North America, Russia, Egypt, Greece, Portugal, Brazil, Peru, Africa. Lab fee.

Prerequisite: Art 203

Credit: 2 hours (Spring)

Art 406. American Art (History 406)

An introduction to American Art and the history of its evolution in light of aesthetic concerns. Study of uniquely American art forms from the colonial period through the mid-20th century.

Prerequisite: Art 209 or Art 210

Credit: 2 hours (Fall, even years)

Art 407. History of 20th Century American Photography

Chronological survey of the people, ideas, events and processes which have shaped the medium of photography during the 20th century. Students will explore the ways in which photography has been used as a social, scientific, and political tool and the role of photography as an art form.

Credit: 2 hours (Spring, odd years)

Art 408. 20th Century Art

A history of contemporary European and American Art from the early 20th century up to and including modern movements and current styles in major art media. Some correlation of 20th century music and literature.

Prerequisite: Art 209 or Art 210

Credit: 2 hours (Spring, even years)

Art 413. Advanced Ceramics: Porcelain

Advanced wheel throwing techniques. This study emphasizes the use and appreciation of working with the pure white fine clay, which is porcelain, to create wheel thrown objects. Assignments include utilitarian items such as pitchers and cups, as well as imaginative wall hangings which demonstrate a theme. Kiln firing and glaze calculating required. Lab fee.

Prerequisite: Art 303

Credit: 2 hours (Fall) Course is repeatable for credit up to 6 hours.

Art 450. Senior Exhibit

Research, preparation, presentation, and documentation of senior portfolio exhibition. Demonstration of professional approach and display of selected theme. For art and art/education majors only. Capstone course.

Credit: 4 hours

Art 451. Careers and Professional Practices

Exploration of the practical realities of being an artist. Topics include career options, business practices, image documentation, portfolio preparation, and theme development.

Prerequisite: Junior level art major

Credit: 2 hours (Fall)

Art 452. Portfolio Preparation and Presentation

This course is designed for senior level art majors. Students will prepare professional portfolios of their work in both hard copy and digital forms. Presentation skills will be practiced in preparation for job and graduate school interviews. Lab fee.

Prerequisite: Senior level art major

Credit: 2 hours (Spring)

Art 470. Independent Study

Specialized research or studio work selected by student with approval and supervision by art faculty member.

Credit: 1-4 hours

Art 490. Topics in Non-Western Art History

Overview of the arts of non-western cultures, focusing on aspects of the following regions: Native North American, Africa, Asia, Central and South America. This course will consider creativity and artistic styles, social/cultural significance of specific art objects.

Prerequisite: Art 209 or Art 210

Credit: 2 hours

Art 491. Special Topics in Studio Art

Variable course designed to offer students experiences with art media & techniques which are outside of established curriculum. Specific course description to be announced as course is offered. Lab fee.

Credit: 2 hours

Repeatable with different topics

Art 492. Special Topics in Art History

Variable course designed to offer students advanced art history topics outside of established curriculum.

Credit: 2 hours

Repeatable with different topics

Art 496. Decorative Art and Architecture in London

Study of existing architecture in London and its museums. Includes examination of its history, design, aesthetics, and general concepts.

Credit: 3 hours

Art 497. Exit Examination

Required of majors in the last semester before graduation. Graded on P/F basis.

Credit: 0 hours

ATHLETIC TRAINING (AT)

Athletic Training 150. Introduction to Athletic Training

An introductory course which includes an overview of the profession of athletic training, the characteristics of an athletic trainer, the history of athletic training and the National Athletic Trainers' Association, and influential leaders who have impacted our profession. Development and tasks of the sports medicine team and an emphasis on medical terminology are included. Includes a minimum of 3 game observations.

Credit: 3 hours (Fall)

Athletic Training 201. Practical and Emergency Techniques in Athletic Training

The course is designed to prepare athletic trainers to care for emergency situations occurring during athletics and to learn preventive and rehabilitative bracing and taping techniques. Topics include taping/bracing/splinting techniques, the development of sport specific emergency plans, triage, and care of life-threatening and non life-threatening events. In addition, students will be certified in American Red Cross First Aid and CPR for the Professional Rescuer with AED Administration. Includes 50 clinical observation hours. Lab fee.

Credit: 4 hours (Spring)

Athletic Training 230. Athletic Training Practicum I

Athletic training skill development in the areas of risk management, injury prevention, taping and padding, acute care of injury and illness, and general medical conditions and disabilities. Includes a minimum of 100 clinical observation hours under the direct supervision of a certified athletic trainer or licensed healthcare professional. Lab fee.

Prerequisite: Admission to the athletic training program

Credit: 2 hours (Fall)

Athletic Training 235. Athletic Training Practicum II

Advancement of athletic training skills and techniques included in Athletic Training 230. Includes a minimum of 100 clinical observation hours under the direct supervision of a certified athletic trainer or licensed healthcare professional.

Prerequisite: Athletic Training 230

Credit: 2 hours (Spring)

Athletic Training 255. Applied Nutrition

Basic concepts of nutrition including meal balancing, food grouping, and weight gain/loss coupled with the relationship between nutrition and the human physiological processes.

Credit: 3 hours (Spring)

Athletic Training 305. Care and Prevention of Athletic Injuries

General introduction to athletic training. Exposure of the student to the recognition of athletic injuries/illnesses and their care and the prevention of future injuries/illnesses.

Credit: 3 hours (Fall)

Athletic Training 310. Exercise Physiology (Health and Physical Education 310)

Study of the physiological effects of exercise on the human body; includes instruction in designing and implementing exercise and conditioning techniques as well as the study of all human biologic systems and how they are influenced/altered by exercise and movement. Three hours lecture and three hours lab. Lab fee.

Prerequisite: Athletic Training 312/Biology 315

Credit: 4 hours (Spring)

Athletic Training 312. Human Structure & Function

Study of the major anatomical and physiological aspects of the human body. Three hours lecture and three hours lab. Lab fee.

Prerequisite: Biology 120/150; Athletic Training 150/Health and Physical Education 201 or consent of professor

Credit: 4 hours

Athletic Training 315. Anatomical Kinesiology (*Health and Physical Education 315*)

Study of the human body; specifically the musculoskeletal system will be studied in great depth. Students will learn the basic principles of the body in motion in terms of muscles and joints and will apply the knowledge gained to improve performance in motor skills.

Prerequisite: Athletic Training 312, Biology 315

Credit: 3 hours (Spring)

Athletic Training 320. Rehabilitation Techniques in Athletic Training

Post-injury and post-operative rehabilitation techniques. Study and application of conditioning techniques involved in returning athletes from a post-injury phase to normal athletic activity.

Prerequisite: Athletic Training 315

Credit: 4 hours (Fall)

Athletic Training 326. Therapeutic Modalities

Clinical treatment of athletic injuries. Practical use of therapeutic modalities and rehabilitation equipment used in the treatment of athletic injuries. A study of the physiological effects, indications and contraindications of each form of treatment.

Prerequisite: (Recommended: Chemistry 100)

Credit: 4 hours (Spring)

Athletic Training 330. Athletic Training Practicum III

Focuses on previously-developed skills and further includes the reasoning for and uses of therapeutic modalities, assessment and evaluation of injuries and illnesses, and nutritional aspects of injury and illness. Includes a minimum of 100 clinical observation hours under the direct supervision of a certified athletic trainer or licensed healthcare professional. Lab fee.

Prerequisite: Athletic Training 235

Credit: 2 hours (Fall)

Athletic Training 335. Athletic Training Practicum IV

Designed to prepare athletic trainers to care for emergency situations which occur among athletes. Topics include development of sport-specific emergency plans, triage, and care of life-threatening and non life-threatening events. In addition, students will be certified in American Red Cross Community First Aid and CPR. Includes a minimum of 100 clinical observation hours under the direct supervision of a certified athletic trainer or licensed healthcare professional.

Prerequisite: Athletic Training 330

Credit: 2 hours (Spring)

Athletic Training 400. Athletic Training Seminar

Emphasis placed upon guest lectures by various allied health practitioners. Course topics will expand upon existing knowledge in the areas of assessment of injuries, rehabilitation, surgical procedures, and other associated therapeutic subjects as they relate to athletic training.

Prerequisite: Senior standing in Athletic Training program.

Credit: 2 hours (Spring)

Athletic Training 410. Organization and Administration of Athletic Training

Students will learn to organize and administer athletic training facilities and athletic training academic programs. Students will also learn how to effectively provide thorough health care coverage to the population for which Certified Athletic Trainers are responsible.

Credit: 2 hours (Fall)

Athletic Training 422. Upper Extremity Athletic Injury Assessment

An in-depth study of the anatomical, physiological, and pathological processes that occur due to athletic injury. Etiology, mechanisms, signs, symptoms, and special tests associated with head, cervical, spine, shoulder, elbow, wrist and hand injuries will be examined. Practical evaluation skills and injury disposition proficiency will be improved.

Prerequisite: Athletic Training 305

Credit: 4 hours (Fall)

Athletic Training 426. Lower Extremity Athletic Injury Assessment

An in-depth study of the anatomical, physiological, and pathological processes that occur due to athletic injury. Etiology, mechanisms, signs, symptoms, and special tests associated with thorax, abdominal, thoracic and lumbar spine, hip, knee, ankle, and foot injuries will be examined. Practical evaluation skills and injury disposition proficiency will be improved.

Prerequisite: Athletic Training 422 or consent of professor

Credit: 4 hours (Spring)

Athletic Training 430. Athletic Training Practicum V

Includes pathology of injuries and illnesses, pharmacology, psychosocial intervention and referral, health care administration, and professional development and responsibilities. Includes a minimum of 100 clinical observation hours under the direct supervision of a certified athletic trainer or licensed healthcare professional. Lab fee.

Prerequisite: Athletic Training 335

Credit: 2 hours

Athletic Training 435. Athletic Training Practicum VI

Advances the skills and techniques included in Athletic Training 430 and represents the completion of the clinical portion of the curriculum. Includes a minimum of 100 clinical observation hours under the direct supervision of a certified athletic trainer or licensed healthcare professional.

Prerequisite: Athletic Training 430

Credit: 2 hours (Spring)

Athletic Training 480. Pathology and Pharmacology

Students learn about disease manifestations of the body and organ systems, and the athletic trainer's role in assessment and control methods. An overview of general pharmacology, including over-the-counter and major prescription medication, drug interactions, and a description of the role of the athletic trainer in clinical decision-making in common settings

Credit: 2 hours (Fall)

Athletic Training 497. Exit Examination

Required of majors in the last semester before graduation. Graded on P/F basis.

Credit: 0 hours

Athletic Training 499. Internship in Athletic Training

Student will complete an internship consisting of a least 160 contact hours in a nearby high school or in a sports medicine clinic. Students will carry out the daily tasks dictated by the setting in which they choose to do their internships. All students must be under the direct supervision of a Certified Athletic Trainer while doing this internship. The Wingate University Athletic Training department will oversee and work in conjunction with the on-site ATC.

Prerequisite: Senior standing, consent of professor.

Credit: 4 hours

BIOLOGY (BIO)

Biology 115. Environmental Biology

Basic concepts of ecosystem structure and function, and varieties of interactions in the environment. Problems of energy and energy flow, resources, disruptive influences, and man's response and responsibility. Three hours lecture, three hours lab.

Credit: 4 hours (Fall)

Biology 120. Human Biology

Biology and man's life cycle; growth and development; physiological control; reproduction and genetics. Three hours lecture, three hours lab.

Credit: 4 hours

128-Description of Courses

Biology 140. Human Genetics

Principles of classical and molecular genetics as applied to the human organism. Laboratory exercises include contemporary aspects of Biotechnology and genetic analysis. Three hours lecture, three hours lab.

For non-Biology majors only

Credit: 4 hours

Biology 150. Principles of Cell and Molecular Biology

Basic concepts of biological science emphasizing cell structure, function, and chemistry; genetics; energetics; and immunology. Prerequisite to all courses Biology 200 level and above. Three hours lecture, three hours lab.

Credit: 4 hours

Biology 200. Zoology

Survey of the biology of the major groups of animals. Phylogenetic relationship is basis for examination of major patterns of structure, physiology, behavior, and natural history. Laboratory includes field work. Three hours lecture, three hours lab.

Prerequisite: Biology 150

Credit: 4 hours

Biology 205. Plant Biology

Survey and natural history of the plant kingdom; plant ecology and adaptation; growth and development and hormonal regulation; plant structure and metabolism; medical and economic significance. Three hours lecture, three hours lab.

Prerequisite: Biology 150

Credit: 4 hours (Fall)

Biology 300. Ornithology

Integrated lecture/laboratory/field study examining the anatomy, physiology, identification, and natural history of birds. Students are expected to supply their own binoculars. Three and one-half hours per week of lecture/laboratory/field study.

Prerequisite: any Biology Lab course, consent of professor.

Credit: 3 hours (Spring, odd years)

Biology 305. Genetics

Mendelian and molecular genetics with a strong emphasis on replication, transcription, and translation. Regulation of gene expression in procaryote and eucaryotes; mutation and DNA repair, oncogenes and tumor suppressor genes. Three hours lecture, three hours lab.

Prerequisite: Chemistry 101, consent of professor.

Credit: 4 hours (Fall)

Biology 315. Human Anatomy and Physiology

Anatomy and physiology of human organ systems. Laboratory includes whole organ and whole animal dissections, and measurements of physiological processes. Three hours lecture, three hours lab.

Prerequisite: Biology 120 or 150

Credit: 4 hours

Biology 320. Microbiology

Biology of microorganisms with emphasis on bacterial structure, physiology, genetics, medical and ecological importance, basic virology and immunology. Laboratory includes: bacterial identification, based on morphology, staining, and metabolic characteristics; microscopy, culturing and aseptic technique; viral culture and assay; microbiology of food and water. Three hours lecture, three hours lab.

Prerequisite: Biology 150, Chemistry 101, consent of professor

Credit: 4 hours (Spring)

Biology 330. Marine Biology and Oceanography (Environmental Biology 330)

Study of the Earth's marine life and ocean ecosystems; ecological relationships among different forms of sea life and their interactions with the physical environment of the world's oceans.

Prerequisite: Environmental Biology/Biology 115 or Biology 150 and 200

Credit: 3 hours

Biology 350. Scanning Electron Microscopy

Theory and practical aspects of scanning electron microscopy; use of the SEM and sample preparation as it applies to the biological sciences. Materials sciences and other microscopy probe techniques and TEM will be discussed. Three hours lecture, three hours lab.

Prerequisite: Consent of professor

Credit: 4 hours (alternate years)

Biology 360. Parasitology

Principles of veterinary and medical parasitology, covering appropriate invertebrate phyla and protozoans. Laboratory exercises will include both parasite identification/diagnosis and collection and preservation techniques. Emphasis will be placed on organisms of veterinary and/or medical importance. Two hours lecture, three hours lab.

Prerequisite: Biology 200; Biology 320 recommended.

Credit: 3 hours (Spring)

Biology 401. Ecology

Patterns of distribution and abundance of organisms, stressing quantitative evaluation of population dynamics, community structure, and ecosystem relations. Energetics and reproductive success are unifying principles. Three hours lecture, three hours lab.

Prerequisite: Consent of professor.

Credit: 4 hours (Fall)

Biology 405. Biology Seminar

Selected topics in biology involving student presentations and discussions. Capstone course in the major. Two hours lecture.

Prerequisite: Consent of professor.

Credit: 3 hours (Spring)

Biology 412. Physiology of Reproduction

Functional and anatomical processes that control reproduction in mammals and avian species. Laboratory will include gross anatomical dissection and microscopic study of the male and female reproductive system, studies of endocrinology associated with embryonic development and pregnancy, palpation and ultrasonography of pregnancy, and reproductive management of mammals. Three hours lecture, three hours lab.

Prerequisite: Biology 315 or consent of professor.

Credit: 4 hours (Fall, alternate years)

Biology 413. Pathophysiology

A conceptual course focusing on underlying principles of pathophysiology. Course topics will include cell injury, inflammatory processes, neoplasia, metabolic disturbances, pain, degenerative processes, and general dysfunction of organ systems.

Prerequisite: Biology 305 and Biology 315 or Biology 320 or consent of professor.

Credit: 3 hours

Biology 414. Animal Physiology

Cellular and molecular processes of animal physiology will be introduced in this course, with emphasis on mammalian systems. Similarities and differences of physiological function will be addressed in different animals. Emphasis will be placed on nervous, muscular, cardiovascular, endocrine, respiratory, renal, reproductive, and digestive physiology. The laboratory will reinforce topics learned in lecture and familiarize students with the collection and interpretation of physiological data.

Prerequisite: Biology 315

Credit: 4 hours (Fall, even years)

Biology 415. Histology

Microscopic anatomy and identification of cells, tissues, and organs; introduction to histological techniques and preparation. Three hours lecture, three hours lab.

Prerequisite: Biology 315 or consent of professor.

Credit: 4 hours (Spring, odd years)

Biology 420. Immunology

Study of the molecules, cells and tissues involved in the immune response. Emphasis is placed on the medical aspects of immunology, and the application of immunological techniques to other area of biological investigation. Three hours lecture.

Prerequisite: Biology 320 or consent of professor.

Credit: 3 hours (alternate years)

Biology 424. Principles of Biochemistry (Chemistry 424)

Structure and function of proteins, carbohydrates, and lipids. Pathways of intermediary metabolism emphasizing cellular location, thermodynamics, and regulation of rate-limiting enzymes. Signal transduction across membranes, and integration and hormonal regulation of metabolism. Three hours lecture.

Prerequisite: "C" or above in Chemistry 202; Biology 150

Credit: 3 hours (Fall)

Biology 425. Biochemistry (Chemistry 425)

Structure and function of proteins, carbohydrates and lipids. Pathways of intermediary metabolism emphasizing cellular location, thermodynamics and regulation of rate-limiting enzymes. Signal transduction across membranes, and integration and hormonal regulation of metabolism. Three hours lecture, three hours lab.

Prerequisite: "C" or above in Chemistry 202; Biology 150

Credit: 4 hours (Fall)

Biology 430. Wildlife Management (Environmental Biology 430)

Basic principles of wildlife management; study of how wildlife populations are maintained in natural and disturbed communities.

Prerequisite: Environmental Biology/Biology 115 or Biology 150, 200

Credit: 3 hours

Biology 442-444. Independent Study

Individual study of a topic of interest and concern to the student. May involve directed reading and/or experimental work in consultation with and supervision by a biology faculty member. May be repeated for credit (*with approval of biology faculty*). Offered on demand.

Prerequisite: 2.0 GPA; approval of Biology chairperson and Dean of the College 30 days prior to study

Credit: 2-4 hours

Biology 450. Evolutionary Biology

Principles of modern evolutionary thought; an investigation of the molecular mechanisms, patterns, and consequences of genetic change at the cellular, organismic, and population level.

Prerequisite: Biology 305, Biology 401; Biology 320 strongly recommended.

Credit: 2 hours (Spring)

Biology 491-493. Special Topics in Biology

Special topics of interest in Biology. May be repeated for a maximum of six hours.

Prerequisite: Junior/Senior standing and consent of professor.

Credit: 1-3 hours

Biology 497. Exit Examination

Required of majors in the last semester before graduation. Graded on P/F basis.

Credit: 0 hours

Biology 499. Biology Internship

Field experience in biology through internship or volunteer opportunity. An acknowledged learning agenda between the supervisor and student is recognized; the student and supervisor will set goals to be met during the internship.

Prerequisite: 2.0 GPA; approval of Biology Chair and Dean of the College of Arts & Sciences

Credit: 4 hours

BUSINESS (BUS)

Business 101. Introduction to Business

Role of business in society; careers in business; and introductory material concerning each of the functional areas of business studies.

Credit: 3 hours

Business 305. Legal Environment of Business

General principles of law applicable to the business setting and how they are integrated into the business environment by way of problem solving and decision making. Course only available to junior and senior business majors.

Credit: 3 hours

Business 308. Business Statistics

Use of statistics for decision making; statistical description; frequency distributions; significance testing, sampling and other statistical techniques as applied to business problems.

Prerequisite: Math 117 or 120

Credit: 3 hours

Business 323. Production and Operations Management

Plant location, layout, and efficient operation. Includes practical applications of quantitative techniques such as linear programming, waiting-line problems, inventory control, and network analysis.

Prerequisite: Business 308, Management 302

Credit: 3 hours

Business 405. Global Business

Introduction to managing and marketing in a global economy. Emphasis on the impact of political, legal, economic, and cultural variables due to government's policies; consumer values, attitudes and lifestyles; variations in product and technology life cycle; and resource availability.

Prerequisite: Management 302, Marketing 301

Credit: 3 hours

Business 413. Special Topics in Business

Special topics relating to management science or other specialized topics in business. May be taken at the junior or senior level and up to three times as topics will vary.

Prerequisite: Consent of professor

Credit: 3 hours

Business 417. Business Strategy

Capstone course for knowledge of the various functional areas of business from a top management viewpoint of company operations. Focus on top management's role in strategy formulation and long-range planning in a dynamic environment. Capstone course for Accounting, Finance, Management, and Marketing majors.

Prerequisite: Accounting 254, Economics 222, Finance 318, Management 302, Marketing 301, Senior classification.

Credit: 3 hours

Business 497. Exit Examination

Required of majors in the last semester before graduation. Graded on P/F basis.

Credit: 0 hours

Business 498. Independent Study

Requires consent of the Dean of the School of Business. Must be approved and supervised by a faculty member.

Credit: 3 hours

Business 499. Internship in Business

Requires consent of the Dean of the School of Business. Must be approved and supervised by a faculty member.

Credit: 3 hours

CHEMISTRY (CHEM)

Chemistry 100. Fundamentals of Chemistry

Major concepts of general chemistry. Atomic and molecular structure, bonding, types of reactions, acid-base chemistry, solution chemistry, equilibrium, oxidation-reduction and an introduction to organic chemistry. Three hours lecture and three hours lab per week.

Credit: 4 hours

Chemistry 101. Principles of Chemistry I

The first half of an integrated two-semester sequence. Coverage includes the nature of matter, chemical equations and stoichiometry, gases, and chemical equilibrium. Three hours lecture and three hours lab per week.

Credit: 4 hours (Fall)

Chemistry 102. Principles of Chemistry II

Second of a two-part integrated sequence. Thermochemistry and equilibria, electrochemistry and oxidation-reduction, chemical kinetics, atomic structure (quantum mechanics), chemical bonding, and spectroscopy. Three lecture and three hours lab per week.

Prerequisite: Chemistry 101 with at least a "C"

Credit: 4 hours (Spring)

Chemistry 120. Chemistry and Society

Basic chemical principles explained within real-world societal issues. Through current technological issues, concepts such as atomic structure, chemical bonding, electromagnetic radiation, stoichiometry, thermodynamics, water quality, acids and bases will be explored. Intended for non-science majors. Three hours lecture and three hours lab per week.

Credit: 4 hours

Chemistry 201. Organic Chemistry I

Chemical bonding; introduction to stereochemistry and spectroscopy; survey of common functional groups. Three hours lecture, three hours lab.

Prerequisite: Chemistry 102 with at least a C

Credit: 4 hours (Fall)

Chemistry 202. Organic Chemistry II

Continuation of functional group survey with emphasis on selected topics of biological importance. Three hours lecture, three hours lab.

Prerequisite: Chemistry 201 with at least a C

Credit: 4 hours (Spring)

Chemistry 291, 292. Introduction to Chemical Research I & II

An introduction to the development, methodologies, management, and presentation of chemical ideas, proposals, and research. The topics will also include current awareness methods, the laboratory notebook, ethics in research, library and Internet resources, the use of Chemical Abstracts, and presentations by students and faculty. Student affiliation in the American Chemical Society is required. One lecture per week.

Prerequisite: Sophomore level or consent of professor.

Credit: 1 hour

Chemistry 311. Physical Chemistry I

A detailed study of gas laws, general thermodynamics, chemical thermodynamics, and equilibrium. Three hours lecture, three hours lab. Capstone course in the major.

Prerequisite: Chemistry 202, Math 220, Physics 202/consent of professor.

Credit: 4 hours

Chemistry 312. Physical Chemistry II

A detailed study of kinetics, quantum mechanics, spectroscopy, and solid-state properties. Three hours lecture, three hours lab. Capstone course in the major.

Prerequisite: Chemistry 311

Credit: 4 hours

Chemistry 331. Analytical Chemistry I

A study of the methods, techniques, and problems in chemical analysis. Includes error analysis; equilibrium analysis focusing on acid-base, complexation, precipitation, and oxidation-reduction reactions; introductory spectroscopy; and chromatography covering both gas and liquid techniques. Three hours lecture, three hours lab.

Prerequisite: Chemistry 102

Credit: 4 hours (Fall)

Chemistry 332. Analytical Chemistry II

Basic instrumental analysis featuring electronic, electrochemistry, atomic spectroscopy, molecular spectroscopy, and NMR. Three hours lecture, three hours lab.

Prerequisite: Chemistry 331

Credit: 4 hours (Spring, odd years)

Chemistry 391, 392. Junior Research I & II

The active investigation of a chemical research problem under the direct supervision of the chemistry faculty. Includes participation in the CHEM 291, 292 Introduction to Chemical Research course. One lecture and one lab per week.

Prerequisite: Junior level and consent of professor.

Credit: 2 hours

Chemistry 413. Inorganic Chemistry

A unified study of the non-carbon elements with an emphasis on properties, periodic trends, and reactions. Three hours lecture and three hours lab.

Prerequisite: Chemistry 202

Credit: 4 hours

Chemistry 420. Advanced Organic Chemistry

Application and extension of topics of Chemistry 202. Stereochemistry, synthesis and hetero-organic compounds. Three hours lecture, three hours lab.

Prerequisite: Chemistry 202

Credit: 4 hours

Chemistry 424. Principles of Biochemistry (Biology 424)

Structure and function of proteins, carbohydrates, and lipids. Pathways of intermediary metabolism emphasizing cellular location, thermodynamics, and regulation of rate-limiting enzymes. Signal transduction across membranes, and integration and hormonal regulation of metabolism. Three hours lecture.

Prerequisite: "C" or above in Chemistry 202; Biology 150

Credit: 3 hours (Fall)

Chemistry 425. Biochemistry (Biology 425)

Structure and function of proteins, carbohydrates and lipids. Pathways of intermediary metabolism emphasizing cellular location, thermodynamics and regulation of rate-limiting enzymes. Signal transduction across membranes, and integration and hormonal regulation of metabolism. Three hours lecture, three hours lab.

Prerequisite: Chemistry 201, 202

Credit: 4 hours (Fall)

Chemistry 450. Hazardous Materials and Chemical Safety

Properties and reactions of hazardous materials. Fire prevention and control, chemical storage and labeling, safety procedures, and transportation regulations. Three hours lecture/demonstration.

Prerequisite: Chemistry 202

Credit: 3 hours

Chemistry 470. Current Topics in Chemistry

Investigation of chemical topics of current interest. The choice of topics will be based on the students' backgrounds and interests, the topics of current interest in the chemical literature, and those topics that would supplement the students' other chemistry courses.

Prerequisite: Chemistry 202

Credit: 3 hours

Chemistry 491, 492. Senior Research I & II

An active investigation of a chemical research problem under the direct supervision of the chemistry faculty. Includes participation in the CHEM 291,192 Introduction to Chemical Research course. One lecture and two labs per week.

Prerequisite: Senior level and consent of professor.

Credit: 3 hours

Chemistry 497. Exit Examination

Required of majors in the last semester before graduation. Graded on P/F basis.

Credit: 0 hours

CHINESE (CHIN)

Chinese 101. Elementary Chinese I

Chinese 101 is the first half of a year-long elementary level course in Modern Standard Chinese (commonly known as *Putonghua* in China, *Guoyu* in Taiwan and Hong Kong, *Huayu* in Southeast Asia, or Mandarin in the rest of the world.) The course is designed for students who have little or no prior experience in the language. While knowledge of reading and writing (by hand and via computer) is part of the curriculum, the emphasis will be on training in standard pronunciation, circumstantial listening comprehension, and oral usage of grammar and vocabulary. The class will be conducted in both English and Chinese; computer-assisted technology and online course materials are an integral part of instruction.

Credit: 3 hours

Chinese 102. Elementary Chinese II

Chinese 102 is the second half to a year-long elementary level course in Modern Standard Chinese, building on the basics of the language introduced in 101 and advancing students' communicative skills in everyday settings. Course content centers around vocabularies and sentence patterns that are most essential, but is largely devoted to oral practice and sharpening students' listening comprehension. Students will compose and read their own short narratives. Computer-assisted technology and online course materials are an integral part of instruction

Credit: 3 hours

Chinese 104. Intensive Elementary Chinese

Chinese 104 is an elementary level course in Modern Standard Chinese (commonly known as Mandarin). In an intensive formula, the course meets six hours a week in the spring semester. By the end of the semester, students are expected to reach the level of fluency and efficiency equivalent to those who complete the one-year-long Elementary Chinese 101 and 102 sequence. Students can use the six credits they earn from the course to fulfill their one-year foreign language requirement.

Credit: 6 hours

Chinese 201. Intermediate Chinese I

Based upon the basic skills of listening, speaking, reading, typing and writing that students have developed through Elementary Chinese, Chinese 201 is designed to advance students' communicative skills in everyday settings. While its course content will focus on vocabularies and sentence patterns that are contemporary and most essential, class hours for Chinese 201 will be largely devoted to oral practice and to sharpen students' listening comprehension. Students will also be taught to use dictionaries and are expected to make progress in their reading ability. By the end of the semester, students will become familiar with the basics of Chinese WebPages and begin to be able to compose their own short essays in Chinese. Computer-assisted technology and online course materials are an integral part of the instruction for Chinese 201.

Credit: 3 hours

Chinese 202. Intermediate Chinese II

Based upon the basic skills of listening, speaking, reading, typing and writing that students have developed through Chinese 101, 102, and 201, Chinese 202 is designed to advance students' communicative skills in everyday settings. While course content will focus on vocabulary and sentence patterns that are contemporary and most essential, class hours will be largely devoted to oral practice and to sharpening students' listening comprehension. To develop their ability to

articulate in Chinese experiences and ideas that are more complex, students are required to keep weekly journals. While online course materials provided by the textbook publishers are an integral part of the instruction in the course, students will also be assigned to study audio materials which the professor may choose from the media such as BBC Chinese Service, Voice of America Chinese Service, CCTV.

Credit: 3 hours

COMMUNICATION (COMM)

Communication 101. Public Speaking

Fundamental techniques and basic principles essential to effective public speaking.

Credit: 3 hours

Communication 102. Workshop

Workshop in writing news and feature stories, preparing lay-out, and copy editing coordinated with production of student publications. May be repeated once.

Credit: 1 hour

Communication 110. Mass Communication

Role of mass media in American society. Emphasis on the impact of technological, economic, social, and governmental factors.

Credit: 3 hours

Communication 205. Public Relations: Principles and Practices

Definition of public relations, identification of publics and overview of public relations practice in for profit and non-profit settings. Media relations, crisis communications.

Prerequisite: Communication 220

Credit: 3 hours (Spring)

Communication 210. Voice and Diction

Principles of speech production and techniques of good articulation and vocal variety.

Credit: 3 hours

Communication 220. Newswriting

Fundamental principles of news gathering and newswriting; study of news and news values.

Enrolled students assist in the production of the *Weekly Triangle*.

Credit: 4 hours

Communication 225. Interpersonal Communication

Principles and techniques of effective dyadic and interpersonal communication.

Credit: 3 hours

Communication 250. Visual Communication

The study of visual theory and practices of visual communication. Involves production of short video programs and editing. Students typically create a news package and/or photography, video or web-based projects. May involve initial exposure to principles of film-making.

Credit: 3 hours

Communication 280. Mass Media Law and Ethics

Laws and regulations concerning the mass media, to include privacy, libel, broadcast, and advertising regulations. Ethical considerations in gathering and presentation of news.

Credit: 3 hours (Fall)

Communication 301. Great World Speeches

Rhetorical and critical/cultural analysis of significant speakers and speeches in American and international cultures. Attention to the power of oral discourse in culture; writing critical papers on the past, present and future impact of speeches studied.

Credit: 3 hours

Communication 302. Group Communication

Exploration of communication processes in groups. Emphasis on techniques of group decision making and problem solving.

Credit: 3 hours

Communication 315. Public Relations: Cases, Campaigns and Strategies

Use of the case study methods to devise solutions to public relations problems, design and execution of public relations campaigns. (Even number Spring semesters or as needed).

Prerequisite: Communication 220

Credit: 3 hours (Even number Spring semesters or as needed)

Communication 320. Writing for the Media

Writing messages targeted for distribution through channels such as Radio, Television, and the Internet. Emphasis on unity, economy, and appropriateness to medium.

Prerequisite: English 110, consent of professor

Credits: 3 hours

Communication 330. Nonverbal Communication

Analysis of nonverbal human communication and its significance in various settings

Credit: 3 hours

Communication 335. Oral History

The collection, interpretation, and preservation of spoken remembrances and first-hand accounts.

Prerequisite: Communication 250

Credit: 3 hours

Communication 340. Intercultural Communication

Examination of the influence of cultural difference on communication.

Credit: 3 hours (Spring, even years)

Communication 350. Oral Interpretation

Introduction to selection, analysis, and presentation of literature through performance.

Prerequisite: Six (6) hours of literature.

Credit: 3 hours

Communication 360. Public Relations Writing

Focuses on the application of writing skills to the field of public relations. Will emphasize adapting writing style and format to specific stakeholders and to a variety of public relations situations. Students will have the opportunity to examine professional copy and produce their own writing for inclusion in their portfolios. Each student will receive instructor's critique of his/her writing and will have a chance to critique fellow students' work.

Prerequisite: Communication 220

Credit: 3 hours (Fall)

Communication 365. Crisis Communication

Role of public communication in crisis situations; types of crisis; pre- and post-crisis planning; crisis communication management; risk communication; crisis narratives and rhetoric; ethical obligations of crisis communication; dealing with media; image restoration.

Prerequisite: Communication 205 (may be taken concurrently)

Credit: 3 hours (Fall)

Communication 370. Current Issues in Public Relations

This course aims to explore a range of current issues facing the Public Relations industry from a theoretical and practical perspective. The main aim is to provide a focal point for the Public Relations major exploring issues of interest and concern from a wide range of areas. The student will, along with the teacher, provide worthwhile topics for class discussion. Daily news sources, such as newspapers, television news shows, radio, magazines and the Internet will be used in this class.

Prerequisite: Communication 205 (may be taken concurrently)

Credit: 3 hours (Spring, even)

Communication 400. Workshop in Broadcast Journalism

Producing, writing, editing, and reporting campus news and feature stories.

Prerequisite: Communication 250 or consent of professor. May be repeated.

Credit: 1 hour

Communication 405. News Editing

Copy editing, make-up, headline writing, picture editing, typography and printing, and mass media law. Enrolled students assist in the production of the *Weekly Triangle*.

Prerequisite: Communication 220

Credit: 4 hours (Fall, odd years)

Communication 410. Persuasion

The study of theories of social influence and persuasion from the Classical period to the present. Emphasis on understanding the role of persuasion in cultural and individual contexts such as mass mediated, visual, interpersonal, public argument and in major careers and professions (law, medicine, media, government, public relations, business). Application of theoretical concepts in oral and written projects.

Credit: 3 hours (Fall/Spring odd years)

Communication 420. Internship in Communication

Directed field experience in selected areas of communication. Requires approval of the chair of the Communication Department. (See Chapter 4, *practicum, field experience, and internship*.)

Students are under the supervision of Wingate University faculty.

Credit: 3-12 hours

Communication 425. Sports Reporting

Application of the principles of news reporting and writing to sports-related topics.

Prerequisite: Communication 220

Credit: 3 hours (Spring, even years)

Communication 435. Feature Writing

Feature article writing for newspapers and magazines with frequent writing assignments aimed toward publication.

Prerequisite: Communication 220

Credit: 3 hours (Spring)

Communication 440. Documentary

Examination of important non-fiction films and video programs from Lumiere to the present. Emphasis is on structure, argument, and individual style. In-class viewing and discussion; out-of-class analysis of selected programs. Research and writing of a feature length documentary script.

Credit: 3 hours (Spring)

Communication 445. Advanced News Reporting

An introduction to public affairs reporting and advanced information gathering techniques. Use of public records, databases and other computer-based resources.

Prerequisite: Communication 220

Credit: 3 hours (Fall, even years)

Communication 449. Independent Study

Pursuit of a special project in communications. Requires consent of professor and Dean. May be repeated for a total of six credit hours. (See Chapter 4, *independent study*.)

Credit: 3 hours

Communication 460. Special Topics in Communication

Special topics relating to journalism, media arts, public relations, theater, or speech communication. May be taken up to three times as topics vary.

Credit: 3 hours

Communication 470. Political Communication

The purpose of this course is to study the nature and function of political communication in different historical and cultural contexts. Special attention will be given to the roles of language and visual imaging in politics. Political campaigns, political issues, and the role of mass media in politics will be considered.

Credit: 3 hours

Communication 475. The Rhetoric of Social Movements

This course examines the role of communication in major social movements in American and international history. These include the Civil Rights Movement, the Labor Movement, the Women's Movement for Suffrage and Liberation, Anti-War Movements, Anti-Apartheid Movements, and Environmental Movements.

Prerequisite: junior class standing

Credit: 3 hours

Communication 480. International Public Relations

This course is for students interested in gaining fundamental knowledge and skill in the practice of public relations in an international forum. Course topics will include the public relations process, research for public relations campaigns, objectives and strategies of public relations, evaluating public relations tactics, and international communication.

Prerequisite: Communication 205 (may be taken concurrently)

Credit: 3 hours (Spring, odd)

Communication 497. Exit Examination

Required of majors in the last semester before graduation. Graded on a P/F basis.

Credit: 0 hours

COMMUNITY AND COMMERCIAL RECREATION (CCR)

Community and Commercial Recreation 111. Introduction to Recreation Services

Nature, scope and significance of organized recreation services; includes operation of basic recreation units, major program areas, and organizational patterns which serve the recreation needs of society.

Credit: 3 hours

Community and Commercial Recreation 200. Historical Foundations of Recreation and Sport (*Sport Management 200*)

A study of the historical foundations of recreation, sport, and outdoor education from earliest times to the present.

Prerequisite: Sophomore standing

Credit: 3 hours

Community and Commercial Recreation 212. Program Planning and Organization

Essential elements and basic principles involved in organization, supervision, promotion, and evaluation of various types of recreation programs.

Credit: 3 hours

Community and Commercial Recreation 242. Leadership in Sport and Recreation (*Sport Management 242*)

This course will examine the role and responsibility of leadership in sport and recreation. An emphasis will be placed on leadership styles, techniques, issues, and problems in leading people.

Prerequisite: Sophomore standing

Credit: 3 hours

Community and Commercial Recreation 301. Instructor Candidate Training

Required certification course for all Red Cross instructors. Understanding students and the learning process, being an effective instructor, how to conduct a course, completing evaluations, records and reports.

Credit: 1 hour

Community and Commercial Recreation 305. Psychology of Sport and Exercise (Sport Management 305)

This course will examine psychological theories and research related to sport and exercise psychology by providing a broad overview of the major topics in the area.

Prerequisite: Junior standing

Credit: 3 hours

Community and Commercial Recreation. Sport for Children and Youth (Sport Management 306)

This course will examine organized sport for children today. Emphasis will be on children ages 5-18 in non-school organized sport activities. We will examine the impact of sport and competition on children.

Credit: 3 hours

Community and Commercial Recreation 314. Outdoor Recreation

History, development, and trends of outdoor recreation, conservation, and organized camping. Overnight camping trip required.

Credit: 3 hours (Spring)

Community and Commercial Recreation 330. Leisure/Sport Facility Design and Management (Sport Management 330)

Identification and investigation of design characteristics and management techniques for facilities used in recreational and athletic settings. Field trips required.

Prerequisite: Junior standing

Credit: 3 hours

Community and Commercial Recreation 340. Water Safety/Lifeguard Training Instructor

Authorized Red Cross course for certification as a Water Safety Instructor, Lifeguard Training Instructor, Professional Rescuer CPR Instructor, Head Lifeguard Instructor, and Waterfront Lifeguard Instructor.

Prerequisite: Junior standing

Credit: 3 hours, including lab (Spring)

Community and Commercial Recreation 350. Foundations of Coaching (PE 350)

This course will develop an understanding of fundamental coaching skills/issues, including: coaching philosophies, coaching styles, character development, diverse athletes, communication, motivation, discipline, skill and strategy instruction, training, and management.

Prerequisite: Junior Classification

Credit: 3 hours

Community and Commercial Recreation 404. Legal Aspects of Sport and Recreation (Sport Management 404)

Concentration on legal issues related to amateur sport and recreation.

Prerequisite: Senior standing, Recreation 478

Credit: 3 hours

Community and Commercial Recreation 410. Adapted Sport (Health and Physical Education 410, Sport Management 410)

This course will cover the basic principles of identifying, teaching, programming, and evaluating individuals with disabilities. It is designed to help future teachers and sport leaders understand the concept of exceptionality and effectively design special services and activities for a diverse population. Requires 10 hours of field experience.

Credit: 3 hours (Fall)

Community and Commercial Recreation 430. Philosophical Foundations of Sport and Recreation (Sport Management 430)

Culminating experience for students majoring in Sport Management or Community and Commercial Recreation. This is a writing intensive course and includes an in-depth study into the philosophical approaches to sport and recreation in the 21st century. Examination of the purpose and role of sport and recreation in American society.

Prerequisite: Senior standing, Recreation 478

Credit: 3 hours

Community and Commercial Recreation 460. Practicum in Community Youth Development

Students will complete a practicum working with youth in a recreation and/or sport setting. Specifically, this will involve completing a service-learning project with the student actively engaged in a community youth development program. This student will be required to commit 85 hours working at the experience site. The course will also include a one-hour bi-weekly seminar with the supervising professor.

Credit: 3 hours

Community and Commercial Recreation 478. Internship Experience I

This course combines field experience with a career counseling seminar.

Credit: 3 hours

Community and Commercial Recreation 479. Internship Experience II

This course combines field experience with a career counseling seminar.

Pre-requisite: Cumulative minimum GPA of 2.0

Credit: 3 hours

Community and Commercial Recreation 490. Special Topics (Health and Physical Education 490, Sport Management 490)

This course will examine current topics of interest in the field of Sport Sciences, and students will be expected to conduct a scholarly research project on the subject. The course will serve as an advanced elective for student majors in the School of Sport Sciences.

Credit: 3 hours

Community and Commercial Recreation 497. Exit Examination

Required of majors in the last semester before graduation. Graded on P/F basis.

Credit: 0 hours

Community and Commercial Recreation 499. Independent Study

Pursuit of a particular project in recreation. Supervision and guidance by a University faculty member.

Credit: 3 hours

COMPUTER SCIENCE (CS)

Computer Science 110. Computing for the 21st Century

Introduces computers as tools for communicating in the information age. Topics to be covered include introductions to computer hardware, the operating system, the Internet, and number of applications which can be used to communicate information and ideas.

Credit: 3 hours

Computer Science 120. Introduction to Programming I

Introduces the student to the basic concepts of the discipline of computing, emphasizing elementary facts concerning computer architecture, programming languages, software methodology, and algorithms. Considerable time is devoted to learning how to solve problems using an appropriate programming language. Basic principles of program design and implementation are introduced. Abstract data types, sorting and searching are treated at an elementary level.

Credit: 3 hours

Computer Science 256. Desktop Publishing (English 256)

An introduction to desktop publishing and fundamentals of design, including lay-out, formatting, imaging, and publishing. Assignments will include letterhead design, brochures, manuals, newsletters, and web pages using desktop publishing software and equipment.

Prerequisite: English 110

Credit: 3 hours

Computer Science 330. Management Information Systems

This course is designed to provide an appreciation for the role of computer systems in a business environment. Advanced Microsoft Excel features, and an introduction to relational databases using Microsoft Access (the Microsoft Office database management system), will be covered in this course. Students will reinforce the use of their spreadsheet and database skills by developing realistic business problem solutions. Additional management information topics will be included as time permits.

Prerequisite: CS 110/CS 120

Credit: 3 hours

Computer Science 331. Internet Programming

Designed to familiarize students with current and emerging technologies for Internet programming. Methods covered will include both client and server side technologies. The course will emphasize scripting languages, database connectivity, and software development methodology. Students must complete a major project. This will include designing a Web site. The exact nature of the project will be determined by the student in conjunction with the professor.

Prerequisite: Computer Science 120

Credit: 3 hours (Spring, odd years)

Computer Science 416. Computer Networks

Basic concept of data communication, networking and connectivity; knowledge of the structure and operation of a computer network operating system; strategies and procedures required to manage a network of computers and users. Various internet protocols will also be considered.

Prerequisite: Computer Science 430

Credit: 3 hours (Fall, odd years)

Computer Science 430. Operating Systems

This course provides a thorough introduction to operating systems. Operating systems topics include tasking and processes, processes coordination and synchronization, physical and virtual memory organization, file systems, communications and networking, distributed operating systems and real-time concerns.

Prerequisite: Computer Science 335

Credit: 3 hours (Spring, odd years)

Computer Science 460. Computer Science Projects

Explores the development of a major programming project in a high-level programming language. This is the capstone course for the Computer Science major. Completion of the course and project with a grade of B or better will satisfy the exit requirement for the major. This course can be taken more than once, as long as the topic covered is different each time.

Prerequisite: Junior/Senior status, Computer Science 440, and Departmental Approval

Credit: 3 hours (Spring)

Computer Science 490. Advanced Topics in Computer Science

Provides an in-depth exploration of an advanced topic in computing. Starting with an examination of current literature, the course introduces a topic which is not currently part of the department curriculum, or examines a topic which is part of the curriculum in more detail. Students are required to write about and present a topic related to the course material. This course can be repeated under a different topic.

Prerequisite: Computer Science 320

Credit: 3 hours (Spring, odd years)

Computer Science 498. Independent Study

Designed for students who wish to undertake an in-depth examination of a computer science related topic which is not currently part of the department curriculum, or a more in depth examination of a topic covered in another course in the curriculum. The project will be carried out under the direction of a faculty sponsor.

Prerequisite: Junior/Senior Status, Faculty Sponsor Approval, and Department Approval

Credit: 1-3 hours

Computer Science 499. Internship in Computer Science

Requires consent of the Dean of the School of Arts and Sciences and the VP of Academic Affairs. Must be approved and supervised by a Computer Science faculty member.

Credit: 3-6 hours

CREATIVE WRITING (ENG)

Creative Writing 330. Poetry and Creative Writing (*English 330*)

Poetry from various periods and countries with emphasis on structure and meaning combined with creative writing techniques.

Prerequisite: English 110

Credit: 3 hours (Spring)

Creative Writing 335. Fiction-Writing (*English 335*)

Credit: 3 hours (Spring)

Economics 413. Special Topics in Economics

Special topics relating to labor markets, public policy, industrial organization, sports economics, or other applied micro or macro topics. May be taken at the junior or senior level and up to three times as topics will vary.

Prerequisite: Consent of professor

Credit: 3 hours

Economics 499. Internship in Economics

Requires consent of the Dean of the School of Business. Must be approved and supervised by a faculty member.

Credit: 3 hours

EDUCATION (ED)

Education 299. Special Topics in Education

Special topics related to public education in the U.S., comparative education, focused investigations, and student special interests. May include travel and/or other field experiences (proportional to credit hours). Offered only as needed and/or upon request. This course cannot be used as a substitute for any other education course.

Prerequisite: Variable by topic

Credit: 1-3 hours

Education 300. Teaching: The Profession

For those students planning to major in education or those considering that major, Education 300 is an overview of the education profession. This one hour course will allow students the opportunity to familiarize themselves with governance and licensure, issues in education and in specialty areas, as well as provide them the opportunity to visit schools and begin field experience hours. Five hours of field experience will be required.

Credit: 1 hour

Education 301. Foundations of Education

Historical, philosophical, and social foundations of education; the governance of education; patterns of school organization; trends in education; and professionalism. Intended to assist in the decision to pursue a career in education. Field experience includes 10 hours of observation/participation in a public school classroom.

Credit: 3 hours

Education 303. Educational Psychology

Theories of learning; maximizing learning and retention; motivation; classroom management and control; working with disadvantaged and gifted learners; fostering creativity; testing and evaluation. Includes 12 hours of field experience. Projects focused at licensure level.

Prerequisite: Sophomore standing/consent of professor.

Credit: 3 hours

Education 304. Exploring Diversity

The purpose of the course is to introduce students to the diverse nature of classrooms in America and to assist in their understanding of the system of schooling in the United States. It will address issues related to how race, gender, language, socioeconomic status, ethnicity and other traits impact this system. Major topics in the course include, among others, immigration, educational and socioeconomic inequality, family structure, and social policy initiatives. The readings for the course bring a range of perspectives to these issues, including sociological, historical,

cultural, legal, and economic. The course will be taken as students are also exploring the impact of learning differences on the classroom in Education 305. It will serve as the foundation for further discussions of diversity in upper level education courses.

Corequisite: Education 305

Credit: 1 hour

Education 305. Introduction to Differentiated Instruction for All Learners

Building on the exploration of diversity in ED 304, this course focuses attention on how teachers serve students of different backgrounds, abilities and exceptionalities in the classroom. "Differentiated Instruction" (DI) identifies students of varying abilities and prior experiences as benefiting from classroom practices that engage them "where they are." Differentiated Instruction, furthermore, is an attempt to embrace the diversity within the classroom and serve each student as most benefits them. This course is designed to present a general introduction and knowledge of DI. This includes accounting for the trends in the educational programming and the needs of a diverse student population including those with special needs.

Prerequisite: Education 303; Corequisite: Education 304

Credit: 3 hours

Education 306. Curriculum and Instruction

Concepts of curriculum theory, curricular design, curriculum planning, test design and interpretation, classroom organization and management, the special child. Audio-visual component. Ten hours field experience. Projects focused at certification level. For all teacher education majors.

Prerequisite: Education 301, 303, and acceptance into the Teacher Education program

Credit: 3 hours

Education 308. Reading Foundations K-8

Emphasis will be placed on the reading process, readiness for reading instruction, methods of teaching reading, attitudes regarding reading, cultural diversity as it affects learning to read and the teaching of reading, essential skills related to word processing and comprehension, and the interrelatedness of all modes of communication. Different types of reading materials will be evaluated and current literature on the teaching of reading, as well as current public school practices will be discussed. Includes a 15-hours field-based experience.

Prerequisite: Education 301, 306

Credit: 3 hours (Spring)

Education 322. Literacy Across the Curriculum

Strategies for teaching pertinent reading skills including word analysis and work-study skills in major content areas; techniques for assessing readability and other characteristics of textbooks as well as determining the reading levels of students; non-reading alternatives for helping non-reading students. Projects focused at licensure level. 15 hour field-based tutorship.

Prerequisite: Education 301, 306

Credit: 3 hours (Fall)

Education 323. Children's Literature (K-6)

Study of literary preferences and needs of children in grades K-6. Methods and techniques for presenting literature, including story telling, puppetry, creative dramatics, and story reading. Development of a resource file of titles and descriptions for use in teaching. Includes 12 hours of field experience.

Prerequisite: Education 301, 306

Credit: 3 hours (Spring)

Education 324. English Methods for Secondary Teachers

Methods, materials, techniques, and content for teaching English on the secondary level. Sources and uses for supplementary materials, activities, and devices. Includes component on the writing process. Simulated or real field experience. Open only to English majors seeking secondary education licensure. Capstone course in English and Education major. Includes 15 hours of field experience.

Prerequisite: Education 301, 306

Credit: 3 hours (Fall)

Education 325. Adolescent Literature (6-9, 9-12)

Literary preferences and needs of students at the middle and secondary levels. Includes the use of creative dramatics and story reading. Development of a resource file of titles and descriptions for use in teaching. Projects focused at licensure level. Includes 10 hours of field experience.

Prerequisite: Education 301, 306

Credit: 3 hours (Spring)

Education 331. Middle Grade Curriculum and Instruction

Uniqueness of Middle Grade; curriculum content and structure, instruction, motivation, general teaching methodologies, remediation, enrichment strategies, appropriate test and evaluation strategies. Includes 15 hours field experience appropriate to concentrations. For all Middle Grade education majors.

Prerequisite: Education 301, 306

Credit: 3 hours (Spring)

Education 335. Classroom Strategies for the Secondary (9-12) Teacher

This course will provide an introduction to teaching methods that are common to all subjects at the secondary level. Topics will include cooperative learning, discovery learning, direct instruction, questioning techniques, differentiation of instruction for diversity, appropriate use of technology, and basic issues of assessment. Includes approximately 12 hours of field observation and participation.

Prerequisite: Education 301, 303, 306

Credit: 2 hours (Spring, alternate years)

Education 353. Developing Scientific Inquiry in the Elementary Grades

Content, material and strategies for teaching science in grades K-6. Simulated and classroom science teaching experience appropriate for student goals. Development of lesson plans, a unit, discovery oriented activities, technology resources for instruction, and long term observational experiments. Includes 10 hours of field experience.

Prerequisite: Education 301, 306

Credit: 2 hours (Fall)

Education 354. Middle Grade and Secondary Science Methods

Methods, materials, techniques and relevant content for teaching science on the Middle Grade (6-9) and secondary (9-12) levels. Development of lesson plans, a unit, demonstrations, labs, long term experimentation, and technology resources for instruction along with stimulated and field teaching experiences.

Prerequisite: Education 301, 306

Credit: 3 hours (Fall)

Education 358. Teaching Problem Solving and Quantitative Reasoning in the Elementary Grades

An overview of the essential components basic in mathematics; methods and techniques for teaching mathematics in the elementary grades; diagnosis and correction techniques; integration within mathematics and with other subjects; techniques for working with the special child; selection and use of technology in the teaching of mathematics; design and use of lesson plans. Includes approximately 12 hours of field experience and participation.

Prerequisite: Education 301, 306

Credit: 3 hours (Fall)

Education 359. Middle Grade Mathematics Methods

An overview of the essential components in Middle Grade mathematics. Methods and techniques for diagnosing, correcting, teaching and evaluating mathematics in grades 6-9. Consideration of appropriate techniques for the special child and use of appropriate technologies, design and use of lesson plans. Includes approximately 12 hours of field experience and participation.

Prerequisite: Education 301, 306

Credit: 3 hours (Fall)

Education 360. Mathematics Methods (9-12)

Teaching methodology in secondary mathematics. Mastery of curriculum content, historical scope and sequence. Selection and use of technology in the teaching of mathematics. Consideration of appropriate math experiences for the exceptional child. Restricted to Mathematics and

Education majors. Includes approximately 12 hours of field observation and participation.

Prerequisite: Education 301, 306; Math 300, 330, 400

Credit: 3 hours (Fall)

Education 361. Promoting Healthy Lifestyles in the Elementary Grades

This course develops the ability to plan, manage, and integrate physical activity and teach health concepts at the elementary school level. Includes 8 hours of field experience.

Prerequisite: Education 301, 303, 306

Credit: 2 hours (Fall)

Education 365. Art Methods for Elementary Education (K-6) (Art 365)

Comprehensive program of arts/crafts. Variety of drawing and painting techniques and craft processes including printmaking, paper mache, fabric projects, and collage. Portfolio of projects required upon completion of the course. Includes 8 hours of field experience.

Prerequisite: Education 301, 306

Credit: 2 hours (Spring)

Education 366. Teaching Methods for Art Majors (K-6) (Art 366)

Theories and practices influential in contemporary art education for grades K-6. Curriculum planning, practical experiences, and laboratory projects identify problems and explore concepts in elementary and secondary school art. Includes 8 hours of field experience.

Prerequisite: Education 301, 306

Credit: 2 hours

Education 367. Teaching Methods for Art Majors (6-12) (Art 367)

Art teaching methods and materials for grades 6-8 and 9-12. Topics include philosophy, curriculum, evaluation, and procedures for art classroom arrangements and management, studio art techniques for specific age levels, mounting and presenting exhibitions, safety factors with art media and tools, methods for research in art history, and portfolio preparation. Includes 8 hours of field experience.

Credit: 2 hours

Education 371. Elementary Music Methods (Music 371)

Music teaching methods and materials for the elementary music classroom (K-5). Philosophy of music in the education of children. Introduction to music lesson planning including scope and sequence, assessment methods, standards-based music education, and cross-curricular planning. Includes 10 hours of observation/participation..

Credit: 2 hours

Education 372. Middle School Music Methods (Music 372)

Music teaching methods and materials for middle school (6-8). Topics include philosophy, curriculum, evaluation, discipline, and techniques for general music classes and ensembles. Skills and techniques for using guitar and electronic instruments. Three class hours per week. Includes 12 hours of observation/participation.

Credit: 2 hours

Education 374. Middle School Choral Methods (Music 374)

Music teaching methods and materials for middle school chorus (6-8). Topics include philosophy, curriculum, discipline, assessment, and techniques for vocal ensembles and general music classes. Three class hours per week. Includes 10 hours of observation/participation.

Prerequisite: Music 371

Credit: 2 hours (Spring)

Education 376. Middle School Instrumental Methods (Music 376)

Music teaching methods and materials for middle school band (6-8). Topics include philosophy, curriculum, discipline, assessment, and techniques for instrumental ensembles. Three class hours per week. Includes 10 hours of observation/participation.

Prerequisite: Music 371

Credit: 2 hours (Spring)

Education 377. Music Methods for Elementary Education (*Music 377*)

Music teaching methods and materials for the elementary classroom teacher. Philosophy of music in the education of children. Fundamentals of music notation and terminology. Basic skills for singing and using musical instruments in the elementary classroom. Three class hours per week. Includes eight hours of field experience.

Credit: 2 hours (Spring)

Education 384. High School Choral Methods (*Music 384*)

Music teaching methods and materials for high school chorus (9-12). Topics focused on teaching the choral ensemble and include parental support, discipline, voice building, repertoire, rehearsal techniques, and assessment. Three class hours per week. Includes 10 hours of observation/participation.

Prerequisite: Music 373

Credit: 2 hours (Fall)

Education 385. Secondary Physical Education Methods (*Health and Physical Education 385*)

This course develops the ability to plan, manage, and instruct a physical education program at the middle and high school levels. Includes 12 hours of field experience.

Prerequisite: Education 301, 303, 306

Credit: 3 hours

Education 386. High School Instrumental Methods (*Music 386*)

Music teaching methods and materials for high school (9-12). Topics focused on teaching the instrumental ensemble and include parental support, discipline, tone building, repertoire, and assessment. Three class hours per week. Includes 10 hours of observation/participation.

Prerequisite: Music 373

Credit: 2 hours (Fall)

Education 390. Teaching Citizenship and Global Issues (9-12)

Role of the social studies in a spiral curriculum. Methodologies derived from learning theories and the nature of the social sciences are considered as sources for instruction strategies. Includes 15 hours of field experience.

Prerequisite: Education 301, 306

Credit: 3 hours (Fall)

Education 392. Teaching Citizenship and Global Issues (K-6)

An overview of the rationale and goals of social studies instruction in 21st century elementary schools; planning, implementing, and assessing social studies instruction for global awareness and effective citizenship; and the integration of social studies skills and concepts across the curriculum. Field component required..

Prerequisite: Education 306

Credit: 2 hours

Education 395. Middle Grade Social Studies Methods

An overview of and methods and techniques for teaching social studies in grades 6-9; integration with other subjects; techniques for teaching the special child; preparation and use of lesson plans. Includes 12 hours of field experience.

Prerequisite: Education 301, 306

Credit: 3 hours (Fall)

Education 399. Special Topics in Education

Special topics related to public education in the U.S., comparative education, focused investigations, and student special interests. May include travel and/or other field experiences (proportional to credit hours). Offered only as needed and/or upon request. This course cannot be used as a substitute for any other education course.

Prerequisite: Variable by topic

Credit: 1-3 hours

Education 410. Teaching Writing and Communication (K-8)

An overview of language development and methods and techniques for teaching writing and communication skills in the 21st Century Elementary and Middle grades classroom; principles and processes for the planning, implementation, and assessment of authentic, differentiated

language arts instruction for both native and non-native language learners; aligning language arts instruction with learning standards and learner needs; integration of writing, speaking, listening, viewing, and visually representing within the total literacy program and across the curriculum. Field component required.

Prerequisite: Education 301, 306, 308, 323 or permission of program coordinator

Credit: 3 hours

Education 411. Reading Assessment and Intervention

Strategies for diagnosing difficulties in reading and other subject areas, writing individual educational prescriptions, implementing individualized programs of instruction, conferring with parents, and utilization of other professional resources. Involves a comprehensive case study and a 15-hours field-based experience. Projects focused at licensure level.

Prerequisite: Education 301, 306, 308

Credit: 3 hours (Fall)

Education 420. Investigations in Reading

Historical development, current research and trends in reading instructions; organization and administration of reading programs; choosing, developing and using resources for reading instruction. Capstone course for the major in Reading/Elementary Education.

Prerequisite: Education 301, 306

Credit: 3 hours

Education 421. Reading Programs: Organization, Management, and Effective Strategies and Methods

The purpose of this course is to prepare prospective teachers to implement and/or create a literacy environment to foster reading, writing, speaking, and listening by studying and critiquing a variety of literacy programs in elementary, middle, and secondary schools. Organization, management, materials, and assessment will be studied in such programs as Reading recovery, Reading Workshop, Breakthrough to Literacy, and Fastback.

Prerequisite: Education 301, 306, 308

Credit: 3 hours

Education 440a (K-6) Elementary Education Student Teaching: Instructional Prep.

440b (K-6) Elementary Education Student Teaching: Instructional Presentation

440c (K-6) Elementary Education Student Teaching: Classroom Organization and Management

Supervised 15-week internship in teaching the elementary grades K-6. Involves observation, participation, and structuring an educational environment. Three grades given: 440a-, 440b-, 440c-. Student teaching fee assessed.

Prerequisite: Completion of all other University and program requirements and/or permission of the Dean of the School of Education with approval from the Teacher Education faculty.

Credit: 12 hours

Education 442a Music Student Teaching: Instructional Preparation

442b Music Student Teaching: Instructional Presentation

442c Music Student Teaching: Classroom Organization and Management

Supervised internship in music education. Involves observation, participation, and structuring an educational environment. Student teaching fee assessed.

Prerequisite: Completion of all other University requirements, permission of the Dean of the School of Education with approval from the Teacher Education faculty.

Credit: 12 hours

Education 443a (9-12) Social Studies Student Teaching: Instructional Preparation

443b (9-12) Social Studies Student Teaching: Instructional Presentation

443c (9-12) Social Studies Student Teaching: Classroom Organization/Management

Supervised 15-week internship in teaching secondary (9-12) social studies. Involves observation, participation, and structuring an educational environment. Three grades given: 443a-, 443b-, 443c-. Student teaching fee assessed.

GLOBAL PERSPECTIVES (GPS)

Global Perspectives 110. Global Perspectives in Scripture

Because Christianity is the most populous religion on four continents, the Bible is read from many perspectives and interpreted in radically different contexts. The culture within biblical narratives is primarily Middle Eastern, but as Christianity flourished among Greeks and Romans, theology developed a global focus. This course investigates how the Bible has been understood in Christian tradition, with a focus on comparative treatments of its main themes.

Credit: 3 hours

Global Perspectives 120. Perspectives in World Cultures

Critical study of historical narratives and other texts from diverse populations of the world cultivates insights into cultural differences and promotes broader understanding. Students develop skills in analysis and critical thinking by probing origins of world religions, diverse social and political systems, global geography, and early geopolitical struggles.

Credit: 3 hours

Global Perspectives 210. Global Perspectives in Literature

Survey of literature produced outside Great Britain and the United States with a purpose of enriching self-understanding by comparative inquiry. Readings to include prose, poetry, and drama from ancient through contemporary periods as well as analysis of cultural contexts.

Prerequisite: Global Perspectives 110 and 120 or permission of professor

Credit: 3 hours

GPS 210 Honors: Global Perspectives in Literature

Survey of literature produced outside Great Britain and the United States with a purpose of enriching self-understanding by comparative inquiry. Readings to include prose, poetry, and drama from ancient through contemporary periods. Novels and films will be used to supplement the comprehensive anthology and allow for in-depth study and research of specific cultures, political turmoil within cultures, and racial and ethnic clashes between and among social classes. This course is discussion-based and stresses active learning.

Prerequisite: Global Perspectives 110 and 120 or permission of professor

Credit: 3 hour

Global Perspectives 220. Global Perspectives in Economics and Political Science

This course will challenge students with critical analysis of the economic and political systems in use around the world. Students will be introduced to comparative economics and comparative politics through a focus on major states manifesting varieties of advanced market capitalism, variants in transition among former socialist economies, and alternative paths among developing economies. Students will study the institutional contexts that lead to the different economic and political systems which exist around the world, and they will develop a deep understanding for the complexity, interconnectedness, and independence of these global systems.

Prerequisite: Global Perspectives 110 and 120

Credit: 3 hours

GPS 220 Honors: Global Perspectives in Economics and Political Science

This course examines the intersection between politics and economics, what we casually refer to as "political economy". This course will examine the fundamental division between free market-oriented economics and models that espouse more government intervention. Because this is an Honors course, it will be driven more by monographs than textbooks. These monographs will highlight both the topical and long-standing concerns of academics, students and practitioners alike. Also, because this is an honors course students will be asked to read and contribute to the classroom in a much greater capacity than in a non-Honors section.

Prerequisite: Global Perspectives 110 and 120 or permission of professor

Credit: 3 hour

Global Perspectives 310. Global Perspectives in Ethics

Rapid technological innovations have challenged our ability to translate moral traditions into practical guidelines for resolving ethical disputes in the modern world. The Greek tradition of virtue ethics associated with Aristotle and synthesized with Christian tradition by Thomas Aquinas constitutes a major strand of ethics. Modern challenges have appeared in Immanuel Kant's insistence on universal rules and principles as well as utilitarian schemes of pursuing the common good through political activity freed from religious restraints. Medical, economic, and

environmental challenges, as well as other areas of current concern, are addressed through case studies and small group discussions.

Prerequisite: Global Perspectives 210 and 220

Credit: 3 hours

GPS 310 Honors: Global Perspectives in Ethics

Drawing upon the significant philosophical traditions of the past and popular ethical theories, this course will analyze case studies and current dilemmas. The Greek tradition of virtue ethics associated with Aristotle and synthesized with Christian tradition by Thomas Aquinas constitutes a major strand of ethics. Modern challenges have appeared in Immanuel Kant's insistence on universal rules and principles as well as utilitarian schemes of pursuing the common good through political activity freed from religious restraints. This course will examine significant ethical challenges in medical, economic, and environmental fields and discern the personal, local, and global impact of human actions.

Prerequisite: Global Perspectives 210 and 220

Credit: 3 hours

Global Perspectives 320. Perspectives in Global Histories

Critical historical analysis of major global themes promotes deeper understanding of important trends, conflicts, and controversies of recent and present times. As an upper-division seminar-style course, juniors are expected to bring to this course global awareness, communication skills, and study practices more advanced than those of first-year students, but will improve these abilities even further. Reading thematic texts and primary sources, students and faculty probe specific, relevant themes each academic year. Themes might include global migrations, nationalism and violence, race and empire, patterns of genocide, economic and cultural globalization, changing gender patterns, and others. Students will explore and appreciate a diversity of world views and experiences. This course is both writing-intensive and oral-intensive.

Prerequisite: Global Perspectives 210 and 220

Credit: 3 hours

GPS 320 Honors: Perspectives in Global Histories

An interdisciplinary seminar similar to GPS 320. As in that course, students will explore a diversity of worldviews and contemporary themes with a view to understanding the factors that have impacted the development of the modern world after the mid-eighteenth century. Reading thematic texts and primary sources, students and faculty will probe themes such as global migrations, nationalism and violence, race and empire, imperialism and anti-imperialism, economic and cultural globalization, changing gender patterns, and others. This course is both writing-intensive and oral-intensive.

Prerequisite: Global Perspectives 210 and 220

Credit: 3 hours

Health and Physical Education 203. Motor Learning

A course designed to develop a better understanding of the nature of motor skill performance, motor skill learning, and the factors that influence motor skill acquisition. Students gain a knowledge base that facilitates the implementation of practice and instructional strategies used to teach a variety of physical skills to learners with diverse characteristics.

Credit: 3 hours

Health and Physical Education 220. Educational Gymnastics, Dance, and Rhythms

This course will develop skill and an understanding of educational gymnastics and various dance and rhythm activities. It will develop an understanding of activity-specific teaching issues, including safety, task design, and instruction. Only open to HPE or CCR majors or students with departmental permission.

Credit: 2 hours

Health and Physical Education 221. Individual and Dual Sports

This course will develop skill and an understanding of strategy and rules of various individual and dual sports. It will develop an understanding of sport-specific teaching issues, including safety, task design, and instruction.

Credit: 2 hours

Health and Physical Education 222. Team Sports

This course will develop skill and an understanding of strategy and rules of various team sports. It will develop an understanding of sport-specific teaching issues, including safety, task design, and instructional techniques. Only open to HPE or CCR majors or students with departmental permission.

Credit: 2 hours

Health and Physical Education 230. Fitness Promotion and Assessment

This course will develop understanding and skill to promote and assess fitness as a public school PE/Health teacher at both an individual and school-wide level. Only open to HPE majors or with instructor permission.

Credit: 2 hours (Fall)

Health and Physical Education 231. Personal and Interpersonal Health

This course will develop understanding of personal and interpersonal health issues and skills for teaching health to public school students. Only open to HPE majors or with instructor permission.

Credit: 2 hours (Spring)

Health and Physical Education 232. Substance Abuse Prevention & Human Sexuality

This course will develop understanding of substance abuse and human sexuality for teaching health to public school students. Only open to HPE majors or with instructor permission.

Credit: 2 hours (Fall)

Health and Physical Education 310. Exercise Physiology (Athletic Training 310)

This course examines the physiological effects of exercise and physical training on the human body. Emphasis will be placed on the study of metabolic, musculoskeletal, cardiovascular and

pulmonary systems and how they are influenced/altered by acute and chronic exercise. Instruction will also include designing and implementing exercise and conditioning techniques.

Prerequisite: Athletic Training 312 or Biology 315

Credit: 4 hours

Health and Physical Education 315. Anatomical Kinesiology (*Athletic Training 315*)

Study of the human body; specifically the musculoskeletal system will be studied in great depth. Students will learn the basic principles of the body in motion in terms of muscles and joints and will apply the knowledge gained to improve performance in motor skills.

Prerequisite: Athletic Training 312 or Biology 315

Credit: 3 hours

Health and Physical Education 320. Methods of Health Instruction

This course develops the ability to plan, manage, and instruct a health education program at the middle and high school levels.

Prerequisite: Education 301, 303, 306

Credit: 3 hours (Spring)

Health and Physical Education 380. Elementary Physical Education Methods (K-6)

(Education 380)

This course develops the ability to plan, manage, and integrate physical activity and teach health concepts at the elementary school level. Includes 8 hours of field experience.

Prerequisite: Education 301, 303, 306

Credit: 3 hours

Health and Physical Education 385. Secondary Physical Education Methods (*Education 385*)

This course develops the ability to plan, manage, and instruct a physical education program at the middle and high school levels. Includes 12 hours of field experience.

Prerequisite: Education 301, 303, 306

Credit: 3 hours (Spring)

Health and Physical Education 410. Adapted Sport and Physical Education (*Community and Commercial Recreation 410, Sport Management 410*)

This course will cover the basic principles of identifying, teaching, programming, and evaluating individuals with disabilities. It is designed to help future teachers and sport leaders understand the concept of exceptionality and effectively design special services and activities for diverse populations. Includes 10 hours of field experience.

Credit: 3 hours

HISTORY (HIST)

History 101. World Civilization I

Major civilizations of the world; historical developments to the 16th century.

Credit: 3 hours

History 102. World Civilization II

Major civilizations of the world; historical developments from the 16th century to present.

Credit: 3 hours

History 201. United States History I

Major political, social, and economic trends in the history of the United States from the First Peoples through the Civil War.

Credit: 3 hours (Fall)

History 202. United States History II

Major political, social, and economic trends in the history of the United States from the Civil War through the 21st century.

Credit: 3 hours (Spring)

History 308. International Relations (*Political Science 308*)

Readings, lectures, and discussions of international issues: East-West tensions, China after normalization, the post-colonial world and North-South dialogues, and Europe in a non-European world. Seminar approach.

Credit: 3 hours (Spring)

History 311. History of North Carolina

History of North Carolina within the context of growth of United States. Colonial role, development of a sectional outlook, and emergence of national perspective.

Credit: 3 hours (Fall)

History 312. Women in American History (*Women's Studies 312*)

History of American Women from the colonial era to the present. Topics include changes in the household and women's work, rise of female public activism and feminism, and debates over "ideal" womanhood and female sexuality.

Credit: 3 hours (Spring)

History 315. Modern East Asia

A study of the cultures and histories of the East Asian nations of China, Japan, Korea, Taiwan and Vietnam from 1750 to the present. The course focuses on shared cultural influences and on each nation's distinctive history, its relations with the West, and their emerging engagement with global economic systems.

Credit: 3 hours (Fall)

History 316. Colonial Latin America

Survey of Latin American societies under Spanish and Portuguese rule and present-day legacies of colonialism, with emphasis on social conflict and interplay of gender, race, and class.

Credit: 3 hours

History 317. Modern Latin America

Latin American history from the Wars of Independence through the 20th Century.

Credit: 3 hours

History 318. The United States and Latin America

Analyze the history of inter-American relations from the perspective of both the United States and the Latin American societies. Seeks to understand U.S. political, economic, social, and cultural influence in Latin America as well as Latin American responses to that influence.

Credit: 3 hours

History 320. British History

A survey of the evolution of English cultural and political heritage with an emphasis on the period from 1688 to the present.

Credit: 3 hours

History 322. Early India

An introduction to the society, history, and historiography of India from the Indus Valley period of urbanization until the establishment of the first Islamic state, focusing on the spread of Vedic Aryan culture, the rise of classical Indian society, and the development of Hinduism, Buddhism, and Jainism.

Credit: 3 hours

History 324. Modern African History

A history of modern Sub-Saharan Africa from 1800, with emphasis on pre-colonial, and post-colonial, and post-colonial structures. Political, economic, and social change and transformation is the dominant theme of the course.

Credit: 3 hours

History 326. Middle East

A history of the Middle East from the rise of Islam to the present. Creation and institutionalization of Islamic institutions, law, political expansion and disintegration, and the modern Middle Eastern conflicts will be its main focus.

Credit: 3 hours

History 390/490. Special Topics in History

Special topics relating to American, European, Latin American, Asian, Middle Eastern or African history and/or topics related to their comparative study: May be taken at the junior or senior level and up to three times as topics will vary.

Credit: 3 hours

History 403. Modern European History I/

Major European powers from conclusion of the Hundred Years War to the beginning of the French Revolution, emphasizing significant political, cultural and religious developments.

Credit: 3 hours (Fall)

History 404. Modern European History II/

Major European powers in their global setting from the French Revolution to the present, emphasizing political, cultural and religious developments.

Credit: 3 hours (Spring)

History 406. History of American Art: The Aesthetic Experience (Art 406)

An introduction to American Art and the history of its evolution in light of aesthetic concerns. Study of uniquely American art forms from the colonial period through the mid-20th century.

Prerequisite: Art 209/consent of professor

Credit: 3 hours (Fall, even years)

History 410. Contemporary United States History

A history of the United States since 1945. A study of the emergence of the United States as a super power following World War II. Particular emphasis will be placed on such international topics as the Cold War, Korea, Vietnam, the Middle East conflict, and domestic changes brought about by the "New Frontier," the "Great Society," civil rights, women's rights, and "Reaganomics."

Credit: 3 hours (Spring)

History 411. Revolutions in Modern Latin America

A seminar on the revolutions in Latin America. Particular focus on the Mexican, Cuban, and Nicaraguan Revolutions and the perspective of the participants.

Credit: 3 hours

History 412. German History, 1789-Present

A lecture and discussion course surveying German political, and social history since the French Revolution.

Credit: 3 hours

History 413. Social Movements in the Third World

A seminar on twentieth-century social movements in the Third World, with emphasis on cases from the Americas and Africa. Particular focus on movements organized around issues of social class, race, ethnicity, gender, and home rule. Writing intensive course.

Credit: 3 hours

History 425. Historiography/

An introduction to philosophies of history and recent developments in methodology with a consideration given to interpretive trends and conflicting schools of historical writing in United States history.

Credit: 3 hours (Fall)

History 460. Independent Study in History

By permission only.

Credit: 3 hours

History 475 Advanced Studies in History

An intensive study of a special topic in history as well as historical theory and methodology. Elaboration of an individual research paper relevant to the topic of study. May be repeated for credit as topics vary.

Prerequisite: Junior status and History 425: consent of professor

Credit: 3 hours (Spring)

History 497 Exit Examination

Required of majors in the last semester before graduation. Graded on P/F basis.

Credit: 0 hours

HONORS (HON)

Honors 205. Ideas in Fine Arts

Examines interrelationships among art, music, and philosophical ideals from pre-Christian times to the present. Meets Core Fine Arts requirement and is a substitute for Humanities 103 for Education majors.

Prerequisite: Admission to the Honors program, sophomore standing.

Credit: 3 hours

Honors 210. Mathematical Masterpieces

An introduction to some of the greatest theorems of mathematics. Proofs and consequences of these theorems are discussed in historical context. The artistic and humanistic aspects of the mathematics are addressed. Meets Core in math.

Prerequisite: Admission to the Honors program, sophomore standing

Credit: 3 hours (Spring)

Honors 215. Special Topics

An interdisciplinary and in-depth study of a significant academic topic proposed by a faculty pair or team. Ideally, this course will include a field trip or off-campus excursion to reinforce concepts stressed in the class. (These special topics courses will be approved by the Honors Committee).

Prerequisite: Admission to the Honors program, sophomore standing

Credit: 3 hours

Honors 220. Honors Seminar

An interdisciplinary examination of a timely, controversial, or perennially favorite topic. Students will do short readings and written responses on the seminar topic. May be repeated as topics vary for a maximum of three times with from one to three credits earned.

Prerequisite: Admission to the Honors program; sophomore or junior standing

Credit: 1 hour Graded on a P/F basis.

Honors 300. The Making of the Modern Mind

An interdisciplinary seminar in the ideas that make the present age distinctive.

Prerequisite: Admission to the Honors program, junior standing.

Credit: 3 hours

Honors 315. Special Topics

An interdisciplinary and in-depth study of a significant academic topic proposed by a faculty pair (or an individual with several guest lecturers). This course will include a field trip or off-campus excursion to reinforce concepts stressed in the class. These special topics will be approved by the Honors Committee.

Prerequisite: Admission to the Honors Program, junior standing

Credit: 3 hours

Honors 451. University Honors Research Project

Required to complete graduation with University Honors (see special research situations described under *University Honors* in Chapter Four).

Credit: 1 hour

HUMAN SERVICES (HS)

Human Services 321. Introduction to Human Services

Exploration of human service delivery systems. Survey of the field and clarification of vocational choice.

Prerequisite: Junior standing/consent of professor.

Credit: 3 hours (Fall)

Human Services 409. Independent Study

Under the supervision of a faculty member, students develop a topic relevant to their program and vocational goals. Topics focus explicitly and in depth on methods of human services. Restricted to seniors who have a 3.00 cumulative GPA.

Credit: 3 hours

Human Services 411. Practicum

Field experience under supervision of experienced practitioners. Assessment and development of skill strengths. Departmental screening required prior to registration. Capstone course for the major. Students under supervision of Wingate University faculty member.

Prerequisite: Human Services 321

Credit: 4 hours

Human Services 415. Field Experience in Human Services

Directed field experience in selected human services settings.

Prerequisite: Human Services 411

Credit: 3 hours

Human Services 497. Exit Examination

Required of majors in the last semester before graduation. Graded on P/F basis.

Credit: 0 hours

MANAGEMENT (MGMT)

Management 302 Principles of Management

Principles underlying the organization, management, and operation of business activities. Emphasis on the creation and maintenance of the administrative organization, the definition of goals, and the diagnosis and solution of problems which may result from changing conditions.

Prerequisite: Sophomore standing/consent of professor.

Credit: 3 hours

Management 306. Managerial Communication

Practice in frequently prepared written communications, media, memoranda, letters, instructions, procedures, proposals, and guidelines. Integration with oral dimensions; interpersonal and technological considerations.

Credit: 3 hours

Management 313. Human Resource Management

Procurement, development, utilization, and maintenance of an effective work force.

Prerequisite: Management 302

Credit: 3 hours (Spring)

Management 315. Small Business Management/Entrepreneurship

Study of the small business sector within a free enterprise system; examines the startup process; and reinforces managerial techniques for the continuing success of small firms.

Prerequisite: Management 302, Marketing 301, Finance 318

Credit: 3 hours (Spring)

Management 411. Special Topics in Management

Special topics relating to distribution/transportation, industrial purchasing, corporate restructuring, emerging technologies, or other special management topics. May be taken at the junior or senior level and up to three times as topics will vary.

Prerequisite: Consent of professor

Credit: 3 hours

Management 416. Organization Theory and Behavior

Impact of different types of markets, technologies, and other factors on the design of organizational structures and the behavior of organization members. Leadership in the goal-directed organization including conflict management, motivation, communications, and decision-making.

Prerequisite: Management 302

Credit: 3 hours (Fall)

Management 497. Exit Examination

Required of majors in the last semester before graduation. Graded on P/F basis.

Credit: 0 hours

Management 498. Independent Study

Requires consent of the Dean of the School of Business. Must be approved and supervised by a faculty member.

Credit: 3 hours

Management 499. Internship in Management

Requires consent of the Dean of the School of Business. Must be approved and supervised by a faculty member.

Credit: 3 hours

MARKETING (MARK)

Marketing 301. Principles of Marketing

Marketing organization and methods with emphasis upon functions and channels as they relate to the manufacturer, wholesaler, and consumer.

Credit: 3 hours

Marketing 341. Consumer Behavior

Examination of the cultural, social, and individual factors affecting consumer decision processes and usage. Additional focus is on how these factors are incorporated in marketing strategies.

Prerequisite: Marketing 301

Credit: 3 hours

Marketing 411. Special Topics in Marketing

Special topics related to marketing and its many different applications such as services marketing, generational marketing, and hospitality/tourism. May be taken up to two times as topics vary.

Prerequisite: Marketing 301

Credit: 3 hours

Marketing 422. Marketing Communications Strategy

Emphasis on Integrated Marketing Communications and its role in the marketing mix. All aspects of promotion strategy including advertising, public relations, direct mail, sales promotion, and personal selling are reviewed along with their critical roles for company success. A basic understanding of the principles of marketing is necessary for students to maximize their learning experience in this course.

Prerequisite: Marketing 301

Credit: 3 hours (Fall)

Marketing 464. Business Research

Research and uses of business information in relationship to information, statistics, and practical applications. This course requires senior standing or permission of the professor.

Prerequisite: Business 308, Marketing 301

Credit: 3 hours (Spring)

Marketing 486. Marketing Management

The capstone course for the marketing major: to include discussions and applications of the communications-based marketing paradigm and its intersection with the consumer/business behavior and response models. Group simulation studies, multiple case work, and a project are included.

Prerequisite: Marketing 301, 341, 411, 422, consent of professor.

Credit: 3 hours (Spring)

Marketing 497. Exit Examination

Required of majors in the last semester before graduation. Graded on P/F basis.

Credit: 0 hours

Marketing 498. Independent Study

Requires consent of the Dean of the School of Business. Must be approved and supervised by a faculty member.

Credit: 3 hours

Marketing 499. Internship in Marketing

Requires consent of the Dean of the School of Business. Must be approved and supervised by a faculty member.

Credit: 3 hours

MATHEMATICS (MATH)

Mathematics 100. Intermediate Algebra

An introduction to basic algebraic operations as applied to polynomial, linear, and quadratic functions. Selected topics in analytic geometry are introduced. Restricted to students with less than two units of high school algebra or recommendation of mathematics faculty.

Note: This course does not fulfill the Core Curriculum requirement for mathematics

Credit: 3 hours (Fall)

Mathematics 109. Elementary Statistical Methods

An introduction to probability and statistics through the central limit theorem, with emphasis on the collection, presentation, and analysis of data relating to the humanities and social sciences. Restricted to students who do not have credit for an upper-level statistics course.

Note: This course does not fulfill the Core Curriculum requirement for mathematics

Credit: 3 hours

Mathematics 112. College Algebra

Algebraic operations as applied to polynomials, linear functions, quadratic functions exponential functions, equations, inequalities, and systems of equations. Selected topics in analytic geometry are included where possible. This course requires the minimum of a TI-83 calculator. Restricted to students who do not have credit for Math 115, 117, or Math 120.

Note: This course does not fulfill the Core Curriculum requirement for mathematics

Prerequisite: Two years of algebra and one year of geometry

Credit: 3 hours

Mathematics 115. Precalculus

Linear and quadratic functions, polynomial and rational functions, exponential and logarithmic functions, trigonometric identities. This course requires the minimum of a TI-83 calculator. Restricted to students who do not have at least a C in Math 120.

Note: This course does not fulfill the Core Curriculum requirement for mathematics

Prerequisite: Algebra I, Algebra II, and one year of geometry

Credit: 4 hours (Fall)

Mathematics 116. Quantitative Reasoning

Quantitative literacy and the development of problem solving skills are encouraged through an introduction to statistics, logic, and personal finance. The problems investigated will be context driven. An outline of topics to be covered include, but are not limited to, critical thinking strategies through the study of statements and arguments, financial fundamentals including loans, credit cards and mortgages, and a survey of statistical studies and the development of criteria necessary to establish causality and correlation.

Credit: 3 hours

Mathematics 117. Calculus for Business Majors

Intended for students preparing for a career in business. The topics include derivatives of algebraic and exponential functions, an introduction to integration, functions of more than one variable, partial derivatives, and applications to fields of business and economics. Restricted to students who do not have credit for Math 120.

Credit: 3 hours

Mathematics 118. Mathematics for Elementary Education I

An in-depth study of the real number system, with an emphasis on problem solving. Topics include an introduction to ancient enumeration systems, bases, modular arithmetic, statistics, and algebra. Restricted to majors in elementary and middle-grades education.

Credit: 3 hours (Fall)

Mathematics 119. Mathematics for Elementary Education II

An introduction to geometry and mathematical reasoning, with computer applications. Activities include conjecturing, inventing, and problem solving. These activities are reinforced by using technology. A major objective is an understanding of how mathematics is connected to other fields of study. Restricted to majors in elementary education and middle-grades education.

Credit: 3 hours (Spring)

Mathematics 120. Calculus and Analytic Geometry I

Rectangular coordinates in the plane, functions, limits, continuity, differentiation of algebraic and trigonometric functions, the application of derivatives and the differential, integration and the application of the definite and indefinite integral. The first of three semesters of a united course in analytic geometry and calculus. For engineers, mathematics majors, and science majors.

Credit: 4 hours

Mathematics 209. Inferential Statistics

Introduction to methods of inferential statistics, stressing applications. Topics include introduction to probability, special distributions, confidence intervals, hypothesis testing, and linear regression.

Credit: 3 hours

Mathematics 220. Calculus and Analytic Geometry II

The second of three semesters of a unified course in analytic geometry and calculus. Transcendental functions, hyperbolic functions, methods of integration, polar coordinates, parametric equations, and series.

Prerequisite: Math 120

Credit: 4 hours (Spring)

Mathematics 242. Discrete Mathematics

Introduction to combinatorial analysis and graph theory. Topics include combinations, permutations and other counting methods, binomial and multinomial theorems, equivalence relations, graph theory, generating functions, and difference equations.

Prerequisite: Math 120

Credit: 3 hours (Fall)

Mathematics 300. College Geometry

Selected topics from Euclidean, noneuclidean and solid geometry. Ideas and methods of geometry.

Prerequisite: Math 242

Credit: 3 hours (Spring, even years)

Mathematics 301. Technology in the Mathematics Classroom

This course will introduce the student to many of the capabilities of the graphing calculator and Geometers Sketchpad. The emphasis will be on techniques that the middle grades and secondary mathematics pre-service teachers will need to know and teach to their students upon completion of their degree.

Prerequisite: Junior/Senior standing; Middle/Secondary Mathematics major

Credit: 1 hour (Spring, even years)

Mathematics 305. Calculus and Analytic Geometry III

The third of three semesters of a unified course in analytic geometry and calculus. Vector functions and their derivatives, partial differentiation, multiple integration, and vector analysis.

Prerequisite: Math 220

Credit: 4 hours (Fall)

Mathematics 308. Linear Algebra

Systems of equations, matrices, determinants, linear transformations, vector spaces and eigenvectors.

Prerequisite: Math 242

Credit: 3 hours (Spring)

Mathematics 310. Differential Equations

First order equations with variables separable; Euler's method of approximate solutions; physical and geometric applications. Linear equations of the first order; applications. Solutions of linear equations with constant coefficients; methods of undetermined coefficients; operators. Application to network and dynamic systems. Introduction to series-solutions.

Prerequisite: Math 305

Credit: 3 hours (Spring, odd years)

Mathematics 330. Statistics I

Continuous and discrete probability distributions, random variables, limit theorems, stochastic processes, sampling, estimation and hypothesis testing.

Prerequisite: Math 242

Credit: 3 hours (Fall, odd years)

Mathematics 331. Statistics II

Continuation of Math 330.

Prerequisite: Math 330

Credit: 3 hours (Spring, even years)

Mathematics 400. Abstract Algebra I

Abstract algebra including rings, integral domains and fields.

Prerequisite: Math 308

Credit: 3 hours (Fall, even years)

Mathematics 401. Abstract Algebra II

Groups, polynomial rings, ideals, quotient rings, Boolean algebras, and lattices.

Prerequisite: Math 400

Credit: 3 hours (Spring, odd years)

Mathematics 405. History of Mathematics

Study of early numeral systems, Egyptian and Babylonian Mathematics, Greek Mathematics, Chinese and Hindu Mathematics, Arabian Mathematics, Descartes, Pascal, Fermat, the development of Calculus, and an overview of mathematics since 1700 including abstract algebra and non-Euclidean geometry.

Prerequisite: Math 242

Credit: 3 hours (Fall, even years)

Mathematics 410. Introduction to Analysis

An introduction to single-variable real analysis, the course covers sequences and series, the topology of the real line, limits, continuity, differentiation, and the Riemann integral. Emphasis on proof writing.

Prerequisite: Math 305, 308

Credit: 3 hours (Fall, odd years)

Mathematics 450. Special Topics

Topics selected from advanced calculus, topology, advanced modern algebra, combinatorics, number theory, or foundations. May be taken up to three times. Taught on demand.

Prerequisite: Consent of professor.

Credit: 3 hours

Mathematics 451. Mathematics Research Project

The course will require completion of the student's research paper and the student will make an oral presentation.

Prerequisite: Junior/Senior standing; Middle/Secondary Mathematics major

Credit: 3 hours

Mathematics 460. Independent Study

Study of student-selected topic under faculty supervision. Taught on demand.

Credit: 3 hours

Mathematics 497. Exit Examination

Required of majors in the last semester before graduation. Graded on P/F basis.

Credit: 0 hours

MODERN LANGUAGES (MLAN)

Modern Languages 410. Romance Languages Linguistics

This course explores the development of the Romance Languages from their Latin roots.

Pre-requisites: 6 credits of French / Spanish 300 level or above, consent of professor and department.

Credit: 3 hours

Modern Languages 495. Independent Study

Individual work in a selected area of study. Students must write a proposal to be approved by a professor in the semester preceding the coursework. May be repeated for up to a total of six hours credit. By permission only.

Prerequisite: Consent of professor and department.

Credit: 1-3 hours

Modern Languages 496. Internship

An internship is designed to connect coursework with a supervised experience that is complementary to a student's study of one or more of the modern languages. Students must write a proposal to be approved by a professor and the Wingate Internship Supervisor the preceding semester.

Prerequisite: 2.00 cumulative GPA. Students must obtain a Wingate Internship Supervisor to supervise internship, must submit a Learning Contract, and must secure all signatures prior to registering.

Credit: 1-3 hours. May be repeated for credit up to six hours.

MUSIC (MUS)

Music 103, 303. University Singers

Open to all students by audition. Sacred and secular music from the Renaissance to the present. This organization represents the University on and off campus. Five hours of rehearsal per week. May be repeated for credit..

Credit: 1 hour

Music 107, 307. University Wind Ensemble

Open to all students by audition. Study and performance of a variety of wind and percussion literature. Performs regularly during the academic year. Formal attire is the responsibility of the student. Three rehearsal hours per week. May be repeated for credit.

Credit: 1 hour

Music 108, 308. University Pep Band

Open to all students. Performance of popular music styles for football games. Performance attire is the responsibility of the student. Two rehearsal hours per week. May be repeated for credit.

Credit: 1 hour (Fall)

Music 109, 309. Chamber Choir

Select ensemble auditioned from the members of University Singers. Sacred and secular music from the Renaissance to the present. This organization represents the University on and off campus. Four hours of rehearsal per week. May be repeated for credit..

Credit: 1 hour

Music 112, 312. University Jazz Ensemble

Open to all students by audition. Study and performance of literature from all genres of Jazz. Two rehearsal hours per week. May be repeated for credit.

Credit: 1 hour

Music 113, 313. Chamber Ensemble

Rehearsal and performance of selected chamber works. For elective credit only. By audition. Two hours per week.

Credit: 1 hour

Music 114, 314. Guitar Ensemble

Rehearsal and performance of guitar ensemble literature. Two class hours per week.

Prerequisite: Music 139 or consent of professor.

Credit: 1 hour

Music 119, 319. Men's Choir

Open to all male students by placement hearing. This ensemble studies and performs a wide range of male voiced repertoire representing musical styles of both the Western and non-Western musical traditions. May be repeated for credit.

Credit: 1 hour

Music 125, 126; 225, 226; 325, 326; 425, 426. Recital and Concert Lab

To acquaint the student with composers and performance practices through recitals and concerts. Attendance is required at 90% of all recitals and concerts as posted by the music faculty. Exceptions are at the discretion of the professor. Eight semesters, BA; seven semesters, BME.

Credit: 0 hours

Music 130. Class Voice I

Position and poise of the body, strengthening exercises for the development of vocal freedom. Simple songs. Open to secondary voice students and all students who wish to learn basic vocal techniques. Two class hours per week.

Credit: 1 hour

Music 131. Class Voice II

Expansion of Music 130 with emphasis on basic techniques and simple solo literature. Two class hours per week.

Prerequisite: Music 130

Credit: 1 hour

Music 136. Class Piano I

Basic music terminology, concepts, and keyboard skills. Two class hours per week.

Credit: 1 hour

Music 137. Class Piano II

An extension of Music 136 with more emphasis on improvisation, harmonization, and transposition. Two class hours per week.

Prerequisite: Music 136

Credit: 1 hour

Music 138. Class Guitar I

Group instruction in beginning guitar. Basic chords and music reading. Students must furnish guitar. Two class hours per week.

Credit: 1 hour

Music 139. Class Guitar II

An extension of Class Guitar I with more emphasis on fingerboard harmony, music reading, and right hand technique. Two class hours per week.

Prerequisite: Music 138/consent of professor.

Credit: 1 hour

Music 140, 340. Women's Choir

Open to all female students by placement hearing. This ensemble studies and performs treble voiced repertoire representing musical styles of both the Western and non-Western musical traditions. May be repeated for credit.

Credit: 1 hour

Music 156. Global Influences on Music in the U.S.A.

Introduces students to the musical influences of countries and cultures from around the world on music created in the United States by American composers. Focus will be placed on classical music, jazz, music for cinema, music for theatre, and popular music.

Credit: 2 hours

Music 182, 282, 382, 482. Opera Workshop

Opera Workshop is an interactive course designed to introduce and develop the skills that are necessary to be a viable performer in today's operatic world. Areas of concentration will include: stage movement, general stage vocabulary, the audition process, role preparation and coaching, and operatic literature. These techniques will be addressed and studied through the context of preparing and performing staged scenes to be selected from operas, operettas, and musicals. The semester will culminate in a public presentation of these Opera Scenes and or a full production. This presentation will involve all members of the class. *The course will be for elective credit only.*

Credit: 0-1 hour

Music 205. Diction for Singers I

International Phonetic Alphabet; application to pronunciation of Latin, Italian, and English. Techniques in singing these languages. Two class hours per week.

Credit: 1 hour (Fall)

Music 206. Diction for Singers II

International Phonetic Alphabet; its application to pronunciation of French and German. Techniques in singing these languages. Two class hours per week.

Prerequisite: Music 205

Credit: 1 hour (Spring)

Music 215. Accompanying I

Study and practice of accompanying techniques in performance. Two class hours per week.

Credit: 1 hour (Fall)

Music 216. Accompanying II

Expansion of Music 215 with emphasis on collaborative performances. Two class hours per week.

Credit: 1 hour (Spring)

Music 217. Theory I

Entry level course for music majors. Study of scales, intervals, triads and their inversions, basic part-writing principles.

Credit: 3 hours (Fall)

Music 218. Theory II

Included in this course is an introduction to equipment selection and fit and a primer on roadside repairs that covers basic maintenance repair procedures. Taught at the campus lake.

Credit: 1 hour

Physical Education 126. Yoga

This class will explore the various techniques utilized in yoga. Students will learn basic poses and practices so they might use this activity for lifetime fitness.

Credit: 1 hour

Physical Education 131. PE Skills Special Topics

Special topics in Physical Education skills. Can be repeated for up to six hours as topics vary.

Credit: 1-3 hours

Physical Education 145. Sport Safety Training

This course will provide Red Cross certification in basic first aid and CPR.

Credit: 1 hour

Physical Education 350. Foundations of Coaching (*Community and Commercial Recreation 350*)

This course will develop an understanding of fundamental coaching skills/issues, including: coaching philosophies, coaching styles, character development, diverse athletes, communication, motivation, discipline, skill and strategy instruction, training, and management.

Prerequisite: Junior Classification

Credit: 3 hours

Physical Education 403. Research Methods in Sport Sciences

This course is designed to provide current and/or future health professionals and physical education teachers with basic theoretical and practical knowledge of research techniques and scientific writing, with focus on systematic inquiry, the Scientific Method, hypothesis building, reviewing literature, and designing procedures. The final product of the course will be a complete introduction, review of literature and methods for an empirical research study. We will employ a philosophy of "learning by doing" throughout the course, designed to allow each student to practice the research process.

Prerequisite: Junior standing

Credit: 3 hours

Physical Education 420. Coaching Internship

Internship in an area school for a minimum of ten weeks under supervision of a professor.

Credit: 3 hours

Physical Education 490. Special Topics (*Community and Commercial Recreation 490, Sport Management 490*)

This course will examine current topics of interest in the field of Sport Sciences, and students will be expected to conduct a scholarly research project on the subject. The course will serve as an advanced elective for student majors in the School of Sport Sciences.

Credit: 3 hours

Physical Education 497. Exit Examination

Required for graduation. To be taken the semester of graduation. Graded Pass/Fail.

Credit: 0 hours

PHYSICS (PHYS)

Physics 101. General Physics I

The first semester of a two-semester introductory course in college physics. The topics in this algebra-based course include linear motion, forces, energy, angular motion, mechanical properties, and sound. Three hours lecture, three hours of laboratory and problem drill.

Prerequisite: Math 112, 113 or equivalent

Credit: 4 hours (offered as needed)

Physics 102. General Physics II

The second semester of a two-semester introductory course in college physics. The topics in this algebra-based course include thermodynamics, electricity, magnetism, optics, atomic physics, and nuclear physics. Three hours lecture, three hours of laboratory and problem drill.

Prerequisite: Physics 101

Credit: 4 hours (offered as needed)

Physics 201. Principles of Physics I

The first semester of a two-semester course in the fundamentals of physics. The topics in this calculus-based course include linear motion, forces, energy, angular motion, and mechanical properties. Three hours lecture, three hours of laboratory and problem drill.

Co-requisite: Math 120

Credit: 4 hours (Fall)

Physics 202. Principles of Physics II

The second semester of a two-semester course in the fundamentals of physics. The topics in this calculus-based course include sound, thermodynamics, electricity, magnetism, and optics. Three hours lecture and three hours of laboratory and problem drill.

Prerequisite: Physics 201

Credit: 4 hours (Spring)

POLITICAL SCIENCE (PSCI)

Political Science 201. American Government

Essentials of American government, with attention to nature and origin of national government.

Credit: 3 hours

Political Science 210. Political Ideologies

This course will introduce students to the varied ways individuals and groups “think” about politics. An ideology – briefly put – is a belief that shapes our worldview about such things as politics, economics and culture. Some ideologies are broad and have many differing schools of thought under their umbrella, such as liberalism and Marxism. Others, like environmentalism or feminism, are more narrowly constructed. This class is introduced as a sophomore level class, because it introduces students to many of the “big debates” that shape our world. It will be crucial to have this knowledge before proceeding on further into the political science curriculum.

Credit: 3 hours

Political Science 308. International Relations (History 308)

Readings, lectures, and discussions of international issues; East-West tensions, China after normalization, the post-colonial world and North-South dialogues, and Europe in a non-European world. Seminar approach.

Credit: 3 hours (Spring)

Political Science 310. Public Policy

Public policy is the “public” development of policy and law. “Public” means specifically government or elected actors, but could include layman or expert deliberation on policy. Issues such as taxation, health care, retirement, labor, the environment, etc. are subject to debate by many people. How we make laws and policies to govern those entities is an important discussion. For example, what were the elements at play in the recent healthcare reform bill? Who supported this bill? Who was against? Who crafted the legislation? Who edited? These are pertinent questions for academics, but also important for students of politics who want to know the processes

behind which politics happen. Moreover, this course deals with “practical” political issues that will be perfect for any student seeking a career in the public sector, or one who works closely with government agencies.

Credit: 3 hours

Political Science 320. Campaigns and Elections

Elections are at the center of democracy. Obviously, elections are not the only component that makes “democracy work” but they certainly gather the most attention, as election cycles seemingly begin right after a previous one ends. Campaigns are central to the modern political landscape and the role played by citizen participation, the media and social networks in these campaigns are crucial in understanding democracy. Students will learn in this course the basic features of campaigning, districting, and electioneering, as well as broader topics concerning democratization and democratic theory.

Credit: 3 hours

Political Science 390. Special Topics

This course offers political science perspectives on subjects or issues beyond the scope of the current curriculum. Since content varies, the course may be taken for credit up to three times. It may be taken by juniors, seniors or other students who have obtained the consent of the professor.

Credit: 3 hours

PSYCHOLOGY (PSYC)

Psychology 101. General Psychology

Psychology is defined as the science of behavior and mental processes. This course is designed to introduce students to the types of behavior and mental processes that psychologists deal with. Students will be introduced to both clinical and nonclinical topics.

Investigation of the psychological theory and research used to understand and predict behavior of task-oriented groups and individuals in organized settings such as the workplace. Emphasis on critical thinking, reading original journal articles, and understanding the scientific research in the context of application to relevant settings.

Prerequisite: Psychology 101

Credit: 3 hours (Spring, even years in rotation with Health Psychology)

Psychology 425. Gender Identity Development

This course explores psychological research and theory related to gender identity development, with particular focus on the ways in which gender impacts men's and women's daily lives. Attention is given to the biological, environmental, cognitive, and psychosocial changes in sex and gender across the life-span. Topics include the effects of parents, peers, school, work, and the media as they shape gender identity. Throughout the course, we will examine how gender can be studied using empirical research methods and emphasize the importance of race, culture, and social class in understanding gender.

Prerequisite: Psychology 101

Credits: 3 hours (Fall semester of even years)

Psychology 435. Cognitive Psychology

The psychology of thinking. Emphasis on scientific theory and research regarding mental processes including memory, language, problem-solving, creativity, and Artificial Intelligence. Cognitive psychology is part of a broader, interdisciplinary field of cognitive science and this interdisciplinary theme runs throughout the course. Students will gain an understanding of how cognitive psychologists attempt to understand and predict human thought and its consequences. Emphasis on critical thinking, reading original journal articles, and understanding the scientific research in the context of ones own, personal cognitions.

Prerequisite: Psychology 101/Junior standing

Credit: 3 hours (Spring, even years)

Psychology 475. Selected Topics in Psychology

Explores topics in psychology that are not covered in the psychology core. Courses are offered whenever sufficient numbers of students request study in a particular content area, or about a subject "in the news." May be taken more than once as content varies.

Prerequisite: Psychology 101,206/permission of the professor; junior class standing

Credit: 3 hours

Psychology 490. Research Experience

Completion of an empirical research study under faculty supervision. May be repeated for a total of three credit hours.

Prerequisite: Psychology 206

Credit: 1 hour

Psychology 497. Exit Examination

Required of majors in the last semester before graduation. Graded on P/F basis.

PROFESSIONAL AND GRADUATE STUDIES

BUSINESS

Please contact the Porter B. Byrum School of Business on the Wingate campus or the Matthews Campus office for a Graduate Catalog.

Dean, Porter B. Byrum School of Business: Joseph M. Graham
Director, Graduate Business Programs: Mark G. Bryant

Master of Accounting

The Master of Accounting (MAC) program is designed as a fifth year master's degree which will prepare students for the Certified Public Accountant exam and fulfill the accounting profession's 150 hour requirement to be licensed as a CPA. Qualified Wingate students can enter the program immediately upon completion of their undergraduate degree studies. The program is designed so that students who have an undergraduate degree in a field other than accounting can enter the program upon completion of certain prerequisite courses.

The program consists of 30 credit hours (10 courses) of graduate work, and can be completed in as little as one year, depending upon the amount of prerequisite work necessary. The program is delivered primarily on Wingate's main campus, although two courses can be taken at the University's Matthews campus.

Master of Business Administration

The Master of Business Administration (MBA) program is designed to meet the needs of business professionals in the dynamic Charlotte area and Southern Piedmont region. The program is structured to blend with professional work experience to help committed professionals achieve their best.

The MBA program is tailored for working professionals preferably with a minimum of two years professional work experience. Since all students in the program have had professional experience, the program is able to accentuate business theory and skills with a practical application emphasis.

The program offers a carefully chosen group of courses to give students a wide exposure to the key areas of business administration. Students may choose from the following five areas of concentration: finance, marketing, corporate innovation, healthcare management, and general management. While the curriculum maintains rigorous academic standards, the teaching and learning occur in an environment of support for professionals who are seeking assistance for problems they face in the everyday work setting.

The Wingate University Graduate Program in Elementary Education (MAEd) was established in June 1985. In 1996, the Graduate Program in Education was extended to include a Master of Arts in Teaching Degree (MAT). In 2006, Wingate added an MAEd in Educational Leadership (K-12), an MAEd in Physical Education (K-12), and an MAEd in Sports Administration, all of which have been approved by SACS and the North Carolina Department of Public Instruction. Add-on Licensure programs in School Administration (K-12) and Academically and Intellectually Gifted (K-12) were also added in 2006. Beginning in fall 2008, Wingate University began offering a Doctorate in Education (EdD).

The graduate education programs at Wingate University are guided by the conceptual framework of **The Effective Facilitator of Learning**. This conceptual framework is consistent with the mission of Wingate University and with the motto of "Faith, Knowledge, Service." Teacher Education Programs are conceived in the context of a well-rounded liberal arts education and integrated with the principles of a Christian institution.

An Effective Facilitator of Learning is one who applies these components to design curriculum and create an effective learning environment guided by research and reflection. The goals of the conceptual framework are to develop:

- a broad knowledge and understanding of the liberal arts, including language, literature, religion, fine arts, history and the social/behavioral sciences, world awareness, mathematics and the natural sciences, and physical fitness
- moral, spiritual and ethical concerns of life and culture in America and internationally and demonstrate the abilities to practice these values and ethics through thoughtful decision-making
- a broad and in-depth knowledge and understanding of the subject area(s) to be taught
- a knowledge and understanding of the historical and philosophical foundations of education, curriculum and instruction, theories of learning and child/adolescent growth and development, characteristics and needs of the special child, effective teacher behaviors, and methods and techniques for instruction and evaluation to address the diverse needs of all children
- and enhance abilities and competencies in effective teaching behaviors and adaptive planning, instruction, and evaluation through supervised field experiences appropriate to subject and level of licensure
- and demonstrate and refine effective teaching behaviors and adaptive planning, instruction, and evaluation through a supervised fifteen-week student teaching experience appropriate to the level of licensure

The Wingate University School of Pharmacy opened its doors to applicants in 2002, with the charter class beginning its program of study in August 2003. The charter class graduated from Wingate University in May 2007 with a Doctor of Pharmacy (PharmD) degree. The class size has been capped at 72 to assure special attention to every student. All Wingate University pharmacy faculty have made a commitment to excellence in the classroom. No courses, discussions, case studies, or laboratories are taught by teaching assistants or graduate students. All full-time faculty possess terminal, doctoral degrees.

The accrediting agency for schools of pharmacy is the Accreditation Council for Pharmacy Education (ACPE). The accreditation process for the School of Pharmacy was initiated in 2002; precandidate status was awarded in 2003, and candidate status was awarded in 2004 and reaffirmed in 2005 and again in 2006. Full accreditation was awarded in June 2007. This sequence is the normal accreditation process and timeline for all schools of pharmacy.

The Wingate University School of Pharmacy is in strict compliance with the accreditation guidelines of the Accreditation Council for Pharmacy Education. Wingate University School of Pharmacy intends to be nationally recognized as a leader in the education of pharmacists. It seeks to reach this goal by providing a state-of-the-art, high-tech learning environment that will facilitate critical thinking and problem-solving skills, scholarly inquiry and service to the institution, the profession and the community.

The five salient qualities and expectations of the Wingate University School of Pharmacy graduate are:

- i) outstanding moral character
- ii) excellence in interpersonal communication skills
- iii) complete competence in pharmaceutical care
- iv) strong abilities in problem solving, and
- v) the highest professional commitment to the patient, the community, and the employer.

Mission and Goals:

The Wingate University School of Pharmacy intends to be a nationally recognized leader in the education of students and pharmacists for the practice of pharmacy in all patient care settings for all patients.

Wingate seeks to pursue its mission by providing an individualized, state-of-the-art learning environment that will facilitate the development of its students' critical thinking and problem-solving skills for the pursuit of pharmaceutical care. Subordinate to the primacy of Wingate's teaching mission are scholarly and service pursuits. Wingate will stimulate scholarly inquiry and will facilitate service to patients, to the community, to the health care professions, and to the institution. Consistent with the student-centered focus of the University, limited enrollment will allow for practice experiences during each year of the curriculum and the low student-to-faculty ratio necessary for the fulfillment of the School's stated mission.

The goals of the Wingate University School of Pharmacy are:

(Teaching)

- to provide students with the knowledge, skills, abilities, attitudes, and values necessary to practice pharmaceutical care
- to develop an understanding of and approach to critical inquiry
- to facilitate the transformation of students from dependent to independent learners
- to foster a desire and need for life-long learning
- to provide a model of care that improves health outcomes for patients
- to provide an environment anchored in case analysis
- to provide an environment of progressively more sophisticated practice learning opportunities

(Scholarship)

- to engage in scholarship with a focus on the scholarship of teaching
- to engage in the scholarship of learning documentation and analysis
- to encourage scholarly inquiry into the continuous analysis of pharmaceutical care in improving patient outcomes

(Professional Service and Practice)

- to develop an understanding of the value of pharmaceutical care
- to develop an appreciation of the value of interdisciplinary care
- to involve students in the profession of pharmacy

(Community Service)

- to develop an understanding of the importance and value of volunteerism
- to develop an understanding of health care activism
- to integrate the School into the daily life of the community

The Physician Assistant Program at Wingate University received continuing accreditation through the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) in September 2010. The approximate date for the next full review of the program by the ARC-PA will be September 2014. SACS (Southern Association of Colleges and Schools) granted approval on January 10, 2008, for Wingate University to offer the Master of Physician Assistant Studies degree.

The mission of the Wingate University Department of Physician Assistant Studies is to educate physician assistant students to become competent, compassionate and comprehensive health care providers.

Graduates will become integral partners and role models in the health care community, continuously striving for excellence in their professional endeavors while compassionately providing for the health care needs of those they serve.

The goals of the Department of Physician Assistant Studies are to

- Recruit and identify for admission individuals with the academic, clinical and interpersonal skills compatible with the Wingate University PA Program.
- Provide a coordinated, comprehensive didactic and clinical curriculum that will allow graduates to become nationally certified to deliver the highest quality of health care services.
- Promote an atmosphere of “learner-centered” education that empowers students to become self-directed life-long learners.
- Instill in students the core values of Wingate University: Faith – Knowledge – Service.
- Provide students with the medical knowledge and clinical skills that will enable them to develop a relationship-centered approach necessary to practice as a physician assistant.
- Develop in students an appreciation of individual dignity and quality of life.
- Encourage graduates to strive for excellence in clinical practice while employing professional ethics as a member of the health care team focused on service to others.

Physician assistants provide such services as:

- Taking medical histories and performing physical examinations
- Diagnosing and treating common illnesses
- Ordering and interpreting laboratory and special tests
- Assisting in the operating room
- Performing minor surgery and special procedures
- Counseling patients in the treatment of disease and health maintenance

2012 ADMISSION REQUIREMENTS

In order to be eligible for admission consideration to the Wingate University Physician Assistant Program for the class beginning August 2012, applicants must:

- 1) Hold United States citizenship or Permanent Resident status
- 2) Earn a bachelor degree in the United States from a four-year regionally accredited college or university before June 10, 2012. Any admission with applicant's bachelor degree in process will be considered "pending" until the bachelor degree is completed and awarded.
- 3) Complete and submit an online application through CASPA (Centralized Application Service for Physician Assistants) between April 15, 2011, and January 15, 2012. <https://portal.caspaonline.org>
- 4) Complete the following prerequisites in the United States at a regionally-accredited college or university before January 15, 2012:
 - Human Anatomy and Physiology with Labs (8 semester hours) (completed in 2007 or later)
 - Organic Chemistry with Lab (4 semester hours) (no time limit)
 - Microbiology with Lab (4 semester hours) (completed in 2007 or later)
 - Biochemistry (3 semester hours) (completed in 2007 or later)
 - Genetics (3 semester hours) (completed in 2007 or later)

The cumulative GPA on the above courses must be a minimum of

3.2. Please note the following:

Only human anatomy and physiology courses will satisfy the prerequisite.

Courses combining general/organic/biochemistry or organic/biochemistry will not be accepted as satisfying any of the prerequisites.

- Medical Terminology (completed in 2007 or later)
 - Statistics (3 semester hours) (completed in 2007 or later)
 - General Psychology (3 semester hours credit – AP will be accepted) (no time limit)
- 5) Complete the Graduate Review Examination (GRE) and submit the scores either through CASPA or directly to Wingate University by January 15, 2012.
 - 6) A health care provider (MD, DO, PA or NP) must provide one of the letters of recommendation by January 15, 2012.
 - 7) Complete a minimum of 500 hours of direct patient contact by January 15, 2012.
 - 8) Please note that "shadowing" is not considered direct patient contact.
 - 9) Possess certain abilities and skills necessary to complete the education and training associated with physician assistant education and clinical practice. The Technical Standards reflect five categories representing minimum competence levels: observation, communication, critical reasoning (intellectual), motor and sensory, and behavioral/social. The complete Technical Standards document can be viewed on the PA program's website www.pa.wingate.edu

A photograph of a campus scene. In the foreground, there are concrete steps leading up to a grassy area. In the middle ground, there are several trees with autumn-colored foliage (orange and yellow) and a large brick building. The background shows a clear sky.
